Reciting America Christopher Douglas, 2001 He explores how these novels and other texts confront national discourse and strive though with inconclusive results to open America up to new subject positions by offering alternatives to the dominant ideology. Douglas finds contemporary intellectual and political life against the backdrop of a mythology enshrined in proclamations pledges and public documents to be impoverished by the pervasive use of clichés which he identifies as figures of speech that stimulate emotion or action while shortcircuiting reflection. In its extreme clichéd form the American Dream consists of nothing more than advertising slogans and popular culture images yet these pronouncements retain a powerful hold on the will and imagination of U.S. citizens.

China Men Maxine Hong Kingston, 2011-01-26 The author chronicles the lives of three generations of Chinese men in America woven from memory myth and fact. Here's a storyteller's tale of what they endured in a strange new land.

On the Legacy of Maxine Hong Kingston Sāmi Ludwig, Nicoleta Alexoae-Zagni, 2014 This book is a collection of recent scholarship on Maxine Hong Kingston gathered on the occasion of the very first conference ever devoted exclusively to Kingston and to celebrate her opera omnia. Featuring the work of researchers from four continents the book represents the cosmopolitan reception of the most important Asian American author. In addition to many new angles on her two canonical postmodern autobiographies *The Woman Warrior* and *China Men* this collection also tackles Kingston's less frequently discussed writings and her most recent publications. Parallel readings and comparisons further test her legacy in the sense of her enduring influence on younger Asian American writers. Though it is a conference book this peer reviewed volume includes additional articles by selected scholars. It also contains original presentations by Maxine and her husband Earl L. Kingston.
