Vampire Manual:

The Vampire Combat Field Guide Roger Ma, 2015-10-06 We've all seen True Blood HBO. A vampire invasion isn't that unrealistic is it? If and when it happens you'd better make sure you're ready. You'll need to know how to fight, where to hide, and how to lure the undead into traps of your own making. In *The Vampire Combat Field Guide* Roger Ma presents comprehensive instructions on how to beat the bloodsuckers. From detailed battle technique illustrations to fairly grisly anatomical diagrams to colour in, you'll be a master of vampire warfare in no time. **The Psychic Vampire Codex** Michelle A. Belanger, 2004-07-01 The *Psychic Vampire Codex* is the first book to examine the phenomenon and experience of modern vampirism completely from the vampire's perspective. A fellow psychic vampire writes in the foreword that Michelle Belanger's system introduced a breath of fresh air into the vampire subculture. It freed us to look at ourselves in a new light and it also helped those outside our community to view us differently. No longer were we parasites or predators; we could use our inborn abilities to help people heal. Psychic vampires are people who prey on the vital human life energies of others. They are not believed to be undead. They are mortal people whose need for energy metaphorically connects them to the life-stealing predators of vampire myth. In *The Psychic Vampire Codex* Michelle Belanger, author and psychic vampire, introduces readers to the fascinating system of energy work used by vampires themselves and provides the actual codex text widely used by the vampire community for instruction in feeding and other techniques. Belanger also examines the ethics of vampirism and offers readers methods of protection from vampires. The *Psychic Vampire Codex* explodes all preconceptions and myths about who and what psychic vampires really are and reveals a vital and profound spiritual tradition based on balance, rebirth, and an integral relationship with the spirit world. *The Vampire Combat Manual* Roger Ma, 2012-10-02 WHEN DARKNESS FALLS WHEN THE UNDEAD RISE WITH A HUNGER FOR BLOOD WHEN THE HUNT IS ON AND YOU ARE THE PREY WILL YOU BE READY? In the inevitable event of a vampire attack, the average citizen will be forced to engage in vicious hand-to-hand combat. To avoid serious injury, disfigurement, or death by exsanguination, you need to know the proper combat strategies and techniques to ward off a stronger, faster, more agile undead opponent looking to drain the life from your body. Are you prepared? With detailed illustrations and firsthand accounts from vampire combat veterans, as well as interviews with actual members of the undead, this manual provides you with the information you need to survive with your life and blood supply intact, including debunking myths like vampire flight, animal metamorphosis, physical attraction to humans, crafting the most lethal vampire weapons from everyday materials, the pros and cons of decapitation, weaponizing Ultraviolet (UV) light against an undead opponent, using the Domicile Histodiscordant Reaction (DHR) otherwise known as The Vampire Invitation to your advantage, solo attacks, team-based combat, and much more. *The Vampire Combat Manual* is your indispensable key to survival, whether in a one-on-one battle for blood or a face-off against multiple attackers. Don't wait until the sun goes down; prepare yourself now. *So You Want To Be A Vampire* Jennifer St. Clair, 2012-07-19 Chelsea Kingdom is usually a pretty
