J. Button, D. Gillingwater, 2021-05-11. Originally published in 1986 this book remains as relevant today as when it was first published as it discusses issues in transport policy that are still being debated: what levels of subsidies should be applied, what form of ownership should prevail, how transport should be regulated or deregulated and which modes of transport should be favoured. The book examines how policies have evolved and what factors affect present decision-making. It includes contentious areas such as international airline deregulation and urban transport. *Automotive Engineering International*, 1998 **Automotive Engineering**, 1985
