Vatican II The Crisis And The Promise:

Vatican II Alan Schreck, 2005 Whatever happened to the Second Vatican Council Has the Catholic Church backed away from its teachings What exactly were those teachings Did the Council stand for the renewal of the liturgy for example or its destruction Did it bring the Church into the world or has it allowed the world to infiltrate the Church On the occasion of the fortieth anniversary of the closing of Vatican II Alan Schreck discusses the key documents of the Council and their meaning for Catholics today He also takes a close look at the ferment and criticism Vatican II left in its wake What he finds will surprise some Catholics but encourage all to lean into the task of renewing and strengthening the Church for the twenty first century

The Dynamics and Contradictions of Evangelisation in Africa Peter Acho Awoh, 2011 This book critically discusses missionary Christianity and colonization in Africa as twin enterprises with a common ambition While the colonialist set out to invest capital and reap profit the missionary desire was to tend and turn African souls from damnation It was this desire that drove the missionaries into the interior propelled by the belief that no land was too remote to escape their attention and vigilance It equally kept missionary zeal buoyant The clarification of the concept of salvation within the Roman Catholic Church during the Vatican II Council set in motion the current lethargy that has in some places crippled the mission itself In retrospect one can begin to wonder why Africans became Christians What reasons motivated the early adherents to cling to this foreign religion Were there some internal deficiencies in African traditional religions which the Africans hoped to remedy by joining the new religion Or was it just part of the wholesale flirting with whatever was foreign and perceived to be modern What baits were used by the missionaries to entice Africans Christianity posed a danger to many of the time honoured answers to African problems These were the values Africans converting to Christianity were expected to abandon Why have Christians continually returned to their abandoned roots in time of crisis This moving well argued richly documented and empirically substantiated study concludes by cautioning against the stubborn drive at radical conversion to Christianity with scant regard to the imperatives of enculturation

How Can You Still Be Catholic? Christopher Sparks, Christopher Sparks asked Facebook friends to finish the question How can you still be Catholic when The replies came swiftly and forcefully With that Sparks went to work Here is the result In this book he addresses the biggest issues people grapple with when they think about the Catholic Church the Inquisition the Crusades the Church's role in a state homosexuality the role of women in the Church and many others For skeptics and non Catholics this book is an invitation to understanding the faith a way for outsiders to hear one contemporary Catholic's worldview and to see through Catholic eyes even if they remain unconvinced For Catholics this book is an introduction to an array of answers and resources for delving more deeply into and defending the faith

Doing Ministry in the Igbo Context Cajetan E. Ebuziem, 2011 Doing Ministry in the Igbo Context Towards an Emerging Model and Method for the Church in Africa arises out of reflection on experience and practice The volume reflects on the author's own cultural context religious heritage and pastoral functioning In addition

it considers the author's personal experiences in relation to the common experiences of others within the author's cultural and religious traditions and places these experiences and the voices they represent into mutually critical correlation. Thus commonalities and dissonances in them emerge leading to insights where to go from there in providing ministry to the People of God in the local church context and still within the framework of one universal church. This book presents a contextual model of local theology that begins its reflection with the Igbo cultural context. The Igbo or Nigerian or African Church can have a pattern of ministry with a model and a method that are consistent with the people's values. To accomplish this goal a local cultural value must be explored and brought into the scene. Since the Igbo society is the heart of Christianity and Catholicism in Africa, the author relies on Igboland as his situational context. The exploration of the indigenous Igbo value of collaboration will be an advantage in ministering to the rest of the African people who have cultural resemblances to Igbos. The African Church has to learn from the Igbo values of *umunna bu ike*. Umunnais the basic Igbo unit and possibly the most powerful missionary force in Igboland and potentially an Igbo gift to the Church in Nigeria and Africa and even beyond.

