The Spirit Of Creation The Spirit Of Creation:

The Spirit of Creation Amos Yong, 2011-05-17 Is a pentecostal charismatic worldview defensible in light of contemporary science In *The Spirit of Creation* Amos Yong demonstrates that pentecostal thought does indeed have merit in scientific contexts What's more he argues that pentecostal charismatic views regarding the dynamic presence and activity of the Spirit of God and the pluralistic cosmology of many spirits have something important to add to the broad discussion now taking place at the crossroads of science and religion Interacting with many scientific fields of study including psychology sociology evolutionary science cosmology and more Yong's *Spirit of Creation* demonstrates the significance of pentecostal ideas to the ongoing dialogue between theology and science

The Spirit in Creation and New Creation Michael Welker, 2012-04-16 Proceedings of a dialogue held in the fall of 2009 at the Internationales Wissenschaftsforum University of Heidelberg

The Spirit and Creation in Paul John W. Yates, 2008 Revision of the author's thesis Ph D University of Cambridge 2007

The Lord is the Spirit Andrew K. Gabriel, 2011-01-01 The Lord is the Spirit 2 Cor 3 17 and yet one might be excused for thinking otherwise when reading studies on God's attributes omnipotence omniscience omnipresence immutability impassibility and the like Although Christians throughout the ages have defended the deity of the Holy Spirit theologians have not adequately taken the doctrine of the Holy Spirit into account when formulating a theology of the divine attributes The resulting understandings of God fall short of being fully Trinitarian Gabriel builds on contemporary Trinitarian theology by advocating for the integration of insights from pneumatology into the doctrine of God's attributes Three case studies are presented impassibility immutability and omnipotence Gabriel writes from an evangelical and Pentecostal vantage point as he engages in ecumenical dialogue with a wide spectrum of historical and contemporary theological voices

The Spirit of God Transforming Life P. Chung, 2009-11-09 By re-examining the central themes of Reformation theology Chung clearly and carefully describes the fundamental shape of Reformation thinking and introduces the reader to what was and is at stake in the Reformation's insistence on the centrality of the Gospel

The Creation Spirit Jim Young, 2006-07-07 *THE CREATION SPIRIT Expressing Your Divinity in Everyday Life* is a story of the Holy Spirit told through the voice of Christo Sahbays an itinerant metaphysician from northwest Arkansas who is gathering popularity as a mediator for a spirituality of living the Truth of our being This initial entry in the author's new MY SPIRITUAL AWARENESS SERIES features metaphorical translations of parables and holy Scripture to enlighten inspiring followers to heal themselves by first healing their perspectives on life As a master metaphysician Christo shakes the foundation upon which most have constructed their personal mythology of religious doctrine He then leads them to a sense of Oneness that focuses their house of consciousness toward those inner whispers of Truth rather than on the illusions of outward authorities that often lead to a purposeless unfulfilled life Building on this first offering other writings that continue the MY SPIRITUAL AWARENESS SERIES are *A LABOR OF LOVE Weaving Your Own Virgin Birth on the Loom of Life* and *KEYS TO THE DOOR OF TRUTH*

Metaphysical Musings of a Born Yet Again Other books in process deal with such topics as the metaphysical meaning of Jesus and his disciples the Sermon on the Mount some of the various newfound Gospels and those portions of the remaining three Gospels that do not replicate the content of the Gospel of John all placed in a practical perspective *All the Doctrines of the Bible* Herbert Lockyer, 1964 His systemized study and analysis of the major Bible doctrines provides for readers Dr Lockyer's approach to understanding doctrines in logical sequence This method of biblical presentation can and should lead to a valuable comprehension of the Christian faith

The Spirit in Public Theology Vincent E. Bacote, 2010-11-01 In *The Spirit in Public Theology* Bacote shows how Dutch politician and church leader Abraham Kuyper lived a thoroughly Christian life and explains why Christians need to follow Kuyper by taking their faith into the public sphere Identifying the characteristics of a true Christian worldview Bacote demonstrates the need for a public theology that stresses engagement between the church and the world *The Spirit in Public Theology* should be required reading for pastors students and all Christians who want to take their faith beyond the four walls of the Church

Role of the Holy Spirit in Protestant Systematic Theology Wilson Varkey, 2011-08 This volume is a meticulously researched text on pneumatology that puts the major pneumatological issues together without confining to the traditional way of dealing with the doctrine of the Holy Spirit Although pneumatology has been a neglected field in theological discussions of the past there is a renewal of interest among theologians on pneumatology today This renewal of interest has led to the formation of this work on the role of the Holy Spirit in the Protestant Systematic Theology Through highlighting the role and significance of the Holy Spirit in the whole divine action this volume contends that pneumatology is not a dull theological locus but rather an essential theological disposition relevant for today The detailed arguments found within challenge and inspire the contemporary pneumatological discussions as it relates to all the facets of theological reflection and action

