John Romita Sr is as synonymous with Marvel as is Stan Lee Stan was the definitive writer and visionary of the Marvel
Universe but Jazzy John was the ultimate catcher to all of Stan s pitches Arguably the most important contributor to Marvel
canon with Jack Kirby and arguably the definitive Spider Man artist John Romita has left his mark creating defining and or
designing some of Marvel s most well marvelous characters From being in our humble opinion the definitive Spider Man
artist to helping design many of Marvel s major characters from Wolverine and the Punisher to Spider Woman The Kingpin
and so many more And though it was Stan Lee and Steve Ditko who co created Spider Man and Peter Parker and helped us
love the boy with the problems we all grew up with it was Jazzy John who allowed Peter to grow up and have the same
problems many had growing up and glamorized Peter Parker and rounded out his stable of characters from Gwen Stacy and
Harry Osborne and who also gave us the unbelievable entrance by Mary Jane Watson showing us just how Peter had hit the
jackpot And John Romita Jr has also created a rich body of work that few can follow in his footsteps Having outgrown the
shadow of his father early in his career John Romita Jr has shown the world why he is Mr Marvel From his early days working
with Bob Layton on the Iron Man issues featuring the controversial issues of Tony Stark s alcoholism to his jump to stardom
in the early 90 s on the Uncanny X Men almost a decade after his first stint on the Uncanny X Men with Chris Claremont to
his unbelievable work on Daredevil Man Without Fear with Frank Miller and Al Williamson John proved that he was one of
only a few artists who can shine working with a master such as Frank Miller Moving in to the new millennium John s work on
Thor was nothing short of amazing as well as working on Daredevil with Ann Nocenti and Al Williamson But nothing has been
more tailor made for John Jr s art than Marvel s flagship title Spider Man His return on Peter Parker Spider Man proved that
he was Marvel s best choice for a Spider Man artist and when Joe Michael Straczynski took hold of Marvel s flagship title it

was John Jr's art that made the great stories shine as well as they did. One thing that's kept John's art fresh is his ability to move from character to character. It definitely is bitter sweet to see John leave Spider-Man and run around the Marvel Universe on characters such as The Eternals with Neil Gaiman proving that once again John Jr is the artist's artist who can tackle such great projects and even on his run on the World War Hulk, yes Hulk does indeed Smash one is mesmerized by his incredible artwork. What's amazing is that as of this writing John Romita Jr will be returning to Amazing Spider-Man 568 and this fan Nick Barrucci, President of Dynamic Forces, feels the excitement and energy to his return. These are the things that we live for in comics; it's rare to know when a series is going to be great because a great artist is working on it. We are fortunate to be on the ground floor again, but the anticipation is something that will only be quenched with the first read of a series that will be great. The Romitas are one of the few royal families in comics. If you haven't had a chance to fully appreciate their work, here's your chance; it's a fun ride. I hope you enjoy it as much as we have in putting this book together. With an introduction by Alex Ross and an afterword by Stan Lee, this hard cover book is perfect for every Spider-Man fan, young and old.
