The Story Of The Regiment Classic Reprint:

The Story of the Regiment (Classic Reprint) William Henry Locke, 2018-03-22 Excerpt from The Story of the Regiment The first object sought in this volume is to put on permanent record the deeds of a brave and noble regiment and effort that will be fully appreciated by its numerous friends The author also designs that it should be a contribution to the general history of the war To secure such a history the story of each separate regiment must first be known The duties of the writer did not require him to carry either sword or musket and the story he here tells is made up from a note book never absent from him whether in camp or on the march When the original record sometimes made during a halt along the road side and sometimes in the midst of battle better tells the story that record is inserted day and date About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Story of a Regiment J. W. Bishop, 2018-02-26 Excerpt from The Story of a Regiment Being a Narrative of the Service of the Second Regiment Minnesota Veteran Volunteer Infantry in the Civil War of 1861 1865 In response to the often repeated request of my comrades now surviving of the Second Minnesota Regiment I recently promised to write a connected narrative of the service of the regiment from 1861 to 1865 Having been the first man to be mustered into that regiment and the last man to be mustered out of it and having served continuously in it from first to last And having for more than half the term of service had the responsibility of its administration discipline and command it should not be a difficult task for me to make a continuous record of all important events in its history As moreover its services were always and everywhere honorable efficient and satisfactory it should be and is a labor of love to review and record them But amid the absorbing and varied cares of a busy life I have found it impossible to give to the work the continuous attention that is necessary to perform such work well and I should not be satisfied with It now if I could suppose that I should ever have the leisure time in which to improve upon it About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *A Journal of the American Civil War: V3-1* Theodore P. Powers,2015-07-01 Excerpt from The Story of the Thirty Eighth Regiment Of Massachusetts Volunteers In the following pages an attempt has been made to present a connected and reliable account of the movements of the Thirty Eighth Regiment of Massachusetts Volunteers during its term of service in the army of the United States It has not been the purpose of the writer to describe the movements of armies or chronicle the results of campaigns except to illustrate more fully the doings of the regiment Even in the record of battles he has rather endeavored to confine himself to the particular part taken by the regiment than to any more extended view and has preferred to give more prominence to those smaller matters peculiar to its experience Nothing has been drawn from imagination and no attempt made at word painting Neither has it been attempted to describe the scenery of the country or the manners of the people in the region where the regiment performed its service The scope of the work would not allow of this Where all or nearly all did their duty to the best of their ability it would be invidious to single out a few and bring them into prominent notice About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Story of a Regiment** E. Hannaford,2015-07-10 Excerpt from The Story of a Regiment A History of the Campaigns and Associations in the Field of the Sixth Regiment Ohio Volunteer Infantry In bringing to a completion the product of many weary hours labor extended over a period of more than two years it would be indecent should I omit to acknowledge the extent of my indebtedness to a large number of friends for their generous cooperation in furnishing data and materials of various kinds as well as for the constant encouragement and sympathy which have made possible what could never otherwise have been accomplished notwithstanding that my task has truly been a labor of love I desire to thank them all most heartily and if any of them turn from this volume with a feeling of a disappointment it is no more than I have done very many times during its preparations on account of the disparity between my design and the actual performance The map of the Cheat Mountain region was prepared expressly for this work by Mr George B Nicholson to whom my warmest thanks are due for great and constant assistance in many different ways and is I believe the only one extant that is worth the trouble of referring to in connection with the history of the campaign there in the fall of 1861 I regret that it has been impossible from pecuniary considerations to introduce more maps as at one time I hoped that I should be justified in doing but this is of the less consequence as good
