Moral Disagreement Rach Cosker-Rowland, 2020-11-25 Widespread moral disagreement raises ethical epistemological political and metaethical questions Is the best explanation of our widespread moral disagreements that there are no objective moral facts and that moral relativism is correct Or should we think that just as there is widespread disagreement about whether we have free will but there is still an objective fact about whether we have it similarly moral disagreement has no

bearing on whether morality is objective More practically is it arrogant to stick to our guns in the face of moral disagreement Must we suspend belief about the morality of controversial actions such as eating meat and having an abortion And does moral disagreement affect the laws that we should have For instance does disagreement about the justice of heavily redistributive taxation affect whether such taxation is legitimate In this thorough and clearly written introduction to moral disagreement and its philosophical and practical implications Rach Cosker Rowland examines and assesses the following topics and questions How does moral disagreement affect what we should do and believe in our day to day lives Epistemic peerhood and moral disagreements with our epistemic peers Metaethics and moral disagreement Relativism moral objectivity moral realism and non cognitivism Moral disagreement and normative ethics Liberalism democracy and disagreement Moral compromise Moral uncertainty Combining clear philosophical analysis with summaries of the latest research and suggestions for further reading Moral Disagreement is ideal for students of ethics metaethics political philosophy and philosophical topics that are closely related such as relativism and scepticism It will also be of interest to those in related disciplines such as ethics and public policy and philosophy of law

Strength from the Waters James V. Mestaz, 2022-10 Strength from the Waters is an environmental and social history that frames economic development environmental concerns and Indigenous mobilization within the context of a timeless issue access to water Between 1927 and 1970 the Mayo people an Indigenous group in northwestern Mexico confronted changing access to the largest freshwater source in the region the Fuerte River In Strength from the Waters James V Mestaz demonstrates how the Mayo people used newly available opportunities such as irrigation laws land reform and cooperatives to maintain their connection to their river system and protect their Indigenous identity By using irrigation technologies to increase crop production and protect lands from outsiders trying to claim it as fallow the Mayo of northern Sinaloa simultaneously preserved their identity by continuing to conduct traditional religious rituals that paid homage to the Fuerte River This shift in approach to both new technologies and natural resources promoted their physical and cultural survival and ensured a reciprocal connection to the Fuerte River which bound them together as Mayo Mestaz examines this changing link between hydraulic technology and Mayo tradition to reconsider the importance of water in relation to the state s control of the river and the ways the natural landscape transformed relations between individuals and the state altering the social political ecological and ethnic dynamics within several Indigenous villages Strength from the Waters significantly contributes to contemporary Mexicanist scholarship by using an environmental and ethnohistorical approach to water access Indigenous identity and natural resource management to interrogate Mexican modernity in the twentieth century

Hamilton, Jr., 2014-06-01 This series affirms that the Bible is a Christ centered book containing a unified story of redemptive history of which Jesus is the hero It s presented as sermons divided into chapters that conclude with a Reflect Discuss section making this series ideal for small group study personal devotion and even sermon preparation It s not academic but rather presents an easy reading practical

and friendly commentary The series is projected to be 48 volumes **The Permeable Self** Barbara Newman,2021-09-17 The Permeable Self offers medievalists new insight into the appeal and dangers of the erotics of pedagogy the remarkable influence of courtly romance conventions on hagiography and mysticism and the unexpected ways that pregnancy often devalued in mothers could be positively ascribed to men virgins and God **Women's Letters** Lisa Grunwald,Stephen J. Adler,2005 A survey of American history collects more than four hundred letters arranged chronologically by era that document the experiences of women representing all walks of life from the eighteenth century to the present

Wonderlandscape John Clayton,2017-08-08 Yellowstone is America s premier national park Today is often a byword for conservation natural beauty and a way for everyone to enjoy the great outdoors But it was not always this way Wonderlandscape presents a new perspective on Yellowstone the emotions various natural wonders and attractions evoke and how this explains the park s relationship to America as a whole Whether it is artists or naturalists entrepreneurs or pop culture icons each character in the story of Yellowstone ends up reflecting and redefining the park for the values of its era For example when Ernest Thompson Seton wanted to observe bears in 1897 his adventures highlighted the way the park transformed from a set of geological oddities to a wildlife sanctuary reflecting a nation was concerned about disappearing populations of bison and other species Subsequent eras added Rooseveltian masculinity ecosystem science and artistic inspiration as core Yellowstone hallmarks As the National Park system enters its second century Wonderlandscape allows us to reflect on the values and heritage that Yellowstone alone has come to represent how it will shape the America s relationship with her land for generations to come **A Companion to Modern African Art** Gitti Salami,Monica Blackmun Visona,2013-12-24 Offering a wealth of perspectives on African modern and Modernist art from the mid nineteenth century to the present this new Companion features essays by African European and North American authors who assess the work of individual artists as well as exploring broader themes such as discoveries of new technologies and globalization A pioneering continent based assessment of modern art and modernity across Africa Includes original and previously unpublished fieldwork based material Features new and complex theoretical arguments about the nature of modernity and Modernism Addresses a widely acknowledged gap in the literature on African Art **Communist Rhetoric and Feminist Voices in Cold War America** Jennifer Keohane,2018-01-05 This book tells the story of a group of women affiliated with the United States Communist Party CPUSA who used a variety of rhetorical resources to build credibility and transform the party into a vibrant dwelling place for feminist discourse and activism during a conservative period It evidences Communist women s significant and creative resistance to Cold War society and its visions of appropriate normal womanhood alongside their pleas for class and race consciousness in a country that took for granted the white middle class aspirations of citizens Drawing on Marxist theory transnational coalitions and Cold War culture Communist women s rhetorical strategies were incredibly powerful and this book provides insight into how they catalyzed changes in a rigid political movement by establishing a

