Mexico in the Age of Proposals, 1821-1853 William M. Fowler, 1998-11-19 This book is a study of the political development of the many factions that surfaced in Mexico from the achievement of independence in 1821 to General Antonio Lopez de Santa Anna's last government in 1853 55 Paying particular attention to the writings of the main thinkers of the period and the ways in which they inspired or were betrayed by their respective factions this volume concentrates on the evolution of the different factions traditionalists moderates radicals and santanistas who sustained their beliefs at one point or another It follows a chronological approach and puts significant emphasis to the way the hopes of the 1820s degenerated into the despair of the 1840s and how these in turn affected the evolution of the different factions political proposals Political proposals and ideologies were important in independent Mexico it was an age of proposals Various constitutional projects were proposed discussed attempted or dismissed This study offers a comprehensive analysis of how the generalized liberal principles of early republican Mexico became fractured into numerous conflicting political proposals and movements In response to the ever changing political landscape of the new nation the emergent Mexican political class was prevented from achieving the ever elusive constitutional order unity progress and stability all dreamed of experiencing when General Agustin de Iturbide

marched into Mexico City on September 27 1821 Appendices with a glossary chronologies and description of major personalities are included *Traveling from New Spain to Mexico* Magali M. Carrera, 2011-06-03 How colonial mapping traditions were combined with practices of nineteenth century visual culture in the first maps of independent Mexico particularly in those created by the respected cartographer Antonio Garc a Cubas **State and Society in Spanish America During the Age of Revolution** Victor Uribe Uran, 2001-02 State and Society in Spanish America during the Age of Revolution calls into question the orthodox split of Latin American history into colonial and modern arguing that this split obscures significant economic social and even political continuities from 1780 to 1850 In addition the book argues that the colonial modern division makes it difficult to appraise historical changes in a comprehensive way The book covers an unconventional period 1750 to 1850 and looks at the continuities over this longer more comprehensive timespan The essays discuss late colonial and postcolonial developments in gender racial class and cultural relations across Latin America and in specific regions including Mexico Colombia Argentina and Chile By bridging these two eras and looking at the Age of Democratic Revolution as a whole the book allows readers to see the coming of Latin America s struggle for independence from Spain and Portugal and the changes after independence Written by established Latin American scholars as well as up and coming historians these essays are published in this volume for the first time This book is ideal for courses on Latin American history including colonial history national history and the Age of Revolution **City of Suspects** Pablo Piccato, 2001-09-26 An analysis of the complex moral interpretations crime was given by Mexico s urban poor and of the evolving institutional responses to crime and punishment in modern Mexico **Containing the Poor** Silvia Marina Arrom, 2000 A social history of poverty in Mexico City based on a study of a poorhouse designed to incarcerate and train deserving beggars to be productive and responsible citizens *Women of the Mexican Countryside, 1850-1990* Heather Fowler-Salamini, Mary Kay Vaughan, 1994-09 It highlights their vigorous responses to the violence of revolution their increased mobility and their interaction with state reforms in the period from 1910 to 1940 The final essays focus on changing gender relations in the countryside under the impact of rapid urbanization and industrialization since 1940 Isidro Fabela , 2000 **National Popular Politics in Early Independent Mexico, 1820-1847** Torcuato S. deconstructing a coherent conquest narrative that continues to resonate in our present age **BOOK JACKET** **Modernizing Madness** Stephanie Sharon Ballenger, 2009 **The Colonial Spanish-American City** Jay Kinsbruner, 2005-05 The colonial Spanish American city like its counterpart across the Atlantic was an outgrowth of commercial enterprise A center of entrepreneurial activity and wealth it drew people seeking a better life with more educational occupational commercial bureaucratic and marital possibilities than were available in the rural regions of the Spanish colonies Indeed the Spanish American city represented hope and opportunity although not for everyone In this authoritative work Jay Kinsbruner draws on many sources to offer the first history and interpretation in English of the colonial Spanish American city After an overview of pre Columbian cities he devotes chapters to many important aspects of the colonial city including its governance and administrative structure physical form economy and social and family life Kinsbruner s overarching thesis is that the Spanish American city evolved as a circumstance of trans Atlantic capitalism Underpinning this thesis is his view that there were no plebeians in the colonial city He calls for a class interpretation with an emphasis on the lower middle class His study also explores the active roles of women many of them heads of households in the colonial Spanish American city **So Far from Allah, So Close to Mexico** Theresa Alfaro-Velcamp, 2007-07 Middle Eastern immigration to Mexico is one of the intriguing untold stories in the history of both regions In *So Far from Allah So Close to Mexico* Theresa Alfaro Velcamp presents the fascinating findings of her extensive fieldwork in Mexico as well as in Lebanon and Syria which included comprehensive data collection from more than 8 000 original immigration cards as well as studies of decades of legal publications and the collection of historiographies from descendants of Middle Eastern immigrants living in Mexico today Adding an important chapter to studies of the Arab diaspora Alfaro Velcamp s study shows that political instability in both Mexico and the Middle East kept many from fulfilling their dreams of returning to their countries of origin after realizing wealth in Mexico in a few cases drawing on an imagined Phoenician past to create a class of economically powerful Lebanese Mexicans She also explores the repercussions of xenophobia in Mexico the effect of religious differences and the impact of key events such as the Mexican Revolution Challenging the post revolutionary definitions of mexicanidad and exposing new aspects of the often contradictory attitudes of Mexicans toward foreigners *So Far from Allah So Close to Mexico* should spark timely dialogues regarding race and ethnicity and the essence of Mexican citizenship **The Oxford Encyclopedia of Women in World History** Bonnie G. Smith, 2008-01-23 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found

and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike *The Many Shades of the White City* Sarah Clarke Chambers,1992
