The Success Of Sanctions Lessons Learned From The Eu Experience:

The Success of Sanctions Asst Prof Francesco Giumelli, 2013-08-28 The effectiveness of sanctions cannot purely be measured by the way they change the behaviour of their intended target The degree to which sanctions constrain a rogue state's behaviour and the signals they send to future targets should also be prime considerations In this thought provoking book Francesco Giumelli measures the true effectiveness of EU sanctions against a range of states including Belarus Zimbabwe Moldova Uzbekistan the USA and China He demonstrates that focussing purely on behavioural change is limiting especially when considering the actions and motivations of an international organisation and develops a process to evaluate the direct and indirect impact of EU sanctions Giumelli demonstrates the many different ways sanctions have been used by the EU to produce positive direct and indirect results and provides a multi level framework to assess the success of sanctions in the future

Coercive Diplomacy, Sanctions and International Law Natalino Ronzitti, 2016-03-11 This volume explores sanctions as instruments of coercive diplomacy delving into theoretical arguments and combining perspectives from international law and international relations scholars and practitioners Primary questions include the compatibility and legitimacy of sanctions regimes enforcement measures including the role of sanctions committees the practice of circumventing sanctions and the relation with the ICC proceedings Legal and institutional aspects of the practice of the European Union are addressed The extraterritorial effects of national legislation implementing sanctions imposed by individual States are investigated A focus is on the impact of sanctions on non State actors The connections with the protection of human rights and the adverse impact on individual rights are considered The implementation of sanctions is addressed in view of their legal limitation and the concept of proportionality their consequences upon existing treaties and contracts their effectiveness and their strategic implications

A Tight Embrace Marco Zoppi, 2020-12-16 This book provides various examples showing how Europe and Africa can be conceptualized and researched as a single macro area connected by interrelated global and multilevel dynamics What types of relations characterize Europe and Africa today The nature of the connections is neither clear nor unilinear rather they appear dialectical multifaceted and pointing in different

directions This edited book explores narratives contemporary dynamics and historical legacies demonstrating the long standing relations between the continents suggesting that the entangled Euro African relations in multiple fields should be intended as a permanent condition for any analyses The authors provide various evidence of the fact that the two continents are deeply part of shared but uneven structures of global wealth and power Within those structures certain dynamics are constantly produced and reproduced yet new opportunities to subvert existing relations have also emerged recently Hence instead of proposing conceptual premises holding Africa and Europe as separate regions that get in touch at specific moments in time be it colonialism the Cold War globalization migration this book critically considers that each of the matters explored is anything but an episode in a more complex intertwined story that ultimately represents the explanatory framework for present Euro African relations

International Relations and the European Union Christopher Hill, Michael Smith, Sophie Vanhoonacker, 2017 The most comprehensive introduction to the EU's role in the international system written by a team of international experts and incorporating the study of the EU's world role into the wider field of international relations this book is the key text for anyone wishing to understand the EU's external relations

European Union Law Alina Kaczorowska-Ireland, 2016-05-26 The fourth edition of this well established and highly regarded work on EU law maintains its character by combining comprehensive yet accessible coverage with in depth analysis of the law and student friendly pedagogy It is fully up to date so encompassing critical examination of new important judgments of EU and national courts and developments in institutional constitutional and substantive EU Law The book keeps its unique style in that it is both a textbook and a casebook Case summaries are highlighted in colour tinted boxes for ease of reference and are accompanied by key facts and critical analysis often in the light of subsequent developments The student friendly approach is enhanced by market driven pedagogical features including Concise outlines at the beginning of each chapter describing its content and assisting in revision An aide mmoire often presented in diagrammatic form at the end of each chapter to highlight and reinforce key points End of chapter recommended reading lists to encourage and facilitate further research End of chapter problem and essay questions testing the students ability to apply what they have learnt Cross references to show how topics are interrelated and A map identifying EU Member States candidate States and potential candidate States The book's companion website offers a range of teaching and learning resources including an interactive timeline of the EU useful web links self test questions and much more This book is essential reading for those studying EU law on both undergraduate and postgraduate courses and will be of interest to students of political science social science and business studies

