The Failures of Ethics John K. Roth, 2015-07-30 Defined by deliberation about the difference between right and wrong encouragement not to be indifferent toward that difference resistance against what is wrong and action in support of what is right ethics is civilization's keystone The Failures of Ethics concentrates on the multiple shortfalls and shortcomings of thought decision and action that tempt and incite us human beings to inflict incalculable harm Absent the overriding of moral sensibilities if not the collapse or collaboration of ethical traditions the Holocaust genocide and other mass atrocities could not have happened Although these catastrophes do not pronounce the death of ethics they show that ethics is vulnerable subject to misuse and perversion and that no simple reaffirmation of ethics as if nothing disastrous had happened will do Moral and religious authority has been fragmented and weakened by the accumulated ruins of history and the depersonalized advances of civilization that have taken us from a bloody twentieth century into an immensely problematic twenty first What nevertheless remain essential are spirited commitment and political will that embody the courage not to let go of the ethical but to persist for it in spite of humankind's self inflicted destructiveness Salvaging the fragmented condition of ethics this book shows how respect and honor for those who save lives and resist atrocity deepened attention to the dead and to death itself and appeals for human rights and renewed spiritual sensitivity confirm that ethics contains and remains an irreplaceable safeguard against its own failures

Moving From What to What If? John Barell, 2016-03-02 This practical book outlines how you can challenge students to grapple with complex problems and engage more meaningfully with information across the content areas rather than rely solely on rote memorization and standardized testing to measure academic success Author John Barell shares vignettes from effective middle and high school teachers around the country analyzes what works and what doesn't when encouraging students to dig deeper and offers practical strategies that you can try in your own classroom Topics include Guiding students to hone their skills in abstract reasoning inquiry creative problem solving and critical thinking Designing your lessons and units for authentic achievement to prepare students for success in their future careers and academic pursuits Using rigorous benchmark assessments to analyze students progress in meaningful ways and Encouraging students to set learning goals and drive their own achievement Aligned with the Common Core and other standards this book will help you teach students to become inquisitive engaged citizens who wonder about the universe stretch their imaginations and solve problems by asking What If

Hot Topics, Public Culture, Museums Fiona Cameron, Lynda Kelly, 2020-05-22 Hot Topics Public Culture Museums engages the highly problematic and increasingly important issue of museums science centres their roles in

contemporary societies their engagement with hot topics and their part in wider conversations in a networked public culture Hot topics such as homosexuality sexual and racial violence massacres drugs terrorism GMO foods H1N1 swine flu and climate change are now all part of museological culture The authors in this collection situate cultural institutions in an increasingly interconnected complex globalising and uncertain world and engage the why and how institutions might form part of activate conversations and action through discussions that theorise institutions in new ways to the very practical means in which institutions might engage their constituencies

Night Elie Wiesel, 2002 An autobiographical narrative in which the author describes his experiences in Nazi concentration camps
