The Story of Fish & Snail Deborah Jane Freedman, 2013 Every day Snail waits for Fish to return and tell him a story but their friendship is tested when Fish asks Snail to take a leap out of their book to actually see a new pirate book in the library

The Story of Fish and Snail Deborah Freedman, 2013-06-13 Every day Snail waits for Fish to come home with a new story Today Fish's story about pirates is too grand to simply be told Fish wants to show Snail But that would mean leaving the familiar world of their book a scary prospect for Snail who would rather stay safely at home and pretend to be kittens Fish scoffs that cats are boring Snail snaps back Is this book too small for the two feuding friends Could this be THE END of The Story of Fish and Snail Deborah Freedman author of Blue Chicken has created a sweet and playful story about friendship that truly jumps off the page

A Sea without Fish David L. Meyer, Richard Arnold Davis, 2021-12-22 A superbly written richly illustrated guide to the animals who lived 450 million years ago in the fossil rich area where Cincinnati Ohio now stands Rocks Minerals The region around Cincinnati Ohio is known throughout the world for the abundant and beautiful fossils found in limestones and shales that were deposited as sediments on the sea floor during the Ordovician Period about 450 million years ago some 250 million years before the dinosaurs lived In Ordovician time the shallow sea that covered much of what is now the North American continent teemed with marine life The Cincinnati area has yielded some of the world s most abundant and best preserved fossils of invertebrate animals such as trilobites bryozoans brachiopods molluscs echinoderms and graptolites So famous are the Ordovician fossils and rocks of the Cincinnati region that geologists use the term Cincinnati for strata of the same age all over North America This book synthesizes more than 150 years of research on this fossil treasure trove describing and illustrating the fossils the life habits of the animals represented their communities and living relatives as well as the nature of the rock strata in which they are found and the environmental conditions of the ancient sea A fascinating glimpse of a long extinct ecosystem Choice

Classroom Management Through Behavioral Interventions That Work : Tier Two Strategies Laura A. Riffel, Ph.D., Jessica R. Eggleston, Doctoral Candidate, 2016-08-29 This book focuses on tier two strategies for classroom management When teachers feel empowered with information classroom management is easier This book is filled with specific strategies based on Dr Riffel s Triple T Triple R chart The three T s are 1 Trigger what sets the behavior in motion 2 Target what behavior do you want to target for change and 3 impact what is the student gaining or escaping by engaging in this behavior The three R s to combat the three T s are 1 Revise the environment set the student up for success by changing the environment 2 Replace the behavior Teach the student what you want to see instead of telling them what not to do and 3 Reframe your response change how you react to the target behavior and feed the replacement behavior When these three formats are followed the behavior dissipates This book also includes specific strategies on many common classroom target behaviors This book coincides with Dr Riffel s Tier Two Training

Tell to Win Peter Guber, 2011-03-14 Stories have always had the power to move but it has only recently become clear that purposeful stories those created with a specific mission in mind

are essential in persuading others to support a vision or cause For Peter Guber what began as a knack for telling stories as one of the world s leading entertainment executives has evolved into a set of principles that anyone can use to achieve their goals whatever you do in life you need to be able to tell a good story In Tell to Win Guber explains how to move beyond PowerPoint slides and spreadsheets to create purposeful stories that can serve as powerful calls to action He reveals the best way to get noticed how to turn passive listeners into active participants and how technology can be used to ensure audience commitment Featuring wisdom from Guber s meetings with and lessons from everyone from Nelson Mandela to YouTube founder Chad Hurley and Muhammed Ali to Steven Spielberg who he tutored in making films Tell to Win entertainingly shows how to craft deliver and own a story that is capable of turning others into viral advocates for your goal