Regional Peacemaking and Conflict Management Carmela Lutmar, Benjamin Miller, 2015-11-06 This volume examines mechanisms for regional peacemaking and conflict management in Europe and the Middle East To date little research has been devoted to uncovering the conditions for peace and the factors that contribute to stabilizing the state of peace This volume assesses the factors that contribute to regional pacification the incentives that motivate states in

establishing peaceful relations and most importantly how regions become peaceful. It discusses the conditions under which various types of peace might emerge on a regional level and the factors most likely to determine the outcome. The book takes an innovative approach through a systematic comparison of two regions that are particularly prominent and important for the subject of regional pacification: Europe and the Middle East. While many believe that the European case is the indispensable model for peacemaking, others believe that these two regions are too different for Europe to be a useful framework for the Middle East. This volume occupies a middle ground between these two extreme positions. It argues that while a mindless copying of European models will not lead to peace in the Middle East, important insights can be gained from the most successful case of regional peacemaking to date. This work will be of much interest to students of regional security, peacemaking, conflict management, Middle East politics, European security, and IR in general.

The Routledge Economic History of War Jari Eloranta, Jeremy Land, Elina Kuorelahti, Price Fishback, 2025-05-30. The Routledge Economic History of War presents a broad overview of the latest research on the long-lasting changes and effects that collapsing security in international relations has had on the world's economies and societies. Arranged around five key themes: Fiscal and Military Capacity, Military Spending, Economic Effects of War, War and Institutions, and Business and War, this handbook features contributions from an international range of scholars on varying methodological approaches, theories, and geographical arenas. Encompassing a range of disciplinary approaches, the main focus is on how economic history can provide insights into the societal impact of war, addressing issues such as how war preparations and arms races affect government spending, the direct economic effects of war, and how societies adjust to the economic realities of rearmament and recovery. This volume also explores whether wars change or alter institutions such as governments, religion, and democracy. It also looks at what lessons we can learn from the past about military spending, state capacity, and the effects of war on both individual societies and global cooperation. Ultimately, this book provides a broad overview of the methodological, geographical, and multidisciplinary range of the economic history of war and demonstrates how war, economics, institutions, and society are inextricably linked throughout history.

Understanding Conflict Resolution Peter Wallensteen, 2015-03-31. This book provides you with the perfect introduction to your studies in peace and conflict resolution and equips you with the tools you need to analyse real-world cases. Drawing on recent research and examples from around the world, the new edition explores the ongoing situation in Syria and the events and repercussions of the Arab Spring. Examines the issue of internet security and the relationship between social media and peace. Draws on the cases of Libya and Syria to discuss the principle of Responsibility to Protect (R2P). Outlines the functions of key regional and Non-Governmental organisations. Includes a companion website with annotated further reading lists and links to free SAGE journal articles, reports, and data sets. This is an essential text for all students, lecturers, and researchers of peace and conflict resolution in international relations, global politics, and political science.

The Conflict in Syria and the Failure of International Law to Protect People Globally Jeremy

Julian Sarkin, 2021-11-28 This book explores through the lens of the conflict in Syria why international law and the United Nations have failed to halt conflict and massive human rights violations in many places around the world which has allowed tens of millions of people to be killed and hundreds of millions more to be harmed The work presents a critical socio legal analysis of the failures of international law and the United Nations UN to deal with mass atrocities and conflict It argues that international law in the way it is set up and operates falls short in dealing with these issues in many respects The argument is that international law is state centred rather than victim friendly is to some extent outdated is vague and often difficult to understand and therefore at times hard to apply While various accountability processes have come to the fore recently processes do not exist to assist individual victims while the conflict occurs or the abuses are being perpetrated The book focuses on the problems of international law and the UN and in the context of the many enforced disappearances and arbitrary detentions in Syria why nothing has been done to deal with a rogue state that has regularly violated international law It examines why the responsibility to protect R2P has not been applied and why it ought to be used generally and in Syria It uses the Syrian context to evaluate the weaknesses of the system and why reform is needed It examines the UN institutional mechanisms the role they play and why a civilian protection system is needed It examines what mechanism ought to be set up to deal with the possible one million people who have been disappeared and detained in Syria The book will be a valuable resource for students academics and policy makers working in the areas of public international law international human rights law political science and peace and security studies

