

The background of the book cover is a vibrant, multi-colored nebula or galaxy. A small, silhouetted figure of a person stands on a bright, glowing band of light that curves across the middle of the image. The colors range from deep blues and purples to bright yellows and oranges. The overall effect is one of vastness and wonder.

Before We Leave You Patricia Cori, 2011-04-26

What if whales and dolphins truly do have a superior intellect as many believe and can speak to the human race What would their message be In November 2008 gifted clairvoyant Patricia Cori was in Jordan teaching a workshop when a life changing event occurred A community of Cetaceans a choir of whales and dolphins as she describes it interrupted her talk with a frantic plea for help Cori was suddenly witness to a devastating scene of suffering a communal grieving of scores of whales and dolphins frenzied lost and dying This was the first of several terrifying calls for help all of which were immediately followed by mass suicide events as these majestic creatures collectively chose to leave us and our planet These troubling incidents evolved into the stream of messages for humanity that Cori reveals in this extremely timely work The whales and dolphins present their deep understanding of our urgent global situation calling for the human race to restore balance to our ecosystems especially our dying oceans For the first time we read the communications of the Cetaceans and their story of devotion and celebration of life on the Great Planet Earth We are also given a glimpse of their role in the unfolding of galactic events throughout our solar system and the message is clear We must wake up and realize that our continued abuse of the environment is altering the course of Gaia's progression to the next dimension Without the whale and dolphin song without these musicians who hold the oceans in balance we risk our advancement through the ascension process for which our entire solar system is destined Before We Leave You is a roadmap to that higher future and a pathway to global transformation

starseeds are born with an inherent spiritual awareness that sooner or later leads them to question the nature of reality. Often these individuals feel they don't belong here. Since childhood they have challenged many of the teachings they receive. It is as though they are immune to the mundane and are aware of another reality. Their journey is the mystical and metaphorical journey of the hero: the journey to leave home, delve into the depths, and return home once again, but this time with wisdom. If you identify with some of the ideas in this book, it is very possible that you too are an incarnated angel or a starseed.

The Cosmos of Soul Patricia Cori, 2010-05-18. The first of the pioneering trilogy, *The Sirian Revelations*, offers cosmic wisdom to help humankind realize its highest potential. *The Cosmos of Soul* offers a bracing tonic to the shadow of war, disease, and other grim phenomena of contemporary life. The solution, according to noted clairvoyant Patricia Cori, is to awaken into the richer, more meaningful and empowered existence that is our true fate. Through her psychic contacts with more evolved beings, Cori offers timely insights into the ethics of cloning, the dangers of the Internet, the truth about the AIDS virus, genetic engineering, and other information of special interest. Of special interest are the author's predictions of what to expect after 2012, the closing of the Mayan Calendar, a time of galactic events that may change life forever.

The New Sirian Revelations Patricia Cori, 2017-12-05. In July 1996, during an extraordinary out-of-body journey through the Milky Way and other galaxies, Patricia Cori was reconnected and attuned to a group of interdimensional light beings that she and her many readers came to know through the first *Sirian Revelations* transmissions as the Sirian High Council. During her remarkable mission as their Scribe, she has shared the insights of six dimensional Sirian Light Emissaries through the books and teachings that have transformed readers over the past decades. Now twenty years from the date of the first transmission, Cori shares new revelations that affirm the veracity of past prophecies and transmit new visions for the human race as we ascend through the outer reaches of the fourth dimension into new levels of conscious awareness and parallel realities as we prepare for our imminent emergence. Called a real-life Indiana Jones by fans and readers around the world, Cori is one of the most well-known and established authorities on multidimensional realities that challenge the status quo. Her messages from distant realms empower readers to look at the dark side to understand it, but to focus on the light for all humankind and the earth. In this new book, the Sirians once again hold us to our responsibility as guardians of this planet with sound direction and advice for how to get through these shifting sands of our transition. Their discussions delve into many of the most crucial issues of our time, including the merging of human mind and artificial intelligence, exoplanetary migration from the earth, and what that means to planets that will receive us, coming clean about cloning, the care and feeding of the human being, and the slipping of time as we know it. As the struggle between darkness and light is being fought at every level, Cori reminds us to take comfort in the fact that the Sirian High Council foresaw and told us how this time of immense upheaval would be the last phase of our passage out of the darkness and into the light of far more illuminated states of being.
