The Strontian Factor A Deadly Delusion:

The Strontian Factor Mason N. Forbes, 2013-12-24 The Strontian Factor is a chilling edge of your seat psychological thriller A must read for fans of Robert Ludlum Frederick Forsyth and John Grisham The evidence is scant the connection unknown and the reason a mystery Jamie Strachan a top class defence analyst is faced with a seemingly impossible task he must link the death of his brother in law to an ex Fallschirmjäger and a devout pharmaceutical magnate With the help of a high ranking police officer and the tacit support of the Secretary to the British Cabinet Jamie exposes a scheme of immense magnitude the consequences of which would lead to a conflagration between the West and the Islamic and the Developing worlds Mason Forbes takes the reader on a breathtaking high speed quest from the Highlands of Scotland to the Pacific Northwest and back to Europe in an attempt to prevent a crime against humanity What readers and reviewers are saying about The Strontian Factor A tight scenario that just is so scary close to reality M Solis Wow this thriller has everything you could ask for Good Vs Evil plot twists turns and kidnapping All which come together in an explosive conclusion Amanda Horan Intricately woven this novel has everything you want in a crime thriller A Martin Cleverly written story with perfectly gauged amounts of intrigue and mystery Karl Fascinating characters both good and evil plot twists murder kidnapping heart in the mouth moments Pat O Meara A compelling exciting and action packed thriller Amelia Wallace Pre release review from MeghanTOP 500 REVIEWER Mason Forbes The Strontian Factor brings the reader to a familiar territory one that earlier writers like Robert Ludlum had structured and crafted But to say that Forbes book is like Ludlum s does not do it justice as Forbes has his own literary style his writing is as crisp and sharp as a broadsword Forbes is clearly a seasoned author in complete control of his powers And it s most obvious on every page of this book At the heart of The Strontian Factor is Jamie Strachan s struggle to come to terms with the deaths of people close to him But even as he attends his brother in law s funeral Strachan wastes no time in trying to connect the dots poking his nimble mind fingers into what doesn t seem to make sense that is until a suspicious accident occurs and sets off his internal alarm Someone s out to kill another of the few people closest to his heart and Strachan must know why and how in order to stop it in its tracks only it s so much bigger than his own personal affairs And from here on the cascade of consequences will grip you and compel you to keep on turning the pages Forbes has the uncanny knack for weaving intricate narrative threads together cleverly herding them all to a single gestalt It s almost breathtaking to watch this take place from Strachan to Clive Patterson s team to the many ordinary lives that serve as collateral damage yet still enrich and humanize and make the story much more believable and therefore lends it that all important emotional gravitas Overall The Strontian Factor is an instant classic suspense thriller everything you ve ever liked about seemingly unstoppable villains cleverly written with believable characters and the tight sinew of suspense and layer of mystery that strongly hold the plot together it s all here But as the book is not really the sum of its parts I ll just emphasize this is a hugely entertaining book that I m betting will soon be optioned to be made into an actual movie Fans of

the genre will devour every word of this book as it deserves all the five star ratings it eventually gets