After the Great War Phillip Dehne, 2019-06-13 At the Paris Peace Conference of 1919 the international community came together to find a way forward in the aftermath of the First World War The conference is often judged a failure as the resulting Treaty of Versailles did not bring long term peace with Germany By following the activities of British delegate and wartime Minister of Blockade Lord Robert Cecil this book examines the struggles and successes of the conference as delegates from around the world grappled with the economic political and humanitarian catastrophes overwhelming Europe in 1919 After the Great War describes for the first time the significant role of economic warfare at the Peace Conference and in the post war settlement Lord Cecil's sometimes difficult partnership with US President Woodrow Wilson forged a new permanent international diplomatic organization the League of Nations and supplied it with the power to create collective blockades against aggressive states Leaders of the Allied economic war before the Armistice became in Paris leaders of humanitarian minded international outreach to their former enemies in Germany and Austria After the Great War promotes a new understanding of these underappreciated internationalists in Paris many of whom transitioned into leading the League of Nations even before the Peace Conference ended Often derided as an idealistic fantasy international peace enforced by economic sanctions appeared a realistic possibility when the Treaty was signed at the end of June 1919

Regional Organizations and Their Responses to Coups Franziska Hohlstein, 2022-09-30 Using a mixed methods approach this book examines the role played

by regional organisations ROs following the occurrence of a coup d'état The Palgrave Handbook of Criminal and Terrorism Financing Law Colin King, Clive Walker, Jimmy Gurulé, 2018-05-04 The Palgrave Handbook of Criminal and Terrorism Financing Law focuses on how criminal and terrorist assets pose significant and unrelenting threats to the integrity security and stability of contemporary societies In response to the funds generated by or for organised crime and transnational terrorism strategies have been elaborated at national regional and international levels for laws organisations and procedures and economic systems Reflecting on these strands this handbook brings together leading experts from different jurisdictions across Europe America Asia and Africa and from different disciplines including law criminology political science international studies and business The authors examine the institutional and legal responses set within the context of both policy and practice with a view to critiquing these actions on the grounds of effective delivery and compliance with legality and rights In addition the book draws upon the experiences of the many senior practitioners and policy makers who participated in the research project which was funded by a major Arts and Humanities Research Council grant This comprehensive collection is a must read for academics and practitioners alike with an interest in money laundering terrorism financing security and international relations **The Oxford Handbook of Geoeconomics and Economic Statecraft** Vinod K. Aggarwal, Tai Ming Cheung, 2025 The Oxford Handbook of Geoeconomics and Economic Statecraft is a comprehensive critical and contemporary exploration of issues at the intersection of political economy and security studies Long considered separate branches of political science economics and security have become increasingly intertwined The volume examines the state of the field where it has been in the recent past and where it is likely to go in future Contributors examine conceptual edges of geoeconomics and economic statecraft as well as its core the globalizing context of the field and the challenges posed by social economic and technological changes The twenty eight chapters in the volume are divided into six parts After the introduction to the volume section 2 considers past and present thinking about the field Section 3 explores the methods used in geoeconomics and economic statecraft Section 4 looks at key issues Section 5 covers the intersection of national security and geoeconomics and the last section looks at regional perspectives in the field Geoeconomics and economic statecraft are issues of contemporary concern and on the front pages of newspapers on an almost daily basis This book provides the intellectual context and insights to understand the challenges and prospects that the world faces currently and over the long term making it a useful resource for academics practitioners business executives journalists and students Economic Sanctions in International Law and Practice Masahiko Asada, 2019-11-07 Providing perspectives from a range of experts including international lawyers political scientists and practitioners this book assesses current theory and practice of economic sanctions discussing current legal and political challenges faced by the international community It examines both the implementation of sanctions by major powers the United States the European Union and Japan as well as assessing the impact of those sanctions through case studies of Russia Iran Syria and North Korea Balancing theoretical analysis of legal

considerations with national and regional level empirical analysis it also includes coverage of sanctions issues by the UN Security Council and the EU as well as the extraterritorial application of sanctions A valuable reference for academics and practitioners Economic Sanctions in International Law and Practice will be useful to those working in the fields of international law diplomacy and international political economy

