essays in the context of Thoreau s other major works both chronologically and intellectually Rossi also shows how these
writings relate to Thoreau s life and career as both writer and naturalist his readings of Ralph Waldo Emerson and Charles
Darwin his failed bid for commercial acceptance of his work and his pivotal encounter with the utter wildness of the Maine
woods In the essays themselves readers will see how Thoreau melded conventions of natural history writing with elements of
two popular literary forms travel writing and landscape writing to explore concerns ranging from America s westward
