Virgil Aeneid 7 A Commentary Mnemosyne Supplements Bk 7:

Virgil, Aeneid 7 Horsfall, 2018-07-17 This commentary was begun in 1967 but most of the period from 1971 to 1996 was spent on work that was in some sense an essential preliminary to a detailed study of Aeneid 7 The work will serve as a guide to recent and future work on Virgilian language grammar syntax and style Recent approaches to the text have been where possible taken into account with sympathy but without jargon Virgil's sources in verse and prose have been studied with special care and the commentary presents a coherent approach to Virgil's view of Italian religion antiquities and topography Unusually full indexing is intended to further the book's use as a guide to many aspects of Augustan poetic idiom There is a text independent of recent editions and a precise prose translation **Vergil's Green Thoughts** Rebecca Armstrong, 2019

The Eclogues Georgics and Aeneid abound with plants yet much Vergilian criticism underestimates their significance beyond attractive background detail or the occasional symbolic set piece This volume joins the growing field of nature centred studies of literature looking head on at Vergil's plants and trees to reveal how fundamental they are to an understanding of the poet's outlook on religion culture and mankind's place within the world Divided into two parts the first explores the religious and more diffusely numinous aspects of Vergil's plants from awe inspiring sacred groves to divinely promoted fields of corn and shows how both cultivated and uncultivated plants fit within and help to shape the complex landscape of Vergilian and more broadly Roman religious thought In the second half of the book the focus shifts towards human interactions with plants from the perspectives of both cultivation and relaxation exploring the love hate relationship with vegetation which sometimes supports and sometimes contests the human self image as the world's dominant species Combining a series of close readings of a wide range of passages with the identification of broader patterns of association Vergil's Green Thoughts appositely reveals and celebrates the complexity and variety of Vergilian flora **Collected**

Papers on Greek Colonization A.J. Graham, 2017-09-18 For the first time together in one volume all the papers on Greek colonization published by A J Graham over the last forty years Some of these appeared in publications difficult of access They will all now be widely available and thus complement the author's Colony and Mother City in Ancient Greece and his two chapters on the subject in Cambridge Ancient History III 3 second edition In addition the volume contains one new paper not previously published entitled Thasian Controversies The published papers are reproduced unchanged except for the correction of misprints and the original page numbering is indicated All the original figures and illustrations are included There is a comprehensive analytical index **The Orator in Action and Theory in Greece and Rome** Cecil

Wooten, 2017-09-18 This volume is a collection of essays written by authorities in the field on many aspects of ancient rhetoric These essays deal both with the theory of rhetoric and the practice of oratory and are quite diverse both in tone and audience envisioned Some of them deal with very basic questions such as how good an orator should appear to be others deal with very technical matters such as theoretical considerations of issue theory or figured speeches Some are focussed on the

actual practice of oratory in speeches such as those of Cicero and Caesar others deal with manifestations of oratory in historical works such as the Histories of Herodotus or reflections on the nature of oratory in works like the Dialogus of Tacitus One considers parallel developments in rhetorical and artistic treatments of the legend of Busiris *The Challenge of Epic* Robert Shorrock, 2017-09-18 Nonnus once vied with Homer for popularity today his Dionysiaca languishes in obscurity The Challenge of Epic offers a literary critical rehabilitation of Nonnus fifth century AD poem It argues that modern neglect stems from a failure to appreciate the central position of allusion in late antique poetry Attention first focuses on intertextual allusion It is argued that the poet draws on a plethora of allusions to the cycle of Greek mythology in order to imbue his specific narrative with a universal significance Focus then shifts to metapoetic allusion the way in which Nonnus alludes self consciously to the process of writing and develops parallels between himself and his subject Dionysus Through an appreciation of Nonnus allusive strategies the modern reader can again engage with the mind bending challenge of the Dionysiaca Madness Unchained Lee Fratantuono, 2007 Madness Unchained is a comprehensive introduction to and study of Virgil's Aeneid The book moves through Virgil's epic scene by scene and offers a detailed explication of not only all the major and many minor difficulties of interpretation but also provides a cohesive argument that explores Virgil's point in writing this epic of Roman mythology and Augustan propaganda the role of fury or madness in Rome's national identity