Targeted Sanctions Thomas J. Biersteker, Sue E. Eckert, Marcos Tourinho, 2016-03-08 International sanctions have become the instrument of choice for policymakers dealing with a variety of different challenges to international peace and security This is the first comprehensive and systematic analysis of all the targeted sanctions regimes imposed by the United Nations since the end of the Cold War Drawing on the collaboration of more than fifty scholars and policy practitioners from across the globe the Targeted Sanctions Consortium the book analyzes two new databases one qualitative and one quantitative to assess the different purposes of UN targeted sanctions the Security Council dynamics behind their design the relationship of sanctions with other policy instruments implementation challenges diverse impacts unintended consequences policy effectiveness and institutional learning within the UN The book is organized around comparisons across cases rather than country case studies and introduces two analytical innovations case episodes within country sanctions regimes and systematic differentiation among different purposes of sanctions

The European Union and International Sanctions Kevin Urbanski, 2020-08-28 This enlightening new book unpacks the ascendancy of the European Union as a distinct actor in the field of international sanctions Offering an innovative model of actorness Kevin Urbanski establishes a coherent bridge between debates on actorness and mainstream theories of international institutions and European integration

Economic Sanctions and International Law Matthew Happold, Paul Eden, 2016-10-20 In recent years sanctions have become an increasingly popular tool of foreign policy not only at the multilateral level at the UN but also regionally the EU in particular and unilaterally The nature of the measures imposed has also changed from comprehensive sanctions regimes discredited since Iraq in the 1990s to targeted or smart sanctions directed at specific individuals or entities through asset freezes and travel bans or prohibiting particular activities arms embargoes and export bans Bringing together scholars government and private practitioners Economic Sanctions and International Law provides an overview of recent developments and an analysis of the problems that they have engendered Chapters examine the contemporary practice of the various actors and the legality or otherwise of their activities Issues considered include the human rights of persons targeted and the mechanisms established to challenge their listing as well as in cases of sanctions imposed by regional organisations and individual states the rights of third States and their nationals The book will be of interest to scholars and practitioners of international law and politics

Punishment in International Society Wolfgang Wagner, Linet R. Durmusoglu, Barbora Holá, Ronald Kroeze, Jan-Willem van Prooijen, Wouter G. Werner, 2024-01-15 Punishment in International Society examines the penal philosophies and practices in international society arguing for the added value of a punitive lens to international politics Bringing together an

international roster of scholars from the social sciences law and humanities the contributions demonstrate that punitive practices have been more prevalent than commonly acknowledged as they have often been masked as self defence reparations or coercive diplomacy By approaching international punishment from various disciplines this volume sheds new light on different dimensions of the punitive practices across the globe *The Routledge Handbook of EU-Russia Relations*

Tatiana Romanova,Maxine David,2021-07-25 The Routledge Handbook of EU Russia Relations offers a comprehensive overview of the changing dynamics in relations between the EU and Russia provided by leading experts in the field Coherently organised into seven parts the book provides a structure through which EU Russia relations can be studied in a comprehensive yet manageable fashion It provides readers with the tools to deliver critical analysis of this sometimes volatile and polarising relationship so new events and facts can be conceptualised in an objective and critical manner Informed by high quality academic research and key bilateral data statistics it further brings scope balance and depth with chapters contributed by a range of experts from the EU Russia and beyond Chapters deal with a wide range of policy areas and issues that are highly topical and fundamental to understanding the continuing development of EU Russia relations such as political and security relations economic relations social relations and regional and global governance The Routledge Handbook of EU Russia Relations aims to promote dialogue between the different research agendas in EU Russia relations as well as between Russian and Western scholars and hopefully also between civil societies As such it will be an essential reference for scholars students researchers policymakers and journalists interested and working in the fields of Russian politics studies EU studies politics European politics studies post Communist post Soviet politics and international relations The Routledge Handbook of EU Russia Relations is part of a mini series Europe in the World Handbooks examining EU regional relations established by Professor Wei Shen
