Mammoth Books presents The Region Between Harlan Ellison, 2012-07-26 The Region Between first appeared in Galaxy back in 1970. It had originally been commissioned as one of a set of stories by different authors who all used a common starting point as set out in the story's prologue written by Keith Laumer. Ellison's contribution was a longer work than one usually expects from him but it nevertheless sustains its bombardment of ideas and feelings throughout. What's more, Ellison created a story that demanded a different format to allow for full expression. The result was a typesetter's nightmare but as you will see, the experience now only makes this story all the more fascinating; it actually takes you into the story itself.