A Liberating Spirit Michael Wilkinson, Steven M. Studebaker, 2010-09-13 The historical ambivalence among Pentecostals about their relationship to culture and society needs evaluation How do we understand Pentecostal engagement with society and how are Pentecostals in North America engaging issues of race class gender and ecology What theologically motivates North American Pentecostals to respond to social issues What categories best explain Pentecostal responses to social issues in North America How do they compare to Pentecostal responses elsewhere Recently scholars of global Pentecostalism have proposed that the experience of the Spirit among Pentecostals has elicited the development of a Pentecostal theology of liberation which has implications for understanding Pentecostal responses to social issues These projects primarily explore the Pentecostal response to cultural issues in areas outside of North America and especially focus on Africa Asia and Latin America This volume assesses whether the categories of social liberation applied to non Western Pentecostalism characterize Pentecostalism in North America Is there evidence of a Pentecostal theology of liberation that explains Pentecostal engagement in North America Do social liberation categories fit the North American Pentecostal responses to social issues or

are others more suitable These and other important questions about the relation between liberation theology and North American Pentecostalism are thoroughly explored in this important collection of essays *The Dialogical Spirit II* Amos Yong,2024-09-05 The Dialogical Spirit II is a second collection of essays that demonstrates the dialectical contours of Amos Yong's critical pentecostal theology It is a montage of constructive engagements with various thinkers and ideas in the promotion of theological plurality for the third millennium With essays on Hegelian dialectics Buddhist Christian dialogue pneumatic missiology etc voice is generated for the renewal of relationality and the revival of imagination Free from the imposition of traditional boundaries Yong makes his way across differing landscapes of truth in a global environment gleaned from the activities of reflection and understanding therein Providing snapshots of Yong's theological development over decades of work The Dialogical Spirit II further evidences the vitality of pentecostal theology to emerging conversations in constructive and comparative venues

The Holy Spirit as Communion I. Leon Harris,2017-09-26 In The Holy Spirit as Communion Leon Harris examines the pneumatologies of Colin Gunton and Frank Macchia For both theologians the doctrine of the Holy Spirit is foundational to understanding their doctrine of God Christology and ecclesiology Drawing on the theme of communion The Holy Spirit as Communion expresses the concept that the Holy Spirit is the person who perfects the divine nature and personhood of the Father and Son It is the Holy Spirit who perfects the eternal communion within the divine Trinity which is the source of the divine action that also perfects the communion in creation as an expression of the Father's will through Jesus Christ The Holy Spirit as Communion explores the essentiality of the Holy Spirit through a unique approach to Spirit Christology Gunton is represented by a radicalized version of Chalcedon Christology and Macchia formulates his account through the overarching metaphor of Spirit baptism Therefore the doctrine of God Christology ecclesiology and eschatology cannot be construed without a proper account of pneumatology that takes into consideration the eschatological perfecting work of the third person of the Trinity who perfects creation's koinonia as a gift from the Father through the grace of Jesus Christ

Starting with the Spirit Stephen Pickard,Tracy Preece,2001-12-31 Within the field of theology per se a fundamental issue is raised when we begin with the Spirit This issue concerns the particular shape and trajectory of the Christian faith How will the doctrine of God at the heart of theology be re configured when the Spirit becomes the fundamental theme To begin with the Spirit is to place such a question at the centre of the theological agenda

The Spirit of Atonement Steven M. Studebaker,2021-01-14 Steven M Studebaker proposes a Pentecostal approach to a major Christian doctrine the atonement The book moves Pentecostal theology of the atonement from a primarily Christocentric and crucicentric register to one that articulates the pneumatological and holistic nature of Pentecostal praxis Studebaker examines the irony of Classical Pentecostalism relying on the Christocentrism of Protestantism evangelical atonement theology to articulate its experience of the Holy Spirit as well as the Pneumatological nature of Pentecostal praxis He then develops a Pentecostal theology of atonement based on the biblical narrative of the Spirit of Pentecost and returns to

re imagine an expanded vision of Pentecostal praxis based on the theological formation of the biblical narrative The result is a Pentecostal atonement theology that shows the integrated nature of pneumatology creation and Christology in the biblical narrative of redemption It gives theological expression to not only the pneumatological nature of Pentecostal praxis but also the fundamental role of the Holy Spirit in the biblical narrative of redemption The book challenges popular western atonement theologies to re think their Christocentrism and crucicentrism as well as their atomistic tendency to separate soteriology into objective Christological and subjective pneumatological categories

