The Spirit Archives Volume 15:

The Spirit Archives Vol. 15 Will Eisner, 2012-07-26 *Desegregating Comics* Qiana Whitted, 2023-05-12 Some comics fans view the industry's Golden Age 1930s 1950s as a challenging time when it comes to representations of race an era when the few Black characters appeared as brutal savages devious witch doctors or unintelligible minstrels Yet the true portrait is more complex and reveals that even as caricatures predominated some Golden Age comics creators offered more progressive and nuanced depictions of Black people *Desegregating Comics* assembles a team of leading scholars to explore how debates about the representation of Blackness shaped both the production and reception of Golden Age comics Some essays showcase rare titles like *Negro Romance* and consider the formal innovations introduced by Black comics creators like Matt Baker and Alvin Hollingsworth while others examine the treatment of race in the work of such canonical cartoonists as George Herriman and Will Eisner The collection also investigates how Black fans read and loved comics but implored publishers to stop including hurtful stereotypes As this book shows Golden Age comics artists writers editors distributors and readers engaged in heated negotiations over how Blackness should be portrayed and the outcomes of those debates continue to shape popular culture today *Charles Sumner; his complete works, volume 15* Lee and Shepard, 2020-08-14

Kitrell

Rushing, 2023-06-14 The power of the American press to influence and even set the political agenda is commonly associated with the rise of such press barons as Joseph Pulitzer and William Randolph Hearst at the turn of the century The latter even took credit for instigating the Spanish American War Their power however had deeper roots in the journalistic culture of the nineteenth century particularly in the social and political conflicts that climaxed with the Civil War Until now historians have paid little attention to the role of the press in defining and disseminating the conflicting views of the North and the South in the decades leading up to the Civil War In The Civil War and the Press historians political scientists and scholars of journalism measure the influence of the press explore its diversity and profile the prominent editors and publishers of the day The book is divided into three sections covering the role of the press in the prewar years throughout the conflict itself and during the Reconstruction period Part 1 Setting the Agenda for Secession and War considers the rise of the consumer society and the journalistic readership the changing nature of editorial standards and practice the issues of abolitionism secession and armed resistance as reflected in Northern and Southern newspapers the reporting on John Brown's Harper's Ferry raid and the influence of journalism on the 1860 election results Part 2 In Time of War includes discussions of journalistic images and ideas of womanhood in the context of war the political orientation of the Jewish press the rise of illustrated periodicals and issues of censorship and opposition journalism The chapters in Part 3 Reconstructing a Nation detail the infiltration of the former Confederacy by hundreds of federally subsidized Republican newspapers editorial reactions to the developing issue of voting rights for freed slaves and the journalistic mythologization of Jesse James as a resister of Reconstruction laws

The Novel as Archive Ehrhard Bahr,1998 Goethe's novel defined as a key work anticipating modernist novels of 20th century A fresh study of one of the most perplexing and daring novels ever written one that was largely misunderstood when it first appeared and which has emerged only in the last two decades as a work that pointed forward stylistically and structurally to the modernist novels of the twentieth century Bahr shows how Goethe subordinated the role of the author narrator making use of a variety of sophisticated narrative devices such as the archive the interpolated novella some of whose characters appear as real figures in the novel itself to distance himself from the work thus ironizing its apparent meaning
