**Your God Is Too Small** J.B. Phillips, 2012-03-20 This forty year old Christian classic and bestseller is a study group favorite this book challenges readers conventional views about God and encourages them to search for a meaningful redefinition of a higher power that is relevant to contemporary existence Your God is Too Small is a groundbreaking work of faith which challenges the constraints of traditional religion In his discussion of God author J B Phillips encourages Christians to redefine their understanding of a creator without labels or earthly constraints and instead search for a meaningful concept of God Phillips explains that the trouble facing many of us today is that we have not found a God big enough for our modern needs In a world where our experience of life has grown in myriad directions and our mental horizons have been expanded to the point of bewilderment by world events and scientific discoveries our ideas of God have remained largely static This inspirational work tackles tough topics and inspires readers to reevaluate and connect more deeply with a God that is relevant to current experience and big enough to command respect and admiration *Christian Faith in Our Time* Paul Jersild, 2016-12-19 Jersild responds to a fundamental issue in the theology of the church what is the nature of our language in addressing the mysteries of our faith such as speaking of God or of the incarnation Advocating a modest theology in facing the mystery of God and acknowledging the impact of postmodern sensibilities he lifts up the metaphorical language of Jesus as the key to a responsible theology Jersild makes his case for a faith based imagination centering on the life death and resurrection of Jesus as God s man who brings a divine redemptive love to the human story Theology does not give us a line in the sand that divides the saved from the lost nor is it the truth that makes all other religions false This is a book for seekers as well as many church members who harbor questions and doubts about the church s theology *An Ecology of the Heart* Duncan Forbes, 2023-05-10 Fairacres Publications 201 Terms such as climate grief and ecological anxiety describe the sadness and desolation triggered in many people in response to our changing climate What are we to do with this aching that is sometimes dull sometimes sharp Nowhere is immune from extreme weather events from physical suffering and even death How should we react to this These are questions that are central to every religious account of the world and its peoples This book looks at the insights that can be gained from the world s faith traditions particularly Christianity By considering the extent of the ecological crises that humanity faces this book discusses the new and searching questions that these crises raise for us and for our faith and how those questions reflect our approach to our environment and our responsibility in and for the world [The Scandal of the Kingdom Workbook](#) Dallas Willard, 2024-10-15 What does it mean to live in the kingdom of God in our day to day lives A runaway son A woman s frantic search for a coin A farmer paying hired help Jesus relied on ordinary situations like these to communicate extraordinary truths about following after him Of course not everyone who heard Jesus parables understood what they meant Even the disciples at times had to ask Jesus to explain the point of a story that he had just told Jesus was always willing to explain the meaning to them and any others who sought to understand the

mysteries of God's kingdom He does the same for like minded seekers today The Scandal of the Kingdom Workbook based on the teachings of the late beloved author Dallas Willard will aid you in this kind of exploration of many of the parables that Jesus told Each lesson will help you understand the heart behind a parable how Jesus used it to communicate the realities of God and life in his kingdom and how it is still revolutionary even scandalous in showing you the way in which God invites you to lead your life This workbook is designed for use with The Scandal of the Kingdom by Dallas Willard Each of the fifteen lessons in this workbook include these sections Hearing What Jesus Said The truths that Jesus was revealing Thinking About What Jesus Said How those truths apply to you Responding to What Jesus Said What actions to take

*Mere Catholicism* Daniel Agatino, 2018-12-08 From the Author C S Lewis Mere Christianity is the obvious inspiration for the title of this book In that book Lewis uses the example of a person standing in a hall that is lined on both sides by rooms Each room represents a different Christian tradition He wanted to get readers into the hallway and let them choose for themselves whether to enter Christianity by the door of Anglicanism Catholicism and so forth Mere Christianity brilliantly focuses on what essentially all Christians agree upon namely the Creed the canon of the New Testament etc However many of the great controversies between Protestants and Catholics are purposely not discussed There were ecumenical reasons for avoiding topics like papal primacy purgatory Marian devotions and so forth But by avoiding these sorts of topics Mere Christianity can be read as Mere Protestantism I wrote Mere Catholicism to address some of those missing topics Even though I am both intellectually and emotionally convinced of the truth of Catholic Christianity I am indebted to C S Lewis an Anglican for helping me better understand how Christianity offers the most compelling *raison d'être* His work and I hope my own is an exploration of faith seeking understanding to quote St Anselm of Canterbury Contents Preface Introduction Christianity in the Third Millennium 1 Faith and Reason 2 Freedom and Responsibility 3 Work and Prayer 4 Sin and Salvation Hamartiology and Soteriology 5 Suffering and Love 6 God Theology 7 Jesus Christology 8 Mary Mariology 9 Saints and Angels Hagiology and Angelology 10 The Church Ecclesiology 11 The Bible Bibliology 12 Humankind Creation and Last Things Anthropology and Eschatology Notes About the Author

**Why Science and Faith Belong Together** Malcolm A. Jeeves, 2021-02-25 As we try to understand ourselves and the world we live in all too often we look first to science and then if gaps remain in our understanding we try to fill the gaps with reference to God and our faith Such a god of the gaps approach has a long history and is sadly alive and well today This book was written to provide an alternative approach posing this basic question How can educated Christians maintain their intellectual honesty and at the same time be faithful both to Scripture and to science This book provides examples of some of the liveliest science vs faith issues today and suggests ways to think constructively about each of them