platform for their radical ideals **UCLA** Marina Dundjerski, 2011 UCLA The First Century is an extensively illustrated hardcover book which follows a chronological historical narrative with in depth sections on campus traditions and the history of Bruin athletics Since the UCLA History Project was launched in 2004 UCLA have been chronicling a full account of their alma mater from humble beginnings to their current standing as one of the world's most prestigious public research universities The research and editorial team for this publication delved into the untold number of historical documents and photographs preserved in UCLA's archives and beyond interviewed numerous members of the UCLA community and searched for materials and anecdotes that were on the verge of becoming permanently lost or forgotten 100 years of UCLA on your coffee table Los Angeles Times I wanted to create an authentic historical account of our university Every day I am inspired by the story of UCLA and I see its history as a collective living legacy that we all share Marina Dundjerski 94 Author The book is indeed beautiful Thank you so much for all the work that went into it Rhea Turteltaub Vice Chancellor UCLA External Affairs *Cycladic Archaeology and Research: New Approaches and Discoveries* Erica Angliker, John Tully, 2018-04-30 Recent excavations and new theoretical approaches are changing our view of the Cyclades This volume aims to share these recent developments with a broader international audience Essays have been carefully selected as representing some of the most important recent work and include significant previously unpublished material **Handbook of Social Work Practice with Vulnerable and Resilient Populations** Alex Gitterman, 2014-05-06 When community and family support systems are weak or unavailable and when internal resources fail populations that struggle with chronic persistent acute and or unexpected problems become vulnerable to physical cognitive emotional and social deterioration Yet despite numerous risk factors a large number of vulnerable people do live happy and productive lives This best selling handbook examines not only risk and vulnerability factors in disadvantaged populations but also resilience and protective strategies for managing and overcoming adversity This third edition reflects new demographic data research findings and theoretical developments and accounts for changing economic and political realities including immigration and health care policy reforms Contributors have expanded their essays to include practice with individuals families and groups and new chapters consider working with military members and their families victims and survivors of terrorism and torture bullied children and young men of color **Where Are You?** Maurizio Ferraris, 2014-09-01 This book sheds light on the most philosophically interesting of contemporary objects the cell phone Where are you a question asked over cell phones myriad times each day is arguably the most philosophical question of our age given the transformation of presence the cell phone has wrought in contemporary social life and public space Throughout all public spaces cell phones are now a ubiquitous prosthesis of what Descartes and Hegel once considered the absolute tool the hand Their power comes in part from their ability to move about with us they are like a computer but we can carry them with us at all times in part from what they attach to us and how as all that computational and connective power becomes both handy and hand sized Quite surprisingly

despite their name one might argue as Ferraris does that cell phones are not really all that good for sound and speaking. Instead the main philosophical point of this book is that mobile phones have come into their own as writing machines; they function best for text messages, e-mail, and archives of all kinds. Their philosophical urgency lies in the manner in which they carry us from the effects of voice over into reliance upon the written traces that are, Ferraris argues, the basic stuff of human culture. Ontology is the study of what there is, and what there is in our age is a huge network of documents, papers, and texts of all kinds. Social reality is not constructed by collective intentionality; rather, it is made up of inscribed acts. As Derrida already prophesized, our world revolves around writing. Cell phones have attached writing to our fingers and dragged it into public spaces in a new way. This is why, with their power to obliterate or morph presence and replace voice with writing, the cell phone is such a philosophically interesting object.

The Routledge Companion to Medieval Iconography Colum Hourihane, 2016-12-19. Sometimes enjoying considerable favor, sometimes less, iconography has been an essential element in medieval art historical studies since the beginning of the discipline. Some of the greatest art historians, including M. Le Warburg, Panofsky, Morey, and Schapiro, have devoted their lives to understanding and structuring what exactly the subject matter of a work of medieval art can tell. Over the last thirty or so years, scholarship has seen the meaning and methodologies of the term considerably broadened. This companion provides a state-of-the-art assessment of the influence of the foremost iconographers as well as the methodologies employed and themes that underpin the discipline. The first section focuses on influential thinkers in the field, while the second covers some of the best-known methodologies. The third and largest section looks at some of the major themes in medieval art. Taken together, the three sections include thirty-eight chapters, each of which deals with an individual topic. An introduction, historiographical evaluation, and bibliography accompany the individual essays. The authors are recognized experts in the field, and each essay includes original analyses and/or case studies which will hopefully open the field for future research.

