Swearer,2012-02-01 An unparalleled portrait Donald K Swearer's *Buddhist World of Southeast Asia* has been a key source for all those interested in the Theravada homelands since the work's publication in 1995 Expanded and updated the second edition offers this wide ranging account for readers at the beginning of the twenty first century Swearer shows Theravada Buddhism in Southeast Asia to be a dynamic complex system of thought and practice embedded in the cultures societies and histories of Thailand Myanmar Burma Laos Cambodia and Sri Lanka The work focuses on three distinct yet interrelated aspects of this milieu The first is the popular tradition of life models personified in myths and legends rites of passage festival celebrations and ritual occasions The second deals with Buddhism and the state illustrating how King Asoka serves as the paradigmatic Buddhist monarch discussing the relationship of cosmology and kingship and detailing the rise of charismatic Buddhist political leaders in the postcolonial period The third is the modern transformation of Buddhism the changing roles of monks and laity modern reform movements the role of women and Buddhism in the West **Right Concentration** Leigh Brasington,2015-10-13 A practical guidebook for meditators interested in achieving the states of bliss and deep focus associated with the Buddhist jh nas One of the elements of the Eightfold Path is Right Concentration the one pointedness of mind that together with ethics livelihood meditation and more leads to the ultimate freedom from suffering So how does one achieve Right Concentration According to the Buddha himself the jh nas a series of eight progressive altered states of consciousness are an essential method But because the jh nas can usually be achieved only through prolonged meditation retreat they have been shrouded in mystery for years Not anymore In *Right Concentration* Leigh Brasington takes away the mystique and gives instructions on how to achieve them in plain accessible language He notes the various pitfalls to avoid along the way and provides a wealth of material on the theory of jh na practice all geared toward the practitioner rather than the scholar As Brasington proves these states of bliss and concentration are attainable by anyone who devotes the time and sincerity of practice necessary to realize them *Money is a Verb* Kelycya G. Gyldanyro,2025-10-23 This book makes a broad and visionary attempt at connecting two schools of thought the importance money holds for us collectively and individually as well as the importance of getting to know who we really are As the title implies it offers a very different way to view our relationship with money and will likely challenge many societal and familial assumptions Money can function as a way to measure the value of a thing or commodity but the author does not believe we should use it as a way to measure the value of human life That is why she refers to money as a verb instead of a noun *Money Is a Verb* is based on the premise that we deserve to be supported and nourished simply for being alive **Realizing Awakened Consciousness** Richard P. Boyle,2015-06-02 If as Buddhism claims the potential for awakening exists in all human beings we should be able to map the phenomenon with the same science we apply to other forms of consciousness A student of cognitive social science and a Zen practitioner for more than forty years Richard P Boyle brings his sophisticated perspective to bear on the development of a theoretical model for both ordinary and awakened consciousness Boyle conducts probing interviews with eleven prominent

Western Buddhist teachers Shinzen Young John Tarrant Ken McLeod Ajahn Amaro Martine Batchelor Shaila Catherine Gil Fronsdal Stephen Batchelor Pat Enkyo O Hara Bernie Glassman and Joseph Goldstein and one scientist James Austin who have experienced awakening From the paths they traveled to enlightenment and their descriptions of the experience he derives three fundamental properties of awakened consciousness He then constructs an overarching model that explains how Buddhist practices help free the mind from attachments to reality and the self and make possible the three properties of awakening Specifically these teachers describe how they worked to control attention and quiet the mind detach from ideas and habits and open themselves to compassion Boyle s account incorporates current theories of consciousness sociological insights and research in neuroscience to advance the study of awakened consciousness and help an even greater number of people to realize it **Tricycle** ,2007 *Logic of the Powers* Pak Nung Wong,2021-07-29 What global future would ensure hope justice and peace to the human mankind In view of a fast evolving post Covid world order this volume explores a novel Christian post colonial approach to global affairs It examines the existing sociology of the powers theoretical scheme the debate between Christian realism and Christian pacifism the method and practice of prophetic witnessing to elaborate a new Christian approach to statecraft and futurology in terms of theory methodology and ontology This book Uses the COVID 19 pandemic as the background to examine why and how the pandemic has accelerated the US s decline and to identify the tacit game rules that contributed to the UK government s mishandling of the pandemic Compares the political systems between China and the West and engages with selected theoretical narratives from the Global South to envision an alternative shared globalisation project Argues why it is important for post colonial Christian individuals and communities to get involved in this global discussion for a new world order of complex realist interdependencies grounded on hope social justice and peace A fresh take on global politics and international relations this volume will be of great interest to scholars and researchers of political science religious studies peace studies theology and future studies **Votre ultime plan de vie** Jennifer Howard,2014-07-18T00:00:00-04:00 Votre ultime plan de vie vous aidera am liorer chaque instant de votre vie en vous apprenant comment b tir la confiance pour liminer ce qui vous bloque la force pour passer de l ego bless au Moi sacr le courage pour faire des choix plus avis s en plongeant dans les quatre dimensions le succ s pour acc der au plan suivant de bonheur de clart et de transformation Votre ultime plan de vie est la synth se des vingt ann es de travail de Jennifer Howard en tant que psychoth rapeute et enseignante spirituelle Ce livre atelier vous aidera plus qu comprendre votre totalit il vous la fera vivre **L'esprit est son propre mdecin** Jon Kabat-Zinn,Richard Davidson,Zara Houshmand,2014-05-14T00:00:00-04:00 On le sait la m ditation en plus d accro tre le bien tre permet de devenir un meilleur tre humain et d avoir de meilleures relations avec les autres Et si la m ditation pouvait aussi acc l rer le processus de gu rison physique L esprit est son propre m decin propose des r ponses cette question que se posent de plus en plus des scientifiques du monde entier En 2005 la conf rence Mind and Life XIII a r uni autour du dala lama outre les auteurs des psychologues des