**Found in the Middle!** Wesley J. Wildman, Stephen Chapin Garner, 2009-05-22 There exists a deep and broad population of Christians who feel the labels of liberal and evangelical both describe their faith and limit their expression of it By working to reclaim the traditional historical meanings of these terms and showing how they complement rather than oppose each other Wesley Wildman and Stephen Chapin Gardner stake a

claim for the moderate Christian voice in today's polarized society Found in the Middle offers a foundational approach to the theology and ethics that undergird a congregation where moderate Christians can thrive Wildman and Garner serve as helpful guides on a quest for a humble theology an intelligible gospel message a compelling view of church unity and a radical ethics deeply satisfying to most Christians with both liberal and evangelical instincts Pastors congregational leaders seminarians and all thoughtful Christians will learn how truly moderate Christianity can unite the compassionate openness and social activism of liberal Christianity with the magnetism and spiritual fervor of evangelical Christianity You may feel lost in the middle but you are not alone there The middle may be the place where you find yourself living most authentically

hearts and minds of all who dare to seek the truth      Creed Adam Hamilton,2016-11-29 We're all searching. Sometimes the search is easy simply type a question and the answer pops up. But sometimes our questions are complicated and the answers are difficult to see and harder to articulate. How do we discover and examine the truths that give meaning and purpose to life? Adam Hamilton believes that some powerful answers are contained in the Apostles' Creed, an early statement of foundational Christian beliefs. In this book Hamilton considers important questions of life, reality and truth. He explores not only what Christians believe but also why they believe it and why it matters. Chapters include: God, Jesus Christ, The Holy Spirit, The Church, at the Communion of Saints, The Forgiveness of Sins, The Resurrection of the Body, Creed, What Christians Believe and Why is also part of a six week church wide program that includes a Leader Guide, DVD and youth and children resources.

Faith for the Heart Groome, Thomas H.,2019 Faith for the Heart makes a special outreach to the spiritual but not religious to the nones and the believers without belonging with rich resources for their faith journey. Catholic signals that all are welcome to draw upon its treasury of the Church's spiritual resources regardless of faith identity      **Don't Check Your Brains at the Door** Josh McDowell,Bob Hostetler,2011-08-02 Examines common myths about God, religion and life that contradict God's Word      **Por que a Ciência e a Fé Caminham Juntas** Malcolm A. Jeeves,2022-09-07 Na medida em que tentamos compreender a nós mesmas, o ser e o mundo em que vivemos muitas vezes olhamos primeiro para a ciência e depois se ainda há lacunas em nosso entendimento tentamos preencher as lacunas com referência a Deus e nossa fé. Tal abordagem que chamamos de o deus das lacunas tem uma longa história e infelizmente está viva e bem viva hoje. Este livro foi escrito para oferecer uma abordagem alternativa colocando esta questão básica: Como as pessoas cristãs com educação formal podem manter sua honestidade intelectual e ao mesmo tempo ser fiéis tanto à Escritura quanto à ciência? Este livro fornece exemplos de algumas das mais vivas questões de ciência vs fé de hoje e sugere maneiras de pensar construtivamente sobre cada uma delas      *Echoes of Coinherence* W. Ross Hastings,2017-07-28 This book reimagines the universe and the scientific study of it through the lens of a triune Creator, three persons of irreducible identity in a perichoretic or coinherent communion. It modestly proposes that Trinitarian theology and especially the coinherent natures of the Son in the incarnation provides the metaphysical or theory of everything that manifests itself in the subject matter of science. The presence of the image of the triune God in humanity and of traces of this God in the non-human creation are discussed highlighting ontological resonances between God and creation, resonances between the being of God and his creation such as goodness, immensity, yet particularity, intelligibility, agency, relationality and beauty. This Trinitarian reality suggests there should be a similarity also with respect to how we know in theology and science, critical realism, something reflected in the history of ideas in each. These resonances lead to the conclusion that the disciplines of theology and science are in fact coinherent, not conflicted. This involves recognition of both the mutuality of these vocations and also importantly their particularity. Science, its own distinct guild, yet finds its place ensconced within an encyclopedic theology and subject to first order credal theology      **The Sermon on the**

**Mount** Elias Chacour, 2025-02-14 This book provides the essential meaning of the teachings of the Sermon on the Mount how these teachings spoke directly to Jesus listeners and then moves directly to how these teachings of Jesus have relevance for people today The context of the teaching in Israel Palestine is provided with an introduction to the life and mission of Jesus The Sermon on the Mount is identified as the life calling of the Christian and the way that a contemporary reader can sense and learn the will of God There are examples of how Jesus taught the teachings of the Sermon to assist people in applying these universal teachings not only to their personal lives but also to their setting with layered governments such as the Roman and Jewish and how the teachings speak to issues of social justice poverty and illness Included in the book are those who shared with Jesus the mission of assisting people to the identification of the pathway to life lived in the presence of God