Communities of Frank Lloyd Wright Myron A. Marty, 2009. Despite the numerous studies of Frank Lloyd Wright's life and architecture, little has been published about his life in relation to the communities that dominated his life. Wright, a fervent believer in individualism and an ardent advocate of democracy, worked in communities throughout his career of more than six decades. These communities, which he led with unquestioned authority, made possible his extraordinary productivity. They also helped sustain his genius, provided him with crucial social outlets, and made it possible for him to remain a creative force outside the mainstream of American architecture until his death at age 91. Almost immediately after arriving in Chicago in 1887, Wright began working in the company of architects and draftsmen, most notably Joseph Lyman Silsbee, Dankmar Adler, and Louis Sullivan. In 1893, he opened his own practice in downtown Chicago and formed relationships with communities of young architects and draftsmen there. Five years later, Wright moved his venture to his home and studio in Oak Park. Although his community of coworkers there was highly productive, in 1909 he abandoned them, his practice, and his family, turned his projects over to others, and left for Europe with his mistress. In the

next twenty years he formed incidental communities wherever his work took him including Europe Japan California and Arizona while maintaining his base at Taliesin his home near Spring Green Wisconsin In 1932 after years of hardship Wright and his third wife Olgivanna founded the Taliesin Fellowship a community of apprentices and assistants Five years later the Fellowship began to spend winters at Taliesin West a camp he designed in Scottsdale Arizona When Wright died in 1959 his widow became the Fellowship's unchallenged leader and she remained so until her death 26 years later Marty's groundbreaking work is neither a biography of Wright nor a study of his architecture rather it is the story of his life in communities particularly the Taliesin Fellowship This study will be of interest to Wright scholars and enthusiasts architects architectural historians and architecture students

The Perfect Medium Clément Chéroux, Andreas Fischer, Pierre Apraxine, Denis Canguilhem, Sophie Schmit, 2005-01-01 In the early days of photography many believed and hoped that the camera would prove more efficient than the human eye in capturing the unseen Spiritualists and animists of the nineteenth century seized on the new technology as a method of substantiating the existence of supernatural beings and happenings This fascinating book assembles more than 250 photographic images from the Victorian era to the 1960s each purporting to document an occult phenomenon levitations apparitions transfigurations ectoplasms spectres ghosts and auras Drawn from the archives of European and American occult societies and private and public collections the photographs in many cases have never before been published The Perfect Medium studies these rare and remarkable photographs through cultural historical and artistic lenses More than mere curiosities the images on film are important records of the cultural forces and technical methods that brought about their production They document in unexpected ways a period when developing photographic technology merged with a popular obsession with the occult to create a new genre of haunting experimental photographs

Atmospheres of Projection Giuliana Bruno, 2022-10-13 Following on the success of *Surface* Bruno's previous book with us in this new one she explores the act and art of projection in its manifold guises and what those can tell us about how we think and feel and create the world we inhabit This is not just an exploration of the psychological operation of projection the idea that we cast onto others the qualities we refuse to acknowledge in ourselves It is a major work of cultural history and media archaeology As a way to transform space and atmosphere projection has a long history in the arts dating back to shadow

plays camera obscuras magic lantern shows and phantasmagoria But the atmosphere of projection is not a thing of the past alone It is alive and well today It continues to fascinate us as screens filled with moving figures pervade the spaces of the art gallery and the museum as well as the environments of our daily lives What is the root of our fascination How does it manifest in contemporary art How do we define atmosphere How is projection an atmosphere Are these two modalities conceptually and historically related and how so Why are artists today so interested in environments and in elements of projection To explain this continual fascination with projection and atmosphere Bruno traverses psychoanalysis architecture the history of science visual art and moving image culture to see how projective mechanisms and their environments have developed over time

Abu Mayanja, MP A. B. K. Kasozi, 2024-02-01 This book Abu Mayanja MP The intellectual star of Uganda's Struggle for independence and the search for a liberal democratic state 1929 2005 is a biography of a brilliant African politician a history of a country and a continent told through the lens and activities of an individual politician The book breaks new ground in how Uganda and Africa have been viewed by academic and popular opinion Mayanja's life sheds light on the last days of colonialism and the early postcolonial history of Uganda and other African countries First although Africa particularly Uganda is viewed by popular imagination through the images of dictatorial and corrupt African leaders like Amin Obote Mubutu Bokassa Bongo and others there were and still are voices of reason who advocated for the advantages of good governance Secondly it shows that it is not only heads of states who influenced the political direction of postcolonial states in the period just before and after independence Other actors shaped the opinions of the masses and influenced how laws were formed and implemented Thirdly Mayanja is one of those public intellectuals who stood up to autocracy and what he thought should be done through words and actions He analysed political and social issues at a higher conceptual level than almost all his contemporaries He was indeed the intellectual star of Uganda's struggle for self rule and the nine years that followed independence His ridiculing of those in power for their failure to know or understand governance issues landed him in prison and denied him full participation in governing the Uganda postcolonial state But he left deep footprints on Uganda's and East African political thought Had his suggestions for managing postcolonial Uganda been followed the country would not have suffered as severely as it has since 1966