Back cover *The Promise of Francis* David Willey, 2017-04-11 With more than four decades of firsthand experience reporting from Vatican City, David Willey explores the religious and personal background of Pope Francis and his ability to fulfill the promises of reform made during the first two years of his papacy. Sex crimes and cover-ups, financial scandal, declining membership, and the unprecedented resignation of its chief executive, Pope Benedict XVI. These were the ingredients of a twenty-first century crisis in the Vatican, a crisis that might have anticipated the election of a steadily conservative pope, a career bureaucrat and an insider. An operator. Instead, they chose Francis. Using his unparalleled access and knowledge of the inner workings of the Vatican, BBC correspondent David Willey chronicles Francis's first two years as pope and analyzes what could happen in the years to come. He tells the inside story of how this most unlikely man came from the end of the world to lead the world's largest corporation into the future, stirring millions to interest and faith again through his frank speeches and benevolent beliefs. In putting this all into context, Willey seeks to further unravel the mysteries and conspiracies that continue to surround the worldwide headquarters of the Roman Catholic Church. The world has never seen the Church in a greater state of flux as Francis's words and deeds have enchanted, entertained, and sometimes enraged the public. In this comprehensive biography, complete with full-color photography, David Willey explores the religious and personal background of the inspirational Pope Francis, his stunning impact on the Catholic Church, the hopes he has raised, and the legacy he will leave behind.

The Promise of Social Enterprise Mark Sampson, 2022-07-26 Is social enterprise yet another example of the expansion of the market into all areas of life and society, in this case the marketization of poverty? Or does it offer genuine hope as part of a solution to some of the challenges facing contemporary society and as an example of an economy of mutuality? Framing this question theologically, does it offer the potential of faithful economic practice? *The Promise of Social Enterprise* makes the case that how we answer this depends on the language we use to describe and perform social

enterprise Arguing for the need to move beyond the narrow and reductionistic logic of mainstream economics the economic nature of the language of gift and mutuality is explored Drawing on the theological framework of Pope Benedict XVI and the work of John Barclay on Paul s understanding of the social implications of the Christ gift this book considers the contribution that a theology of gift with its incongruity and mutuality makes to the theory and practice of social enterprise The Promise of Phenomenology Richard I. Sugarman,Roger Duncan,2006-03-07 The Promise of Phenomenology Posthumous Papers of John Wild includes articles that remained unpublished during Wild s lifetime a journal wherein he recorded conversations with major British and Continental philosophers during 1957-8 as well as a masterful exposition and commentary on Emmanuel Levinas s book Totality and Infinity It also contains a complete bibliography of all of Wild s unpublished writings open for research at the Beinecke Rare Book Library at Yale University More personal and less reserved than Wild s published scholarship yet containing Wild s characteristic clarity and rigor the writings in this book cover such subjects as a phenomenological approach to moral relativism an exploration of lived time and reflections on the other and religious transcendence The Promise of Phenomenology gives a lively picture of a master philosopher at work conveying the vitality and importance of philosophy to everyday life The Catholic University as Promise and Project Michael J. Buckley,1999-03-11 The remarkable development of the Catholic university in the United States has raised issues about its continued identity its promise and its academic constituents Michael J Buckley SJ explores these questions especially as they have been experienced in Jesuit history and contemporary commitments The fundamental proposition that grounds the Catholic university Buckley argues is that the academic and the religious are intrinsically related Academic inquiry encourages a process of questioning that leads naturally to issues of ultimate significance while the experience of faith is towards the understanding of itself and of its relationship to every other dimension of human life This mutual involvement requires a union between faith and culture that defines the purposes of Catholic higher education In their earliest and normative documents Jesuit universities have been encouraged to achieve this integration through the central role given to theology Buckley explores two commitments that implicate contemporary Catholic universities in controversy an insistence upon open free discussion and academic pluralism to the objections of some in the Church and an education in the promotion of justice to the objections of some in the academy Finally to strengthen philosophical and theological studies Buckley suggests both a philosophical grammar that would discover and study the assumptions and methods involved in the various forms of disciplined human inquiry and a set of theological arts founded upon the more general liberal arts Entering into the contemporary discussion about the Catholic university this book offers inspiring and thought provoking ideas for those engaged in Catholic higher education **Yves Congar's Vision of the Church in a World of Unbelief** Gabriel Flynn,2017-03-02 Yves Congar 1904-1995 was one of the chief architects of a remarkable renewal in Roman Catholic ecclesiology in the twentieth century His vision for ecclesial renewal led to a profound transformation of the Roman Catholic

