Earthing the Cosmic Queen Yael Klangwisan,2014-05-12 Earthing the Cosmic

Queen explores the connection of poet world and text in the Song of Songs based on the process of reading as understood by Relevance Theory. This linguistic theory reveals new insights into the Song of Songs by tracing associations between the poet and her world. The main portion of this book involves a discourse analysis of the entire Song for the purpose of revealing the poet's cognitive environment and communicative intentions. Seven sites of discourse are explored: entreaties, wasf (the daughters' royalty), the brothers' losing and finding, and the Garden. The Garden of Eden strongly figures and could be considered a flashpoint of engagement. There is suggestion in the text that there is a crisis for the poet regarding her place in ancient Hebrew society. Thus the Garden of Eden texts and the Song of Songs are carefully contrasted to highlight the contours of her radical message. *Origen on the Song of Songs as the Spirit of Scripture* J. Christopher King, 2005-10-06

Christian interpretations of the Song of Songs have long depended upon the allegorical reading developed by Origen of Alexandria c. 185 c. 254. This study aims to show that Origen's Commentary and two Homilies on the Song of Songs clearly portray the Song of Songs as the biblical book that, as the Bridegroom's perfect marriage song, reveals the spirit of Scripture with greater intensity and immediacy than any other. *Eerdmans Commentary on the Bible: Ecclesiastes and Song of Songs* John Jarick, John W. Rogerson, 2003-11-19. This extract from the Eerdmans Commentary on the Bible provides Jarick and Rogerson's introduction to and concise commentary on Ecclesiastes and Song of Songs. The Eerdmans Commentary on the Bible presents in nontechnical language the best of modern scholarship on each book of the Bible, including the Apocrypha. Reader-friendly commentary complements succinct summaries of each section of the text and will be valuable to scholars, students, and general readers. Rather than attempt a verse-by-verse analysis, these volumes work from larger sense units, highlighting the place of each passage within the overarching biblical story. Commentators focus on the genre of each text: parable, prophetic oracle, legal code, and so on, interpreting within the historical and literary context. The volumes also address major issues within each biblical book, including the range of possible interpretations, and refer readers to the best resources for further discussions. *The Lutheran Church Review*, 1902

Transforming Philosophy and Religion Norman Wirzba, Bruce Ellis Benson, 2008-05-07. Norman Wirzba, Bruce Ellis Benson, and an international group of philosophers and theologians describe how various expressions of philosophy are transformed by the discipline of love. What is at stake is how philosophy colors and shapes the way we receive and engage each other, our world, and God. Focusing primarily on the Continental tradition of philosophy of religion, the work presented in this volume engages thinkers such as St. Paul, Meister Eckhart, Kierkegaard, Husserl, Heidegger, Ricoeur, Derrida, Marion, Žižek, Irigaray, and Michele Le Doeuff. Emerging from the book is a complex definition of the wisdom of love, which challenges how we think about nature, social justice, faith, gender, creation, medicine, politics, and ethics.

Joining Creation's Praise Brian Brock, 2025-08-19. In the beginning, God created. Thus begins the Bible's story of a long conversation between God and creatures, one in which humans are often the least edifying contributors. They need to learn what it means to confess themselves creatures if they are to begin to understand

