authors and artists are too often interpreted through the lens of authenticity They are scrutinized for positive or negative representations of Black people and Black culture or are assumed to communicate some truth about Black identity or the Black experience However many contemporary Black artists are creating works that cannot be slotted into such categories Their art resists interpretation in terms of conventional racial discourse instead they embrace opacity uncertainty and illegibility John Brooks examines a range of abstractionist experimental and genre defying works by Black writers and artists that challenge how audiences perceive and imagine race He argues that literature and visual art that exceed the confines of familiar conceptions of Black identity can upend received ideas about race and difference Considering photography by Roy DeCarava installation art by Kara Walker novels by Percival Everett and Paul Beatty drama by Suzan Lori Parks and poetry by Robin Coste Lewis Brooks pinpoints a shared aesthetic sensibility In their works the devices that typically make race feel familiar are instead used to estrange cultural assumptions about race Brooks contends that when artists confound expectations about racial representation the resulting disorientation reveals the incoherence of racial ideologies By showing how contemporary literature and art ask audiences to question what they think they know about race *The Racial Unfamiliar* offers a new way to understand African American cultural production *Urban Encounters* Helen Liggett, 2003 American intellectuals tend to envision the modern city as a dystopia their perception of urban life influenced by negative stereotypes and fictional depictions in popular culture the author challenges this fatalism by approaching the city as a vibrant lived space Combining a sophisticated critique of the urban with striking street level images the author reclaims the human experience of the city **Britannica Book of the Year 2010** Encyclopaedia Britannica, Inc., 2010-03-01 The Britannica Book of the Year 2010 provides a valuable viewpoint of the people and events that shaped the year and serves as a great reference source for the latest news on the ever changing populations governments and economies throughout the world It is an accurate and comprehensive reference that you will reach for again and again **King's Vibrato** Maurice O.
