Racial Spectacles Jonathan Markovitz, 2011-06 Racial Spectacles Explorations in Media Race and Justice examines the crucial role the media has played in circulating and shaping national dialogues about race through representations of crime and racialized violence Jonathan Markovitz argues that mass media racial spectacles often work to shore up racist stereotypes but that they also provide opportunities to challenge prevalent conceptions of race and can be seized upon as vehicles for social protest This book explores a series of mass media spectacles revolving around the news prime time television Hollywood cinema and the internet that have either relied upon reconfigured or helped to construct collective memories of race crime and in justice The case studies explored include the Scottsboro interracial rape case of the 1930s the Kobe Bryant rape case the Los Angeles Police Department s Rampart scandal the Abu Ghraib photographs and a series of racist incidents at the University of California This book will prove to be important not only for courses on race and media but also for any reader interested in issues of the media s role in social justice

Marxism, Cultural Studies and Sport Ben Carrington, Ian McDonald, 2008-12-05 The cultural ubiquity political prominence and economic significance of contemporary sport present fertile terrain for its critical socio cultural analysis From corporate and media dominated mega events like the Olympic Games to state programmes for nation building and health promotion to the cultural politics of race gender sexuality age and disability sport is so profoundly marked by relations of power that it lends itself to critique and deconstruction Marxism Cultural Studies and Sport brings together leading experts on sport to address these issues and to

reflect on the continued appeal of sport to people across the globe as well as on the forms of inequality that sport both produces and highlights Including a Foreword by Harry Cleaver and Afterword by Michael B rub this book assesses the impact of this work on the fields of mainstream Marxism and cultural studies Marxism Cultural Studies and Sport is centred on three vital questions Is Marxism still relevant for understanding sport in the twenty first century Has Marxism been preserved or transcended by cultural studies What is the relationship between theory and intervention in the politics of sport The result is a unique and diverse examination of modern sports culture The first book published on the relationship between sport and Marxism for over twenty years Marxism Cultural Studies and Sport is an invaluable resource for students of sport sociology Marxism and cultural studies at all levels Marxist Theory, Black/African Specificities, and Racism Babacar Camara,2008-01-01 This book deals with substantive issues that have the potential to enhance our understanding regarding how Marxist theory can be quite useful in interpreting Black specificities and the race paradigm So far Marxist theory has been excluded because it is supposedly class and economy reductionist but the essence of this theory dialectic not only proves that it is a meaningful way of seeing racism for what it truly is but also a way of filtering through the plethora of interpretations of what constitutes race The timeliness of the approach should help revive discussion on ethnophilosophy as an ideology So much academic consideration has led scholars to seriously underestimate ideology s extraordinary efficiency in blending into lived experience to the point where much of its most telling effects have become undetectable This work suggests that critical theory must reorient itself and offers an important discussion on the dominant discourse of poststructuralism postmodernism postcolonialism Marxism African socialism N gritude and Afrocentricity The book s approach sheds a radical light on the claim for Black specificities and racism It shows that racial and ethnological discourses are ideological and political mystifications masking exploitation Under such circumstances racial and racist ideologies become cards to be played by the perpetrators or the victims as the case studies of Haiti and South Africa illustrate As can be seen then the intelligibility of racism and its various forms can only stem from an analysis of the social structures upon which they rest Just to show how inextricably linked ideology race racism political expansion and economic domination are the book looks at Africa and its Diaspora revealing how Africans remain the scapegoat for racial othering in the global economy s ideological praxis In so doing the book is also able to include African intellectuals perspectives that have often been omitted from the dialogue on critical theory race racism and Bla **The Bloomsbury Handbook of Apocalypticism and Millennialism** Tristan Sturm,Andrew Crome,2025-10-16 In an age shadowed by pandemics climate catastrophe authoritarian resurgence and existential technological threats The Bloomsbury Handbook of Apocalypticism and Millennialism offers a timely and indispensable exploration of how societies make sense of their Ends and their hoped for new beginnings This ground breaking volume gathers leading scholars to trace the evolution meanings and enduring potency of apocalyptic and millennial ideas across religious secular and cultural landscapes From ancient revelatory texts to

contemporary political movements and popular culture the book dissects how these concepts function not just as prophecies of doom but as frameworks for resistance renewal and transformation Through meticulous historical analysis and bold theoretical interventions the contributors interrogate core debates from the distinctions between apocalypticism and millennialism to their radical entanglements with justice space temporality and morality This volume dismantles simplistic portrayals of End Times thinking revealing instead its nuanced world shaping logic Whether manifest in religious movements or global politics apocalypse is no longer a marginal concern it is the defining hermeneutic of our times Scholarly provocative and urgent this Handbook is essential reading for researchers students and anyone seeking to understand how humanity envisions and enacts its endings and potentially new beginnings *Really Free Culture* , **Radical Dreams** Elliott H. King, Abigail Susik, 2022-03-08 Surrealism is widely thought of as an artistic movement that flourished in Europe between the two world wars However during the 1960s 70s and 80s diverse radical affinity groups underground subcultures and student protest movements proclaimed their connections to surrealism Radical Dreams argues that surrealism was more than an avant garde art movement it was a living current of anti authoritarian resistance Featuring perspectives from scholars across the humanities and distinctively from contemporary surrealist practitioners this volume examines surrealism s role in postwar oppositional cultures It demonstrates how surrealism s committed engagement extends beyond the parameters of an artistic style or historical period with chapters devoted to Afrosurrealism Ted Joans punk the Situationist International the student protests of May 68 and other topics Privileging interdisciplinary transhistorical and material culture approaches contributors address surrealism s interaction with New Left politics protest movements the sexual revolution psychedelia and other subcultural trends around the globe A revelatory work Radical Dreams definitively shows that the surrealist movement was synonymous with cultural and political radicalism It will be especially valuable to those interested in the avant garde contemporary art and radical social movements In addition to the editors the contributors to this volume include Mikkel Bolt Rasmussen Jonathan P Eburne David Hopkins Claire Howard Michael L wy Alyce Mahon Gavin Parkinson Gr gory Pierrot Penelope Rosemont Ron Sakolsky Marie Arleth Skov Ryan Standfest and Sandra Zalman *The Society of the Spectacle* Guy Debord, 2021-04-01 Debord describes and critiques the way we live The power in these ideas lies in their ability to question identify and name the common assumptions of the present Developing the concept of The Spectacle he describes the gaze of contemporary society From its publication just before and ultimately influencing the May 1968 revolt in Paris and Occupy Wall Street this book continues to transform a wide range of progressive philosophical and political movements most notably anti capitalism postmodernism marxism and anarchism This new translation brings a concrete edge to the text elaborating upon the original and adding annotations Bringing fifty years of prominent radical thinking back to the text from Baudrillard to Odell to Zuboff it s clear that Debords book is more relevant in the era of social media the attention economy and the emergence of Surveillance Capitalism than ever before **Transition and Transformation** Bo Florin, 2012-12-24 Victor Sj

str m 1879 1960 or Victor Seastrom as he was known during his Hollywood career was undoubtedly one of the most renowned silent film directors Focusing on his masterpieces such as *The Scarlet Letter* and *The Wind* but also including films he had made in Sweden before moving to Hollywood as well as film fragments and films considered lost Florin analyses Sj str m s austere and naturalistic style and the transformations it underwent during his Hollywood years
