Sprinkle Nowhere with Me and You Dudley C. Gould,2001

Sprinkle Nowhere with Me and You is a comprehensive review of literature dealing with the soul along with the author's

observations and speculations Gould's review ranges from ancient religious and philosophical texts to modern works of science. Sprinkle, whose title comes from a poem of the same name by E. E. Cummings, is not like current books about discovering one's soul. It is an extraordinary look at the entire spectrum of what humanity has said and written about the nature of the soul. There is nothing else like it in print. Radiance of Being Allan Combs, 2002-10-22 Ranging widely among Western scientific and analytic ideas and Eastern Hindu and Buddhist conceptions related to human consciousness, its nature and origins, Combs, U of North Carolina at Asheville, suggests that there is a lot less separating these seemingly incongruent ideas than we have previously thought. Throughout the discussion, he clings to a process view of human consciousness that is consistent with his own background in chaos theory and the sciences of complexity.
