The Supreme Harmony Of All The Trinitarian Theology Of Jonathan Edwards:

"*The Supreme Harmony of All*" Amy Plantinga Pauw, 2002 Jonathan Edwards lived in an age in which the doctrine of the Trinity was sometimes openly repudiated and more often quietly ignored But as this important book shows Edwards in fact took care to creatively fashion the Trinity into the centerpiece of his Christian life and work Through her pursuit of Edwards s writings especially his lifelong intellectual diary Amy Plantinga Pauw traces the way Edwards established the basic outlines of his trinitarian thought when he was only twenty years old and how the doctrine continued to run like a subterranean river throughout his famed career as a pastor and teacher Recognizing the centrality of the Trinity in Edwards s thought both nuances our understanding of his Puritan inheritance and challenges the narrowness of Edwards s enduring legacy as the preacher of Sinners in the Hands of an Angry God

Jonathan Edwards's Theology: A Reinterpretation Kyle C. Strobel, 2012-12-27 This volume provides an interpretative key to Jonathan Edwards s theology developed from within his own doctrinal constructs Strobel offers a dogmatic exposition of Edwards s theology by unveiling the trinitarian architecture of his thought Building upon this analysis Strobel applies his construct to reinterpret three key areas of redemption debated widely in this secondary literature spiritual knowledge regeneration and religious affection In order to achieve this purpose Strobel s approach is theological rather than philosophical employing Edwards s self confession as a Reformed theologian to guide his analysis In advancing a theological reading of Edwards Strobel focuses on the systematic nature of Edwards s theology ordering it according to his doctrinal affirmations This necessitates as many Edwards scholars now affirm a primary focus on Edwards s trinitarian theology where the Trinity serves as the key ontological principle which orders the whole of his doctrinal construction By grounding the interpretive key in Edwards s understanding of the Trinity Strobel s idiosyncratic exposition of his doctrine of the Trinity serves to recast Edwards s theology in a new light

The Unified Operations of the Human Soul Jeffrey C. Waddington, 2015-07-24 This book endeavors to examine and critically assess the theological anthropology of Jonathan Edwards with a view to considering how this anthropology coheres with his apologetic methodology Specifically the question has been raised whether Edwards doctrine of man is consistent with the picture painted of Jonathan Edwards by John Gerstner that he was the epitome of the classical apologist It is argued that Edwards practiced an eclectic apologetic sans apologetic self awareness In other words Edwards was a child of his training and time

Total Atonement W. Ross Hastings, 2019-10-09 Total Atonement re imagines the apprehended mystery of the atonement in light of the triune nature of God and the person and work of the incarnate Christ W Ross Hastings proposes participation as a theory or framework of atonement that holds all other models within it He argues that God s participation in humanity in order that humans might participate in God invites a total approach to the mystery of the atonement that is one that involves the whole Trinity the whole person and history of Christ and all the biblical motifs and theological models of atonement including penal substitution properly nuanced to overcome its caricatures Christus victor satisfaction vicarious life and moral exemplar

Fesko, 2015-12-09 The covenant of redemption pactum salutis the eternal intra trinitarian covenant was a common staple within Early Modern Reformed theology yet there are very few historical works that examine this doctrine J V Fesko's study The Covenant of Redemption Origins Development and Reception seeks to address this lacuna In the contemporary period the covenant of redemption has been derided as speculative mythological a declension from trinitarianism or erroneously derived from one or

two biblical proof texts Yet seldom have critics carefully engaged the primary sources to examine the different formulations supporting exegesis and ways in which the doctrine was employed Far from speculation sub trinitarian or a cold business transaction proponents of the covenant of redemption constructed this doctrine based upon a web of interconnected biblical texts and were very sensitive to maintaining a robust doctrine of the trinity as they employed this doctrine as a bulwark against the anti trinitarian claims of Socinian theologians Proponents of the doctrine also saw this pre temporal covenant as the embodiment of intra trinitarian love that overflows unto those chosen in Christ for their salvation and ultimate fellowship with the triune God John V Fesko explores the historical origins of the doctrine and then surveys its development in the seventeenth through nineteenth centuries examining key advocates of the doctrine including David Dickson Herman Witsius Johannes Cocceius Francis Turretin Patrick Gillespie John Gill Jonathan Edwards Charles Hodge and A A Hodge He then examines the contemporary reception of the doctrine in the twentieth century with a survey of the doctrine s critics including Karl Barth Herman Hoeksema Klaas Schilder and John Murray After exploring the claims of the critics the study moves to examine the views of twentieth century proponents including Geerhardus Vos Herman Bavinck Abraham Kuyper Louis Berkhof and G C Berkouwer
