The Greek Article Ronald D. Peters, 2014-01-02 In The Greek Article Ronald D Peters presents a grammar of the Greek article and relative pronoun categorized as items which was formulated using the principles of Systemic Functional Linguistics This categorization stands in contrast to previous grammars which have categorically associated the article with the demonstrative pronoun Thus the present work represents a significant paradigm shift in the study of the Greek article Unlike previous approaches that have too often yielded internally inconsistent and contradictory rules of usage this approach results in a description of the article's function that is uniform across all occurrences Simultaneously simple and robust this grammar promises to pay significant dividends for exegetes and translators of the Greek New Testament *Second*

Language Acquisition of Articles María del Pilar García Mayo, Roger Hawkins, 2009-07-29 The studies in this collection address a topic that has recently become the focus of considerable interest in second language acquisition SLA research the acquisition of articles Languages appear to vary in whether they have articles English German Norwegian do but Chinese Japanese Russian do not Languages that have articles also appear to divide into those that realise definiteness e.g. English and those that realise specificity e.g. Samoan When speakers of one type of language learn an L2 of a different type issues of central concern to SLA research arise the nature of L1 influence the time course of development ultimate attainment the relationship between performance and competence and the role of Universal Grammar These issues are considered in nine studies written by researchers whose work is at the forefront of enquiry that offer new data new perspectives and new insights into the way L2 speakers acquire articles
