Providence in the Story of Scripture Adamson Co, 2025-05-06 The doctrine of providence is often too abstract complex or detached from real life situations for introductory students Drawing on years of experience in the classroom and the church Adamson Co offers an introductory guide that uses the creation motif of the Bible to highlight the importance of providence for the Christian life Co begins with a brief introduction to providence to give students the state of the question He then explores the classical theme of the seventh and eighth days of creation as a helpful way to understand providence He sets providence and human existence within the metanarrative of the Bible while explicating the doctrine in an overview fashion Co demonstrates how the seventh and eighth days of creation bring clarity to traditional issues raised in systematic theology such as preservation governance and concurrence the problem of evil and divine sovereignty and human free will Providence in the Story of Scripture challenges readers to live out a life of partnership with God in his providence and shows how the blessed hope of the Christian faith is God s life transforming providence for today The book includes a foreword by Kevin J Vanhoozer

The Tabernacle, the Priesthood and Their Functions Gilbert H. Edwards, 2010-09 The author is writing these documents in response to the need for a concise and simple presentation of how to properly identify and understand the types found in the tabernacle The framework of the study is a general knowledge of the tabernacle The author will explain why an understanding of the tabernacle is important to Christians The history of the tabernacle will be pointed out The materials and construction of the tabernacle will be studied Also the author will discuss the Levitical priesthood and the important subject of typology Continued studies will be explained concerning three areas of the tabernacle and their furnishings the outer court the Holy place and the Holy of Holies There will be pointed out in this study items such as the court of the tabernacle the

laver the Mercy Seat the Ark of the Covenant the Shewbread the Golden Altar the Holy Place the Holy of Holies the gate or the door the priesthood and the function of the priesthood which includes the offerings and the atonement The altar the offering and sacrifice along with the atonement will be especially displayed Also though the tabernacle was built for Israel while in the wilderness its believed that it was also a shadow of things to come Because of that there is consideration given to some study on sin the veil and Jesus Christ The tabernacle is scantily preached or taught in Churches today Therefore few people realize the great importance given to the tabernacle throughout scripture Believers should study the tabernacle for the following reasons 1 The study of the tabernacle is necessary for a proper understanding of God s redemptive program which is progressively revealed throughout the Scriptures 2 A study of the tabernacle with an understanding of it will inform sinful people about the holiness of God 3 The study of the priesthood is foundational to an understanding of Christ s priestly ministry 4 The study of the sacrificial system within the tabernacle teaches the great importance that God placed on the need for a blood sacrifice to atone for sin The author wishes that the readers of this study not only use this study for knowledge but also to find and gain a closer relationship with God

himself and the economy of God's external works there are studies of the divine aseity and of the theology of the eternal Son. These are followed by a set of essays on creation out of nothing, the relation between God and God's creatures, the nature of providence, the relation of soteriology and the doctrine of God, and the place of teaching about justification in Christian theology. Each of the essays explores the relation of theology proper to economy, and together they pose an understanding of Christian doctrine in which all theological teaching flows from the doctrine of the immanent Trinity.
