The Substitute Mommy:

The Mommy Myth Susan Douglas, Meredith Michaels, 2005-02-08 An analysis of the history of women in the United States in relation to motherhood Conquering the Beast Diane Fogyle, 2016-03-24 It was March 23 1956 at six thirty four in the morning a baby girl was born of six pounds She was perfect soft pink skin big blue eyes and barely enough blond hair to say she had hair She did not cry but was very content just needed the basics milk a diaper change and someone to love her and tell her she was special She was born to loveless parents she was twenty five and she was twenty Her name is Diane and she shared life with her four year old brother Scott What should have been a beautiful day and a beautiful life was not to be I was sired by a monster a beast a person who only thought of himself and whatever he thought he needed he took He ravaged my mother every nine months and she had a baby every year or two up to the time she committed herself to an institution Now it is 2015 and my story will be told I am fifty nine years old and have all the scars from being born by chance to these people I live in the South and have three children There are five grandchildren This is my story and it is written not to terrify the reader but to let you know the dangerous beasts that are out there waiting to destroy pieces of you My journey now is to heal and focus on myself I have loved my children too much and I can no longer fix a husband Today is my day The story passed to me about my personality is that a simple piece of bubble gum would make me happy that faithful and happy disposition has gotten me through many yesterdays There is a higher plan I must be patient to hear it revealed I will understand one day Please read this book and share it There are many victims You will never know them until you talk about sexual abuse Be kind Spread the joy *The Cursing Mommy's Book of Days* Ian Frazier, 2025-08-22 Based on his widely read columns for The New Yorker Ian Frazier's uproarious first novel *The Cursing Mommy's Book of Days* centers on a profoundly memorable character sprung from an impressively fertile imagination Structured as a daybook of sorts the book follows the Cursing Mommy beleaguered wife of Larry and mother of two boys twelve and eight as she tries more or less valiantly to offer tips on how to do various tasks around the home only to end up on the ground cursing surrounded by broken glass Her voice is somewhere between Phyllis Diller's and Sylvia Plath's a hilariously desperate housewife with a taste for swearing and large glasses of red wine who speaks to the frustrations of everyday life Frazier has demonstrated an astonishing ability to operate with ease in a variety of registers from *On the Rez* an investigation into the lives of modern day Oglala Sioux written with a mix of humor compassion and imagination to *Dating Your Mom* a sidesplitting collection of humorous essays that imagines among other things how and why you might begin a romance with your mother Here Frazier tackles another genre with his usual grace and aplomb as well as an extra helping of his trademark wicked wit *The Cursing Mommy's* failures and weaknesses are our own and Frazier gives them a loving satirical spin that is uniquely his own **Women Characters in Baseball Literature** Kathleen Sullivan, 2005-05-25 Since the early 20th century American writers have both recorded and fictionalized the real life activities of great athletes as well as created original characters for sports stories How have women

fared in this literature Women Characters in Baseball Literature is the first comprehensive evaluation of the women characters of baseball literature including women s crucial roles on and off the field of play Applying several feminist theories and examining the works in the context of both myth and psychology the author discusses baseball fiction written by both men and women Among the topics discussed are the literary implications of motherhood how patterns of behavior in women characters often recall Greek goddesses and how women characters and the feminist imagination enrich the literature of this apparently masculinized sport Authors covered include Bernard Malamud Mark Harris August Wilson Lamar Herrin Nancy Willard Silvia Tennenbaum Karen Joy Fowler and others **Actos Desafiantes** Diana Raznovich,2002 This bilingual collection of four of Diana Raznovich s plays Disconcerted Inner Gardens MaTriX Inc and Rear Entry amply demonstrates the role of humor in dealing with a broad range of issues relationships sexuality stereotypes censorship and the consumer society in which emotions are bought and sold **Women Writing Women** Teresa Cajiao Salas,Margarita Vargas,1997-02-13 Translations of eight plays by acclaimed women playwrights Isidora Aguirre Chile Sabina Berman Mexico Myrna Casas Puerto Rico Teresa Marichal Puerto Rico Diana Raznovich Argentina Mariela Romero Venezuela Beatriz Seibel Argentina an **The Organization of Attachment Relationships** Patricia McKinsey Crittenden,Angelika Hartl Claussen,2003-06-16 This volume first published in 2000 presents a theory on attachment that broadens its range to ages beyond infancy *My Mother who Fathered Me* Edith C. Clarke,Edith Clarke,1999 This expanded new edition of Edith Clarke s groundbreaking work *My Mother Who Fathered Me* includes material taken from her personal collection in the Jamaican archives published reviews of the earlier edition and a foreword by Rex Nettleford **Latin American Women On/In Stages** Margo Milleret,2012-02-16 While a feminine perspective has become more common on Latin American stages since the late 1960s few of the women dramatists who have contributed to this new viewpoint have received scholarly attention Latin American Women On In Stages examines twenty four plays written by women living in Argentina Brazil Chile Costa Rica Mexico Puerto Rico and Venezuela While all of the plays critique the restraints placed on being female several also offer alternatives that emphasize a broader and healthier range of options Margo Milleret using an innovative comparative and thematic approach highlights similarities in the techniques and formats employed by female playwrights as they challenged both theatrical and social conventions She argues that these representations of women s lives are important for their creativity and their insights into both the personal and public worlds of Latin America *Children , **Female Subjectivity in Women's Writing*** Hatice Yurttas,2023-09-21 This volume discusses how Angela Carter s *Nights at the Circus* Margaret Atwood s *The Blind Assassin* and A S Byatt s *Morpho* Eugenia approach the question of female subjectivity and how they relate this question to language and literature It shows that the conscious intertextuality and genre transgressions in these writings reflect the authors awareness of the woman writer s problematic position in the literary tradition which does not allow woman a subject position In this discussion Luce Irigaray s criticism of language and theory as