Church its relationship with other churches and the world This book considers the contribution made by Congar to that transformation Situating Congar s ecclesiology in the context of his whole theology the book presents for the first time a comprehensive study of two related aspects of Congar s thought unbelief and the notion of total ecclesiology Dr Flynn shows how unbelief provides the common inspiration for Congar s thought on the Church and constitutes the *raison d tre* for his entire programme of ecclesial reform at the Second Vatican Council This study demonstrates how Congar s total ecclesiology contributes to the restoration of unity and helps to redress unbelief Congar s vision for the future and his programme for ecclesial renewal centering on a church committed both to the preservation of its heritage and an openness to true reform is shown to be still pertinent to the churches in the third millennium a point accented by Pierre Marie Gy OP in his Preface to the work *The Challenge and Promise of a Catholic University* Theodore Martin Hesburgh,1994 This is a position paper with contributions from a range of academics on the question of how a Catholic university can preserve its character while avoiding both secularisation and insular sectarianism *Promise Renewed* Martin R. Tripole,1999 Speaking candidly twenty seven noteworthy Jesuits from major areas of Jesuit higher education have contributed essays that discuss how the recent 34th General Congregation has had an impact on their scholarship and role as teachers and administrators **Bright Promise, Failed Community** Joseph A. Varacalli,2001-01-01 In *Bright Promise Failed Community* respected Catholic sociologist Joseph Varacalli describes how and why Catholic America has essentially failed to shape the American Republic in any significant way American society has never experienced a Catholic moment the closest it came was during the immediate post World War II era nor is it now close to approximating one Varacalli identifies as the cause of the current situation the failed community of Catholic America an ineffective and dissent ridden set of organizational arrangements that has not succeeded in adequately communicating the social doctrine of the Church to Catholic Americans or to the key idea generating sectors of American life The bright promise of Catholic America lies in the long and still developing tradition of social Catholicism With a revitalized orthodox sophisticated community to serve as the carrier of Catholic social doctrine Varacalli sees trends of thought that would propose viable alternatives to philosophies and ideologies that currently dominate the American public sphere ones that would thus have a formidable impact on American society *Francis, Pope of Good Promise* Jimmy Burns,2025-10-16 From the moment Pope Francis stepped on to the balcony of St Peter s people around the globe sensed that not only the Catholic Church but the world at large could be entering a new spiritual political and social age The pomp and circumstance that had characterised the Vatican for as long as most people could remember evaporated as Francis asked the throng gathered in the square to pray over him before he gave his first blessing Not since John XXIII had a new Pope opened the windows of the Church so widely to let in some much needed fresh air This biography of Pope Francis charts Jorge Mario Bergoglio s formation as a priest and bishop against the dramatic backdrop of Argentina s turbulent politics and the challenging principles he adopted as a member of the Jesuit order It examines critically the extent

to which his social conscience was influenced by the legacy of the country's controversial president General Peron and his wife Evita and questions his moral standing during the Argentina military junta's Dirty War when he was accused of not having done enough on behalf of the victims including fellow Jesuit priests. Few Vatican elections have generated as much interest as that of Cardinal Jose Bergoglio Francis Pope of Good Promise the first detailed biography to include an analysis of Pope Francis's first year at the Vatican will appear just as he makes his first visit to the US

The Promise of Partnership James D. The Quiet Revolution of Pope Francis Gerry O'Hanlon, 2021-04-01 In this ground breaking book O Hanlon offers an Irish theology for a Church in crisis carefully crafted in the light of his experience of having travelled the length and breadth of Ireland over the last ten years This is not an armchair theology but one that has been chiselled out of the experience of listening to and learning from others in high and low places engaging with diverse groups attending to the teaching of the Second Vatican Council and heeding the prophetic voice of the Bishop of Rome From the Foreword by Dermot A Lane draws on decades of reflection by himself and by others upon the immense challenges facing the Catholic Church in the post Second Vatican Council period in Ireland and beyond We have lacked neither the vision nor the goodwill to move forward but the institutional and organisational reforms needed to make the Second Vatican Council an embedded reality have eluded us until now Pope Francis the gentle revolutionary has called for a new synodal way of being church Synod means the path which we walk together and it looks like the missing piece of the jigsaw O Hanlon's wise critical but hopeful diagnosis offers the glimpse of a longed for sea change for the Church Michael Kirwan SJ Loyola School of Theology at
