The Social Worlds Of The Unborn Palgrave Pivot:

The Social Worlds of the Unborn D. Lupton, 2013-06-19 Human embryos and fetuses are highly public and contested figures Their visual images appear across a wide range of forums They have become commercial commodities as part of the IVF industry and are the focus of intense debates regarding concepts of personhood This book discusses these issues drawing on social and cultural theory and research

Visualising Facebook Daniel Miller, Jolynna Sinanan, 2017-03-07 Since the growth of social media human communication has become much more visual This book presents a scholarly analysis of the images people post on a regular basis to Facebook By including hundreds of examples readers can see for themselves the differences between postings from a village north of London and those from a small town in Trinidad Why do women respond so differently to becoming a mother in England from the way they do in Trinidad How are values such as carnival and suburbia expressed visually Based on an examination of over 20 000 images the authors argue that phenomena such as selfies and memes must be analysed in their local context The book aims to highlight the importance of visual images today in patrolling and controlling the moral values of populations and explores the changing role of photography from that of recording and representation to that of communication where an image not only documents an experience but also enhances it making the moment itself more exciting

Law Through the Life Course Jonathan Herring, 2021-05-03 This book is the first to explore the interactions of the law with the life course in order to understand the complex life journey as a whole Jonathan Herring reveals how the law privileges middle age to the detriment of the whole life story and explains why an understanding of the life course is important for lawyers

The Maternal Imagination of Film and Film Theory Lauren Bliss, 2020-09-03 This book challenges common sense understandings of the unconscious effects of cinema and visual culture It explores the castrating power of the early modern witch and the historical belief that pregnant women could manipulate and distort body image as figurative analogies for feminist theories of objectification and the male gaze Through developing this history as an impure but lively analogy this book serves as a provocation against the dominant imagining of objectification It offers innovative analyses of a wide ranging selection of films and topics including Joyce Wieland's *Water* 1964 and its resonance with the works of John Cage and Stan Brakhage the documentary *Histoires d'A* A History of Abortion 1973 which contributed to the successful legalisation of abortion in France the Hong Kong horror film *Dumplings* Jiaozi 2004 where foetal cannibalism serves up an image of censorship and the dual productions *The Book of Mary* *Le livre de Marie* and *Hail Mary* *Je vous salue Marie* 1985 by Anne Marie Mi ville and Jean Luc Godard that figure a self reproducing virgin who hears herself while remaining a virgin unseen

Health Education Katie Fitzpatrick, Richard Tinning, 2014-02-05

Health Education Critical perspectives provides a socio cultural and critical approach to health education The book draws together international experts in the fields of health and education who deconstruct contemporary discourses and practices and re imagine a health education that both connects with young people and offers a way forward in addressing issues of health and wellbeing Chapters within specifically link academic work on neoliberalism healthism risk and the body to wider discourses of health and health education They challenge current practices and call for a re thinking of current health programs in education settings A unique feature of this book is the analyses of health education from both political and applied levels across a range of international contexts The book is divided into three sections the social and political contexts informing health education how individual health issues sexuality alcohol mental health the body and obesity nutrition articulate in education in complex ways alternative ways to think about health and health education pedagogy The overall theme of the book offers a perspective that the current approach to health education promoting a fear of ill health self surveillance and individual responsibility can become a form of health fascism and we need to be cognisant of this potential and its consequences for young people The book will be of key interest to academics and researchers exploring the political context of health education

Instagram Tama Leaver, Tim Highfield, Crystal Abidin, 2020-01-22 Instagram is at the heart of global digital culture having made selfies filters and square frames an inescapable part of everyday life since it was launched in

2010 In the first book length examination of Instagram Tama Leaver Tim Highfield and Crystal Abidin trace how this quintessential mobile photography app has developed as a platform and a culture They consider aspects such as the new visual social media aesthetics the rise of Influencers and new visual economies and the complex politics of the platform as well as examining how Instagram s users change their use of the platform over time and respond to evolving features The book highlights the different ways Instagram is used by subcultural groups around the world and how museums restaurants and public spaces are striving to be Insta worthy Far from just capturing milestones and moments the authors argue that Instagram has altered the ways people communicate and share while also creating new approaches to marketing advertising politics and the design of spaces and venues Rich with grounded examples from across the world from birth pictures to selfies at funerals Instagram is essential reading for students and scholars of media and communication

Invisible Labours Aimee Louise Middlemiss, 2024-02-02 Tracing women s experiences of miscarriage and termination for foetal anomaly in the second trimester before legal viability shows how such events are positioned as less real or significant when the foetal being does not or will not survive Invisible Labours describes the reproductive politics of this category of pregnancy loss in England It shows how second trimester pregnancy loss produces specific medical and social experiences revealing an underlying teleological ontology of pregnancy Some women then understand their pregnancy through kinship with the unborn baby

Tangled Diagnoses Ilana Löwy, 2018-04-19 Since the late nineteenth century medicine has sought to foster the birth of healthy children by attending to the bodies of pregnant women through what we have come to call prenatal care Women and not their unborn children were the initial focus of that medical attention but prenatal diagnosis in its present form which couples scrutiny of the fetus with the option to terminate pregnancy came into being in the early 1970s Tangled Diagnoses examines the multiple consequences of the widespread diffusion of this medical innovation Prenatal testing Ilana L wy argues has become mainly a risk management technology the goal of which is to prevent inborn impairments ideally through the development of efficient therapies but in practice mainly through the prevention of the birth of children with such impairments Using scholarship interviews and direct observation in France and Brazil of two groups of professionals who play an especially important role in the production of knowledge about fetal development fetopathologists and clinical geneticists to expose the real life dilemmas prenatal testing creates this book will be of interest to anyone concerned with the sociopolitical conditions of biomedical innovation the politics of women s bodies disability and the ethics of modern medicine