what it means to be human and how to live

Joining Creation's Praise a major statement by a leading Christian ethicist shows how confessing that we are creatures deeply reshapes every aspect of Christian thinking and living Human beings are made to embody Christ's image in the world not as dominators but as conduits of divine life In this comprehensive yet clear volume of theological ethics Brian Brock follows the first few chapters of Genesis in order to discover the things that the sages of Israel took to be crucial for the ethical life of human beings among other creatures in God's world Informed by theological rigor and careful exegesis the many ethical reflections in this volume allow an ancient wisdom to shed fresh light on very postmodern ethical questions about conversion life with God knowledge and wisdom dominion Sabbath vocation economics human dignity our relationship with the rest of creation sexuality marriage family sin death and politics *The Beginning and End of All Things* Edward W. Klink III, 2023-05-30 Edward W. Klink III presents a holistic understanding of creation one that is unfolded throughout all of Scripture and is at the core of the gospel itself Along with offering rich insights about God and his purposes for the world a biblical theology of creation guides how we engage nature culture and life as embodied beings *Ecological Solidarities* Krista E. Hughes, Dawn B. Martin, Elaine Padilla, 2019-10-30 Operating on the premise that our failure to recognize our interconnected relationship to the rest of the cosmos is the origin of planetary peril this volume presents academic activist and artistic perspectives on how to inspire reflection and motivate action in order to construct alternative frameworks and establish novel solidarities for the sake of our planetary home The selections in this volume explore ecologies of interdependence as a frame for religious theological and philosophical analysis and practice Contributors examine questions of justice climate change race class gender and coloniality and discuss alternative ways of engaging the world in all its biodiversity Each essay poem reflection and piece of art contributes to and reflects upon how to live out entangled differences toward positive global change Constructive and practical global and local communal and personal *Ecological Solidarities* is an innovative contribution to the discourses on relational and liberative thought and practice in religion philosophy and theology It will be welcomed by scholars of World Christianity and theology as well as seminary students activists and laity interested in issues of justice and ecology *Christianity with an Asian Face* Peter C. Phan, 2003 Drawing on the twin themes of liberation and inculturation Peter Phan explicates a new theology forged in the cauldron of the encounter between two vastly different cultures He devotes particular attention to the meaning of Christ for Asian Americans and the emergence of new christological titles Jesus as Eldest Son and Ancestor Phan also explores his personal roots to sketch the contours of Vietnamese American theology an expression of faith caught between the Dragon and the Eagle Book jacket **Explore Bible Stories** David C. Biblical Creation Stories Mark G. Boyer, 2025-07-31 The Bible has multiple creation accounts Most people know or have heard of the one which took six days but they are not familiar with the rest Biblical creation stories are plural because they are hypothetical inventions by various biblical authors The simple fact of the matter is that there was no one present when creation occurred Thus with no firsthand experience various biblical authors each with his own biases and politics wrote one Biblical creation stories are about the act of God creating and the product of that creation While it is not exhaustive this book explores the many biblical creation stories and invites readers to use them to nourish their spirituality Spirituality is the

Mere Catholicism Daniel Agatino, 2018-12-08 From the Author C S Lewis Mere Christianity is the obvious inspiration for the title of this book In that book Lewis uses the example of a person standing in a hall that is lined on both sides by rooms Each room represents a different Christian tradition He wanted to get readers into the hallway and let them choose for themselves whether to enter Christianity by the door of Anglicanism Catholicism and so forth Mere Christianity brilliantly focuses on what essentially all Christians agree upon namely the Creed the canon of the New Testament etc However many of the great controversies between Protestants and Catholics are purposely not discussed There were ecumenical reasons for avoiding topics like papal primacy purgatory Marian devotions and so forth But by avoiding these sorts of topics Mere Christianity can be read as Mere Protestantism I wrote Mere Catholicism to address some of those missing topics Even though I am both intellectually and emotionally convinced of the truth of Catholic Christianity I am indebted to C S Lewis an Anglican for helping me better understand how Christianity offers the most compelling *raison d'être* His work and I hope my own is an exploration of faith seeking understanding to quote St Anselm of Canterbury Contents Preface Introduction Christianity in the Third Millennium 1 Faith and Reason 2 Freedom and Responsibility 3 Work and Prayer 4 Sin and Salvation Hamartiology and Soteriology 5 Suffering and Love 6 God Theology 7 Jesus Christology 8 Mary Mariology 9 Saints and Angels Hagiology and Angelology 10 The Church Ecclesiology 11 The Bible Bibliology 12 Humankind Creation and Last Things Anthropology and Eschatology Notes About the Author
