Building Your Best Life Merie Weismiller Wallace, 2024-05-21 You might be surprised to know how many adults pick up their heads

one day and ask themselves how did I end up here Merie Weismiller Wallace a still photographer who has worked on some of Hollywood s most interesting films reveals things she learned and ideas she discovered that allowed her to create a uniquely wonderful life It all started when Merie was failing in junior high then imagined exactly what she would prefer and through an odd combination of events and persistence she found her dreams and aspirations coming true At the time no one told her that she had used a technique of visualization that successful people use purposefully Even though she never knew that most of the ideas and techniques in this book existed she began to have a gut feeling that there was more to life than people were telling her about Building Your Best Life will help you discover your authentic self and break through uncertainty It offers new options and ways of thinking so that you too can build yourself a personally fulfilling and meaningful life

Extraterrestrial Legacies of God, Jesus, and the Angels Raphael-Seraphin Kutota Basisa,2024-01-03 About the Book In some way or form this book is unassumingly a nicer and a more logical organization and interpretation of compounding existing religious writings from a variety of walks of life Herein they are presented as proof drawn synthetically from those multitude of intellectual sources written over the last 4 000 years evidencing that the central figure of the persona translated as the reincarnation of almighty God of Israel himself in Christian literature is simply another Extraterrestrial Alien visiting Planet Earth for a purpose Another visitor just like those well known Anunnaki the Elohim the Nephilim the Sons of God the Watchers the renegade Angels or other entities over several millennia ago And in the many ways how it is related to the current humanity s most pressing problem of whether we are alone and unique in the Cosmos as it is linked to the much witnessed UFO encounters phenomenon It also well outlined the latent consequences resulting from what is presented as postulate About the Author Raphael Seraphin Kutota Basisa currently resides in Lynn Massachusetts He would consider himself a futurist a researcher a world s concerned citizen and a great human being He is a chemical engineer by training and earned an MBA and an ABD in Applied Management and Public Policy He has written and published several technical and non technical documents commentaries articles papers and other books along the subjects of his expertise He believes in extraterrestrial life in regard to religion Basisa is a person whose research helped to recognize early on the theory that we are all descendants of Extraterrestrials and Cosmic religiosity should be recognized in modern theology *Off the Hook* Earl Wayne Heflinger,2018-03-15 The author uses his own personal story of being born into a Christian fundamentalist family with extreme beliefs to paint a vivid picture of what life is like in toxic ideologies such as fundamentalist religion The book has three parts The first describes the spiritual abuse of his childhood due to stifling rules and restrictions inflicted by his parents caught up in their church s teachings on his thought processes and behavior The remarkably poignant stories show in painful detail how his self esteem was crushed how he was never intended to think for himself and how he was made to feel different and totally out of place in the world all by loving but misguided parents During his school days his social life was severely stunted because he felt like an outsider everywhere but in church The second part discusses his lifelong struggle

with spiritual healing and his transition from a spoon fed belief system to a personally chosen worldview He thoughtfully muses about all the significant elements of religious spiritual belief systems God Jesus the Bible sin morality science life after death marriage divorce and others and contrasts his evolving beliefs with those of organized religion This is presented to give the reader a comprehensive illustration of how one particular seeker has constructed a personalized belief system through continual rethinking and updated understanding The third part calls on the authors advanced education and professional experience in business and government in analyzing and developing systems and procedures It describes with a wealth of tips and checklists the process by which he escaped a toxic ideology and came to feel intellectually free and off the hook It ends with heartfelt encouragement for anyone similarly affected by repression to accept all available helpful resources and muster the determination to claim their personal power

Coming Out of the Illusion Christopher Link, 2020-04-13 There comes a time when being terribly lost without a clue and having the proverbial black cloud over one's head must come to an end It doesn't matter how screwed up your life has been with a rough childhood or now as an adult I have learned that our life experiences no matter how terrible don't have to shape who we are or who we become For instance I personally was in and out of foster homes from about age four to eighteen I had to overcome tremendous obstacles to bring this book to you The number one lesson for everybody is When you get knocked down get up again and stand a little taller than you did before until your foundation is unbreakable Something More where is it I think everybody at one point or another has asked themselves this Looking up at the stars in wonderment at a very young age is where it all begins All beings are aware of their surroundings and figure out really quickly something is wrong here on this beautiful planet Earth There are plenty of indicators such as Violence and war domination and hate racial profiling and human suppression working for survival and fighting over resources and or the need for money debt creation These things are part of our collective third dimensional consciousness and are no longer necessary as we advance mature together So what are we looking for What is the true reality How can we better ourselves How do we awaken to and find our true self again Where is the love joy grace morals

compassion unity we know are the truth behind this existence The most important question for us all to ask ourselves is How do we break through the false reality that we have created for ourselves and the planet and keep our light shining never to be hidden under veils of illusion again We will explore this thing called life through our own self realization together and find some answers to these questions

UFOs, Conspiracy Theories and the New Age David G. Robertson,2016-02-25 How and why were UFOs so prevalent in both conspiracy theories and the New Age milieu in the post Cold War period In this ground breaking book David G Robertson argues that UFOs symbolized an uncertainty about the boundaries between scientific knowledge and other ways of validating knowledge and thus became part of a shared vocabulary Through historical and ethnographic case studies of three prominent figures novelist and abductee Whitley Strieber environmentalist and reptilian proponent David Icke and David Wilcock alleged reincarnation of Edgar Cayce the investigation reveals that millennial conspiracism offers an explanation as to why the prophesied New Age failed to arrive it was prevented from arriving by malevolent hidden others Yet millennial conspiracism constructs a counter elite a gnostic third party defined by their special knowledge An overview of the development of UFO subcultures from the perspective of religious studies UFOs Conspiracy Theories and the New Age is an innovative application of discourse analysis to the study of present day alternative religion
