Tremendum A Theological Interpretation Of The Holocaust:

The Tremendum Arthur Allen Cohen, 1993 A profound and important book the best book on the Holocaust interpreted by a theologian of Judaism Jacob Neusner *The Tremendum* Arthur A. Cohen, 1988-01-01 The Tremendum, 1993 **An Arthur A. Cohen Reader** Arthur Allen Cohen, 1998 A collection of essays all published previously The following deal with antisemitism *Thinking about Good and Evil* Wayne Allen, 2021-05 2022 Top Five Reference Book from Academy of Parish Clergy The most comprehensive book on the topic *Thinking about Good and Evil* traces the most salient Jewish ideas about why innocent people seem to suffer why evil individuals seem to prosper and God's role in such matters of justice from antiquity to the present Starting with the Bible and Apocrypha Rabbi Wayne Allen takes us through the Talmud medieval Jewish philosophers and Jewish mystical sources the Ba'al Shem Tov and his disciples early modern thinkers such as Spinoza Mendelssohn and Luzzatto and finally modern thinkers such as Cohen Buber Kaplan and Plaskow Each chapter analyzes individual thinkers arguments and synthesizes their collective ideas on the nature of good and evil and questions of justice Allen also exposes vastly divergent Jewish thinking about the Holocaust traditionalist e.g. Ehrenreich revisionist e.g. Rubenstein Jonas and deflective e.g. Soloveitchik Wiesel Rabbi Allen's engaging accessible volume illuminates well known obscure and novel Jewish solutions to the problem of good and evil **Interruptions** J. Matthew Ashley, 1998-12-08 Johann Baptist Metz is one of the most important Roman Catholic theologians in the post Vatican II period however there is no comprehensive overview of his theological career This book fills that gap It offers careful analyses and summaries of Metz's work at the various stages of his career beginning with his work on Heidegger and his collaboration with Karl Rahner It continues with his work in the nineteen sixties when he moved off in a radically different direction to found a new political theology culminating in his seminal work *Faith in History and Society* Metz addresses themes ranging from the situation of the Church after Auschwitz the future of religious life in the Church and the relationship between religion and politics after the end of the cold war J. Matthew Ashley covers all of Metz's writings along with his crucial relationships to figures like Karl Rahner Martin Heidegger Ernst Bloch Walter Benjamin and the social critics of the early Frankfurt School *Interruptions* shows that despite the dramatic turn in the nineteen sixties there is an underlying continuity in Metz's thought Ultimately however the underlying continuity in Metz's career is defined by a spirituality a spirituality that is painfully yet hopefully open to the terrible suffering that characterizes our century a spirituality founded in the Prophets in Lamentations and in the figures of Job and the Jesus of Mark's Gospel This book shows how Metz has tried to find theological concepts adequate for expressing this spirituality which he calls a Mysticism of open Eyes or of suffering unto God and to work out its political implications To this end the book has an opening chapter on the relationship between spirituality and theology and a closing chapter that shows that the most fundamental difference between Rahner and Metz is rooted in the different Christian spiritual traditions out of which the two operate *Interruptions* is essential reading for anyone interested in Spirituality and

Mysticism and in their relation to political philosophy *Cinema, Black Suffering, and Theodicy* Shayne Lee, 2022-01-26 This book explicates how many films intersect black suffering and God talk in ways that instantiate secular limitations to divine efficacy The book's concept of a modern God introduces a new method of analysis that reimagines theodical discourses as mechanisms of modern identities and filmmakers as skillful exegetes who recalibrate divine attributes to the sensemaking cadences of their contemporaries Shayne Lee demonstrates how cinematic theodicy navigates a happy medium between affirming divine benevolence and sidelining supernatural activity and that filmic characters like their real world counterparts are quite clever at triangulating rationality faith and tragedy In addition to positing synergistic links between theodicy and secularity Lee offers critical insights into cinema's relevance to the sociology of evil by specifying how films code and narrate malevolent actions and outcomes demarcate clear lines of distinction between victims and perpetrators clarify societal dynamics driving inequality and oppression and transform individual episodes of suffering into collective and memorialized identities of trauma This book illuminates how filmic treatments of theodicy construct evil and suffering in calculated ways that connect specific acts effects and institutions to greater structures of meaning **Toward a Negative Theology of Judaism** Ernest Rubinstein, 2025-07-29 This book reimagines Judaism and Jewish identity after the time honored method of negative theology It builds on negations that clear space for revisioning of such topics as creation and revelation the people and State of Israel history and suffering ritual and ethics God and spiritual life The theology builds on thought from key figures in the history of Jewish philosophy and serves along the way as an introduction to them including Ecclesiastes Philo Saadia Gaon Judah Halevi Maimonides Spinoza Moses Mendelssohn Nachman Krochmal Hermann Cohen Franz Rosenzweig Martin Buber Abraham Joshua Heschel Emil Fackenheim Emmanuel Levinas Yeshayahu Leibowitz and more A key finding is that a shared negation binds God and the Jewish people together their joint refusal to submit to contentful constrictive definition **Architectural Principles in the Age of Historicism** Robert Jan van Pelt, Robert Jan Pelt, Carroll William Westfall, 1991-01-01 Explores the relationship between architectural history and the current practice of architecture The authors draw on insights from anthropology ancient history theology philosophy and the Holocaust They also provide practical ideas which should help students build a more human world **Jewish Theology in Our Time** Bradley Shavit Artson, Rachel Sabath Beit-Halachmi, 2012-12 A powerful and challenging examination of what Jews believe today by a new generation's dynamic and innovative thinkers New in Paperback At every critical juncture in Jewish history Jews have understood a dynamic theology to be essential for a vital Jewish community This important collection sets the next stage of Jewish theological thought bringing together a cross section of interesting new voices from all movements in Judaism to inspire and stimulate discussion now and in the years to come Provocative and wide ranging these invigorating and creative insights from a new generation's thought leaders provide a coherent and inspiring picture of Jewish belief in our time The passionate voices of a new generation of Jewish thinkers continue the dialogue with God examining the dynamics of what

Jews can believe today They explore A dynamic God in process The canon of Jewish literature and its potential to be both contemporary and authentic to tradition Critical terms and categories for discussing Jewish theology The ongoing nature of the Jewish search for God Ruptures within the modern Jewish condition And much more