the producer and ally of the patriarchal order is used as the main reference point The book reads these in the light of Irigaray's analyses of how language creates the category of woman It highlights that Atwood and Carter are more in accord with Irigaray's insistence on a language that can produce a female subjectivity by acknowledging representing and symbolizing the desire of and for the mother while Byatt on the other hand suffices with deconstructing the male subject without devising a subjective identity for women

I Could Not Call Her Mother Leslie J. Lindenauer, 2013-11-22 Stories of the stepmother the substitute mother or the other mother have infused popular culture for centuries and continue to do so today She plays a substantial role in our collective imagination whether we are a part of a step family or not Despite the fact that the stepmother remains a prevalent figure both in popular culture and reality scholars have largely avoided addressing this fraught figure *I Could Not Call Her Mother* explores representations of the stepmother in American popular culture from the colonial period to 1960 The archetypal stepmother appears from nineteenth century romance novels and advice literature to 1930s pulp fiction and film noir Leslie J Lindenauer argues that when considered in her historic context the stepmother serves as a bellwether for changing constructions of motherhood and family She examines popular culture's role in shaping and reflecting an increasingly normative middle class definition of the ideal mother and family which by the 1920s became the dominant construct Lindenauer adds to the rich and growing literature on the history of motherhood It echoes and is informed by the scholarship that has defined ideal motherhood as a moving target historically constructed In so doing it illuminates the relationship between ideal motherhood and ideal womanhood

Games and Play in the Theater of Spanish American Women Catherine Larson, 2004 In the seventeen dramatic texts examined in this study women writers from Spanish America have self consciously incorporated games into their plays structures to highlight from a woman s perspective the idea that life as well as the theatre is a game Some dramas are so overtly about games that the

word appears significantly in their titles Others reflect game playing in less direct ways or connect metatheatrical examinations of role playing to the ludic In every drama examined however a game of some sort plays a key role in the construction of the playtest By looking at the nature and number of the games played in these women authored dramas from the past fifty years we can see the ways in which play is used to effect social control and the connections between play and aggression gender history and politics In these representative dramas the theatre serves as a vehicle for encouraging audiences to think about if not act upon the issues that have shaped Spanish America Games rules winners and losers join together as the playwrights explore events and times of fundamental importance in the countries historical and political evolutions

Mahler, 2018-06-12 The biological birth of the human infant and the psychological birth of the individual are not coincident in time The former is a dramatic observable and well circumscribed event the latter a slowly unfolding intra psychic process Thus begins this highly acclaimed book in which the author and her collaborators break new ground in developmental psychology and present the first complete theoretical statement of the author's observations on the normal separation individuation process Separation and individuation are presented in this major work as two complementary developments Separation is described as the child's emergence from a symbiotic fusion with the mother while individuation consists of those achievements making the child's assumption of his own individual characteristics Each of the sub phases of separation individuation is described in detail supported by a wealth of clinical observations which trace the tasks confronting the infant and his mother as he progresses towards achieving his own individuality