Dolos and Dikē in Sophokles' Elektra Leona MacLeod, 2017-07-31 The main problem facing critics of Sophokles Elektra has always been understanding the presentation of the vengeance and the nature of justice it represents This volume addresses the ethical issues of this play through an analysis of the language and argumentation which the characters use to explain and justify their behaviour The focus is on the examination of the themes of aidē and dolos and the way in which each contributes to our overall understanding of the vengeance as an act which for all its justice remains shameful By exploring the union between these two contradictory elements this study exposes the ethical complexity of Sophokles treatment of the vengeance theme Dolos Dik contains a useful critique of recent interpretative approaches to the play a full bibliography and a complete index of passages cited **Vergilian Digest**, 2005 **A Companion to Apollonius Rhodius** Theodore D. Papanghelis, Antonios Rengakos, 2001 The contributions in this volume cover most of the issues that have been at the centre of scholarly interest in Apollonius and his epic Argonautica ranging from the history of the text through questions of literary technique to the epic's reception Arctos, 2009 *Vergil's Aeneid* Hans-Peter Stahl, 1998 This text contains contributions by international exponents of Vergil's work It aims to allow both the specialist and the general reader to penetrate and to test many of the leading and competing modes of interpretation applied to the Aeneid These range from Vergil viewed as endorsing Rome's imperial warfare to Vergil lending his voice to the victims of Roman imperialism from the denial of the literary critic that any application of political context is feasible to the discovery of political implications embedded in the dramatic perspectives characters and locales of the epic Vergil's poem a determinant text in the cultural

history of the West is treated by this volume as a focus for intense scholarly controversies the ideological contribution of the artist to autocracy and war and the very possibility of verifying political intention in a literary artifact **The Library and Reading of Jonathan Swift** Dirk F. Passmann, 2003 Modelli letterari e ideologia nell'età flavia Fabio Gasti, Giancarlo Mazzoli, 2005 **Andreia** Ralph Mark Rosen, Ineke Sluiter, 2003 This volume examines issues of courage and manliness in the ancient world Taking the Greek concept of Andreia as its starting point it sheds new light on the construction of cultural identity and the use of value terms in that process Martial, Book IV Rosario Moreno Soldevila, 2006 This volume is the first comprehensive commentary on the fourth book of Martial's epigrams it focuses on literary matters and realia in order to clarify each poem and to offer an aesthetic account of the book as a whole *Deutsche Nationalbibliographie und Bibliographie der im Ausland erschienenen deutschsprachigen Veröffentlichungen*, 2000 *Studies in Latin Literature and Roman History* Carl Deroux, 1979 Whitaker's Books in Print, 1998 Apollonius Rhodius Annette Harder, Remco F. Regtuit, G. C. Wakker, 2000 This volume contains the papers of the Groningen Workshop on Hellenistic Poetry 4 Apollonius Rhodius Groningen 2-4 September 1998 During the workshop a first draft of the papers was discussed and commented on by an international group of specialists in the field of Hellenistic poetry The volume contains a wide range of articles and thus provides a survey of current developments in research on Apollonius Several articles show how recent developments in modern literary criticism or linguistics can lead to new or more refined insights in our understanding of Apollonius poetry Others show how a renewed analysis of selected passages can contribute to our overall view of this poet This volume is the fourth of a series Every two years a Workshop on Hellenistic Poetry takes place at the University of Groningen the papers of which are published in the series *Hellenistica Groningana* **Virgil, Aeneid 2** Nicholas Horsfall, 2008 Introduction text and translation detailed commentary and indices to Aeneid 2 are here offered on a scale not previously attempted and in keeping with the author's previous Virgil commentaries Aeneid 3, 7 and 11 the volume is aimed primarily at scholars rather than undergraduates
