Narrowing the Achievement Gap for Native American Students Peggy McCardle, Virginia Berninger, 2014-08-21 There has been much talk and effort focused on the educational achievement gap between white versus black Hispanic and American Indian students While there has been some movement the gap has not appreciably narrowed and it has narrowed the least for Native American students This volume addresses this disparity by melding evidence based instruction with culturally sensitive materials and approaches outlining how we as educators and scientists can pay the educational debt we owe our children In the tradition of the Native American authors who also contribute to it this volume will be a series of stories that will reveal how the authors have built upon research evidence and

linked it with their knowledge of history and culture to develop curricula materials and methods for instruction of not only Native American students but of all students It provides a framework for educators to promote cultural awareness and honor the cultures and traditions that too few people know about After each major section of the volume the editors will provide commentary that will give an overview of these chapters and how they model approaches and activities that can be applied to other minority populations including Blacks Hispanics and minority and indigenous groups in nations around the globe

High Expectations Teaching Jon Saphier, 2016-11-04 The myth of fixed intelligence debunked For all the productive conversation around mindsets what's missing are the details of how to convince our discouraged and underperforming students that smart is something you can get Until now With the publication of High Expectations Teaching Jon Saphier reveals once and for all evidence that the bell curve of ability is plain wrong that ability is something that can be grown significantly if we can first help students to believe in themselves In drill down detail Saphier provides an instructional playbook for increasing student confidence and agency in the daily flow of classroom life Powerful strategies for attribution retraining organized around 50 Ways to Get Students to Believe in Themselves Concrete examples scripts and classroom structures and routines for empowering student agency and choice Dozens of accompanying videos showing high expectations strategies in action All children in all schools regardless of income or social class will benefit from the strategies in this book But for children of poverty and children of color our proficiency with these skills is essential in many ways life saving Jon Saphier challenges us all educators students and parents to get started today About Jon Saphier The author of nine books including The Skillful Teacher Jon Saphier is founder and president of Research for Better Teaching Inc RBT a professional development organization dedicated since 1979 to improving classroom teaching and school leadership throughout the United States and internationally

Civic Engagement Pedagogy in the Community College: Theory and Practice Emily Schnee, Alison Better, Martha Clark Cummings, 2015-11-19 This book will help post secondary educators to discover the joys and challenges of implementing theoretically grounded civic engagement projects on their campuses The essays on civic engagement and public scholarship are written by an interdisciplinary group of community college faculty who have designed and implemented civic engagement projects in their classrooms The projects they describe stand at the intersection of research theory and pedagogy They challenge dominant constructions of civic engagement as students bring their community culture and history into the classroom The authors consider the particular complexities and constraints of doing civically engaged teaching and scholarship at the community college level and situate their projects within current theoretical debates about civic engagement public scholarship and public higher education