The Kindergarten Magazine ,1904 **Natural Histories** Stephen Lyn Bales,2025-10-22 In sixteen thoroughly engaging essays naturalist Stephen Lyn Bales ventures far and wide among the richly diverse flora and fauna of his native Tennessee Valley Whether describing the nocturnal habits of the elusive whip poor will the pivotal role the hedge plant Osage orange played in a key Civil War battle or the political firestorm that attended the discovery of a tiny fish dubbed the snail darter Bales illuminates in surprising ways the complicated and often vexed relationships between humans and their neighbors in the natural world Accompanied by the author s striking line drawings each chapter in Natural Histories showcases a particular animal or plant and each narrative begins or ends in or passes through the Tennessee Valley Along the way historical episodes both familiar and obscure the de Soto explorations the saga of the Lost State of Franklin the devastation of the Trail of Tears and the planting of a Moon Tree at Sycamore Shoals in Elizabethton are brought vividly to life Bales also highlights the work of present day environmentalists and scientists such as the dedicated staffers of the Tennessee based American Eagle Foundation whose efforts have helped save the endangered raptors and reintroduce them to the wild Arranged according to the seasonal cycles of the valley Bales s essays reveal the balance that nature has achieved over millions of years contrasting it with the messier business of human endeavor especially the desire to turn nature into a commodity something to be subdued and harvested Filled with delightful twists and turns Natural Histories is also a book brimming with important lessons for us all **Kindergarten Primary Magazine** ,1904 *The Kindergarten for Teachers and Parents* ,1904 *The Infant School* John Charles Gunn,1906 **The New Yorker** Harold Wallace Ross,William Shawn,Tina Brown,David Remnick,Katharine Sergeant Angell White,Rea Irvin,Roger Angell,1929 *Findings, September 2002* , *Endangered Species* Jan A. Randall,2018-01-18 A detailed exploration of the variety of threats that endangered species are facing around the world whether they are due to human impact or so called natural causes Endangered species is a more complex issue and problem than it may seem on the surface What species are endangered and what is causing them to become vulnerable to population decline How can essential industries such as farming housing development and manufacturing continue to thrive without harming flora and fauna that are protected Are current efforts adequate or should

more be done to protect endangered species And who should be responsible for the substantial costs of working to save endangered species Endangered Species A Reference Handbook begins with an introduction that addresses major threats and extinctions in history discusses the geographical and cultural contexts in which these incidents happened highlights other key moments along the endangered species timeline and clearly shows why the topic of endangered species matters The following sections examine an unbiased synthesis of classic and contemporary studies that inform the issue of endangered species and outline the most controversial events related to endangered species and the actions that have been taken to address them The book also presents perspective essays by scholars activists and other experts to provide diverse informed opinions on the issue of endangered species and includes a data and documents chapter that applies research finding to provide answers to questions like what species are most likely to become endangered in the future and which practices have historically been the most effective at protecting vulnerable species

Perfect Pairs, K-2 Melissa Stewart, Nancy Chesley, 2023-10-10 Hands on lessons can be fun and compelling but when it comes to life science they aren't always possible practical effective or safe Children can't follow a lion as it stalks a gazelle visit the exotic kapok tree in a rain forest or swim alongside the underwater life in a pond But they can explore a whole world of animals plants and ecosystems through the pages of beautifully illustrated science themed picture books Perfect Pairs which marries fiction and nonfiction picture books focused on life science helps educators think about and teach life science in a whole new way Each of the twenty two lessons in this book is built around a pair of books that introduces a critical life science concept and guides students through an inquiry based investigative process to explore that idea from animal environment interactions to the role of structure in plant and animal survival from inheritance of traits to variation of species Each lesson starts with a Wonder Statement and comprises three stages Engaging Students features a hands on activity that captures student interest uncovers current thinking and generates vocabulary The heart of the investigative process Exploring with Students spotlights the paired books as the teacher reads aloud and helps students find and organize information into data tables Encouraging Students to Draw Conclusions shows students how to review and analyze the information they have collected Bringing high quality science themed picture books into the classroom engages a broad range of students addresses the Performance Expectations outlined in the Next Generation Science Standards and supports the goals of the Common Core State Standards for English Language Arts Even if you are science shy Perfect Pairs can help you become a more confident teacher whose classroom buzzes with curious students eager to explore their natural world