A Nondualistic Pentecostal Theology Spencer Moffatt, 2024-12-15 A Nondualistic Pentecostal Theology Exploring Dialectics and Becoming through Amos Yong and Slavoj Žižek invites readers to consider a dialectical theology for the third millennium grounded in nonduality and expressed from a pentecostal perspective Amos Yong has laid a valuable foundation for such an approach though his work stops short of fully achieving nondualism Despite highlighting diverse voices within pentecostal theology through Pentecost inspired themes systematic complexity and interdisciplinary input Yong still speaks of God in dualistic terms This work identifies missed opportunities to move beyond dualism and addresses them through a coherent nondualistic framework With the aid of Slavoj Žižek the pentecostal imagination reconfigures the essential themes of Yong's theology resulting in a fresh take on pentecostal theology committed to the richness of connection and the expansive potential of becoming

Adultery in the Spirit Artusard Renault, Artemio Sagunsin, 2025-11-07 This reveals the many unbiblical practices of the professed Christian congregations and the growing numbers of churches with different motives from different parts of the world This book is timely designed for those souls to be enlightened about the truth that is being deprived of them to be saved Visit this website's link <https://tinyurl.com/renaultbest>

The Spirit of Liberation Tae Wha Yoo, 2019-12-30 With this study on Moltmann's pneumatology the author recently obtained the doctor's degree from the Faculty of Theology of the Free University in Amsterdam First of all the book provides us with a thorough evaluation of the role the Holy Spirit plays in the theology of Jürgen Moltmann in its subsequent phases The author's conclusion is that despite all differences there is one constant factor the Spirit is always connected with freedom The Holy Spirit according to Moltmann is a liberating power Because the author is eager to place Moltmann's pneumatology repeatedly in the context of his theology as a whole and of its developments this book offers and that is a second quality an outstanding insight in the whole of Moltmann's theology and its development throughout the years

God the Spirit Michael Welker, 2013-08-23 Welker sees Spirit as conflicted territory in a world alive with experiences of the Spirit searchings for Spirit and skepticism about the Spirit In a work that fuses the best of Continental theology with American process thought he looks first to the problem of religious experience in today's world and inchoate experiences of the power of the Spirit

The Spirit Is Moving: New Pathways in Pneumatology, 2019-02-26 The work of the Spirit of God is a vibrant and much discussed topic in many contemporary Christian communities worldwide Apparently the Spirit is moving Theological reflection on this phenomenon has even given rise to

what is often called a pneumatological renaissance This volume not only takes stock of these remarkable developments but also probes some of their hidden aspects and highlights avenues for future exploration It contains a wide ranging but coherent assortment of essays covering the five relations of the Holy Ghost distinguished already in the Nicene Constantinopolitan Creed how does the Spirit of God relate to the Bible to the Christ to the human person to the church and to the world These essays are written as a tribute to the many inspiring theological contributions of prof Cornelis van der Kooi on the occasion of his retirement as Professor of Systematic Theology at the Faculty of Religion and Theology Vrije Universiteit Amsterdam where he taught from 1992 until 2018 Contributors are Henk A Bakker Abraham van de Beek Erik A de Boer Carl J Bosma Gijsbert van den Brink Martien E Brinkman Gerard C den Hertog Arnold Huijgen Gerrit C van de Kamp Miranda Klaver Akke van der Kooi Margriet van der Kooi Dijkstra Bruce L McCormack Richard J Mouw Bert Jan Lietaert Peerbolte Eveline van Staalduine Sulman Eep Talstra Benno van den Toren Jan Veenhof Willem van Vlastuin Pieter Vos Michael Welker Cory Willson Maarten Wisse The Spirit of Sustainability Willis Jenkins, Whitney Bauman, 2009-11-01 The Spirit of Sustainability helps readers navigate the moral worlds and ethical concepts and social and religious practices related to sustainability In collaboration with the Forum on Religion and Ecology an established network of leading scholars it explores a wide range of topics and perspectives from the promise and problems of approaching sustainability through global and indigenous religions to major theories in philosophy and environmental ethics and professional practices and social movements This volume presents the various goals of sustainability ecological integrity economic health human dignity fairness to the future and social justice and provides a framework for reasoning through many interrelated environmental challenges for both current and future generations
