Platt,2016-06-24 What does it take to be Present Sydney Platt takes us on an inner journey exploring the many facets of Presence with one goal in mind Reconnecting with the Essence of Who You Truly Are Stepping Into Presence is an experiential guide not just a book for the mind From its premise that the main obstacle to Being Present is a deep sense of Disconnection from the soul what it takes to live in presence is explored from many perspectives This involves delving into all the dimensions of human existence Spirit Thought Emotion and Physical senses STEP If you wholeheartedly engage yourself in its pages it is expected that you will Understand how your deepest fears originate and function under the radar to keep

you out of the present Discover why the Personality is the most powerful force that blocks the full expression of who you truly are Get savvy to the hidden agenda of your personality and learn to sidestep its unconscious motives and unproductive directives Become more aware of how you disconnect from the flow of Life and all its dimensions Explore ways to resonate with the qualities of Presence so you can be happier calmer and more fully present Calm allows us to process our experience completely and helps us access the resources present within the well of our soul from Chapter 21 Sydney Platt has written a remarkably thorough guide to personal transformation weaving together many systems of consciousness At the completion of each section she provides lovely meditations and prayers to help manifest the transformations Even advanced students of consciousness will find Sydneys book a valuable resource for deeper transformation Sandra Zimmer founder of the Self Expression Center and author of Its Your Time to Shine How to Overcome Fear of Public Speaking Develop Authentic Presence and Speak from Your Heart Rhythm Alchemy Martin Ivanov,2014-08-18 According to Socrates humans have nothing more to learn because we already know everything we need to know We have simply forgotten it A true teacher is one who can help us to remember forgotten knowledge The great Michelangelo perceived his unique creations in rough and uncultured stone blocks He said that to see the finished sculpture one only needs to eliminate the unnecessary particles and debris Just like these stone blocks we all possess hidden and forgotten wisdom To live our true nature we need to separate ourselves from our limited beliefs and understandings This is the very essence of the book you have in your hands Rhythm Alchemy is full of insights from ancient times and from our deepest self The book synthesizes the ancient knowledge of numbers the heartbeat the rhythm of breathing and our personal situation within the bigger universal vibrations as well as our interactions with people and nature around us Rhythm Alchemy offers invaluable knowledge about ourselves and the unique harmony between the human being his or her inner world his or her rhythm and the surrounding reality We may not realize how often we use musical terms like rhythm melody and harmony to refer to things which happen to us in our daily lives the rhythm of our heart how our feelings soar in space the melody of our personal inner voice trying to interweave with the harmony of other voices around us We are constantly seeking and wanting to write the composition of our happiness When we compose this work even though we tirelessly seek inspiration from outside us our score often stays blank This is because we do not pay sufficient attention to the true inspiration which lies within us In order to reach this inspiration we need to rebuild the bridges linking us to the roots of our true nature rhythm When we begin the intimate dance with the vibrations of our existence and begin to experience the real flavor of each wave which colors our emotions then we will attain the creative power of the composer expressed in what we call happiness Martin Ivanov s book Rhythm Alchemy provides us with the spiritual and physical parameters of our cosmic score It will guide us to our place in the composition and provide us with the ideas and knowledge we need to participate fully in both how to compose our life and fulfill our innermost dreams

openness companies that continue to neglect their community are poised for failure Hope for a healthy economy can be found in the untapped talent of our people and in a commitment to excellence as the means for awakening that talent In The Best in Us leadership expert and social ethicist Dr Cleve Stevens offers a daring and radical new take on leading that emphasizes the rigorous development of leaders and followers The new approach called transforming integrative leadership or simply transformative leadership is a compelling highly effective step by step process Dr Stevens shows what the transformative organization looks like and how the intended growth for the individual the organization and the bottom line is achieved

Thinking Nima Rezaei, Amene Saghaadeh, 2022-09-05 The THINKING Bioengineering of Science and Art is to discuss about philosophical aspects of thinking at the context of Science and Art External representations provide evidence that the fundamental process of thinking exists in both animal subjects and humans However the diversity and complexity of thinking in humans is astonishing because humans have been permitted to integrate scientific accounts into their accounts and create excellent illustrations for the effects of this integration The book necessarily begins with the origins of human thinking and human thinking into self and others body and life Multiple factors tend to modify the pattern of thinking They all will come into play by this book that brings thinking into different disciplines humanities natural sciences social sciences formal sciences and applied sciences The thinking demands full processing of information and therefore the book considers the economy of thinking as well The book thoroughly intends to explore thinking beyond the boundaries Specifically several chapters are devoted to discipline this exploration either by artistic thinking alone or by art and mathematics aided engineering of complexities In this manner the book models variations on thinking at the individual and systems levels and accumulates a list of solutions each good for specific scenarios and maximal outcomes

The Witch Studies Reader Soma Chaudhuri, Jane Ward, 2025-02-21 Stories about witches are by their nature stories about the most basic and profound of human experiences healing sex violence tragedies aging death and encountering the mystery and magic of the unknown It is no surprise then that witches loom large in our cultural imaginations In academia studies of witches rarely emerge from scholars who are themselves witches and or embedded in communities of witchcraft practitioners The Witch Studies Reader brings together a diverse group of scholars practitioners and scholar practitioners who examine witchcraft from a critical decolonial feminist perspective that decenters Europe and departs from exoticizing and pathologizing writing on witchcraft in the global South The authors show how witches are keepers of suppressed knowledges builders of new futures exemplars of praxis and theorists in their own right Throughout they account for the vastly different national political economic and cultural contexts in which the witch is currently being claimed and repudiated Offering a pathbreaking transnational feminist examination of witches and witchcraft that upends white supremacist colonial patriarchal knowledge regimes this volume brings into being the interdisciplinary field of feminist witch studies Contributors Maria Amir Ruth Asimwe Bernadette Barton Ethel Brooks Shelina Brown Ruth Charnock Soma Chaudhuri Carolyn Chernoff Saira Chhibber Simon Clay Krystal
