The Strange Tale Of Panorama Island:

The Strange Tale of Panorama Island Suehiro Maruo, Edogawa Ranpo, 2013 Follows the twisted path of failed novelist Hitomi Hirosuke who bears an uncanny resemblance to a former classmate the son of a rich industrialist Learning of the rich man's sudden passing Hitomi fakes his own death digs up and hides the other man's body and then washes himself up starving on a beach near the home of the dead man's family Stunning artwork by master manga artist Suehiro Maruo deftly illustrates this Japanese pulp classic in fine detail **Strange Tale of Panorama Island** Edogawa Ranpo, 2013-01-17

Edogawa Ranpo 1894-1965 was a great admirer of Edgar Allan Poe and like Poe drew on his penchant for the grotesque and the bizarre to explore the boundaries of conventional thought Best known as the founder of the modern Japanese detective novel Ranpo wrote for a youthful audience and a taste for playacting and theatre animates his stories His writing is often associated with the era of *ero guro* nonsense erotic grotesque nonsense which accompanied the rise of mass culture and mass media in urban Japan in the 1920s Characterized by an almost lurid fascination with simulacra and illusion the era's sensibility permeates Ranpo's first major work and one of his finest achievements *Strange Tale of Panorama Island* *Panoramato kidan* published in 1926 Ranpo's *panorama island* is filled with cleverly designed optical illusions a staircase rises into the sky white feathered birds speak in women's voices and offer to serve as vehicles clusters of naked men and women romp on slopes carpeted with rainbow colored flowers His fantastical utopia is filled with entrancing music and strange sweet odors and nothing is ordinary predictable or boring The novella reflected the new culture of mechanically produced simulated realities movies photographs advertisements stereoscopic and panoramic images and focused on themes of the doppelganger and appropriated identities its main character steals the identity of an acquaintance The novella's utopian vision argues translator Elaine Gerbert mirrors the expansionist dreams that fed Japan's colonization of the Asian continent its ending an eerie harbinger of the collapse of those dreams Today just as a new generation of technologies is transforming the way we think and becoming ever more invasive and pervasive Ranpo's work is attracting a new generation of readers In the past few decades his writing has inspired films anime plays and manga and many translations of his stories essays and novels have appeared but to date no English language translation of *Panoramato kidan* has been available This volume which includes a critical introduction and notes fills that gap and uncovers for English language readers an important new dimension of an ever stimulating provocative talent **The Strange Tale of Panorama Island**, 2013 In 1920s Japan a failed novelist successfully impersonates a dead rich industrialist taking over all aspects of his life redirecting the family's wealth to his own perverse aims *Purloined Letters* Mark H. Silver, 2008-04-07 This engaging study of the detective story's arrival in Japan and of the broader cross cultural borrowing that accompanied it argues for a reassessment of existing models of literary influence between unequal cultures Because the detective story had no pre-existing native equivalent in Japan the genre's formulaic structure acted as a distinctive cultural marker making plain the process of its incorporation into late

nineteenth and early twentieth century Japanese letters Mark Silver tells the story of Japan's adoption of this new Western literary form at a time when the nation was also remaking itself in the image of the Western powers His account calls into question conventional notions of cultural domination and resistance demonstrating the variety of possible modes for cultural borrowing the surprising vagaries of intercultural transfer and the power of the local contexts in which imitation occurs Purloined Letters considers a fascinating range of primary texts populated by wise judges faceless corpses wily confidence women desperate blackmailers a fetishist who secrets himself for days inside a leather armchair and a host of other memorable figures The work begins by analyzing Tokugawa courtroom narratives and early Meiji biographies of female criminals dokufu mono or poison woman stories which dominated popular crime writing in Japan before the detective story's arrival It then traces the mid Meiji absorption of French British and American detective novels into Japanese literary culture through the quirky translations of muckraking journalist Kuroiwa Ruiko Subsequent chapters take up a series of detective stories nostalgically set in the old city of Edo by Okamoto Kido a Kabuki playwright inspired by Arthur Conan Doyle's Sherlock Holmes and the erotic grotesque and macabre works of Edogawa Ranpo whose pen name punned on Edgar Allan Poe

Akutagawa Ryunosuke as well as the films of Tsukamoto Shin ya and Kurosawa Kiyoshi not only as a recurrent motif but also as a critical practice of concepts Following these explorations Posadas asks What were the social political and material conditions that mobilized the desire for the doppelgänger And how does the doppelgänger capture social transformations taking place at these historical moments Double Visions Double Fictions ultimately reveals how the doppelgänger motif provides a fascinating new backdrop for understanding the enmeshment of past and present

The New Real Jonathan E. Abel, 2023-01-31 Unlocking a vital understanding of how literary studies and media studies overlap and are bound together A synthetic history of new media reception in modern and contemporary Japan The New Real positions mimesis at the heart of the media concept Considering both mimicry and representation as the core functions of mediation and remediation Jonathan E. Abel offers a new model for media studies while explaining the deep and ongoing imbrication of Japan in the history of new media From stereoscopy in the late nineteenth century to emoji at the dawn of the twenty first Abel presents a pioneering history of new media reception in Japan across the analog and digital divide He argues that there are two realities created by new media one marketed to us through advertising that proclaims better faster and higher resolution connections to the real and the other experienced by users whose daily lives and behaviors are subtly transformed by the presence and penetration of the content carried through new media Intervening in contemporary conversations about virtuality copyright copycat violence and social media each chapter unfolds with a focus on a single medium or technology including 3D photographs the phonograph television videogames and emoji By highlighting the tendency of the mediated to copy the world and the world to copy the mediated The New Real provides a new path for analysis of media culture and their function in the world
