Le petit guide de survie au Royaume Uni, spécial séjour linguistique Collectif, 2013-02-06 Un petit guide plein d'humour et de conseils pour aider les élèves à parer leur séjour linguistique et les accompagner au quotidien *Le Chien des Baskerville* Arthur Conan Doyle, 2023-06-20 Dans le roman policier emblématique d'Arthur Conan Doyle Le Chien des Baskerville Sherlock Holmes et le Dr John Watson sont convoqués dans les sombres landes de Dartmoor dans le Devonshire pour enquêter sur la mort mystérieuse de Sir Charles Baskerville En tant que dernier héritier de l'ancienne famille Baskerville Sir Henry Baskerville hérite du vaste domaine et se retrouve hanté par un chien surnaturel considéré comme une malédiction familiale Holmes et Watson découvrent un réseau de tromperie de superstition et de cupidité alors qu'ils naviguent sur le terrain perfide de la lande découvrant un complot diabolique et affrontant finalement un chien monstrueux pour protéger l'héritage de Baskerville *Souvenirs de Sherlock Holmes* Arthur Conan Doyle, 1918 *Résurrection de Sherlock Holmes* Arthur Conan Doyle, 1916 *Dictionnaire Sherlock Holmes* Lucien-Jean Bord, 2008 **Sherlock Holmes et la France** Société Sherlock Holmes de France, 1996 **Je sais tout**, 1908 **LES PREMIÈRES ANNÉES DU 20^e SIÈCLE - 1900-1906** Ruben

Ygua, 2025-08-13 LA FIN DE LA POLITIQUE D'ÉQUILIBRE La Révolution française et les guerres napoléoniennes ont répandu le concept de démocratie dans la majeure partie du continent européen répandant ainsi l'idée que les populations partageant une origine ethnique une langue et les mêmes idées politiques ont le droit de former des États indépendants Cependant le principe de l'autodétermination nationale a été totalement ignoré par les forces dynastiques et réactionnaires qui ont décidé du sort des affaires européennes au Congrès de Vienne en 1815 Beaucoup de peuples qui voulaient leur autonomie ont été soumis des dynasties locales ou d'autres nations Par exemple les États allemands intégrés à la Confédération allemande étaient divisés en de nombreux ducats principautés et royaumes selon les termes du Congrès de Vienne l'Italie était galemment divisée en plusieurs unités politiques dont certaines étaient sous contrôle étranger les Belges flamands et français des Pays Bas autrichiens étaient soumis au pouvoir néerlandais par décision du Congrès Les révolutions et les mouvements nationalistes forts du XIX^e siècle ont réussi à annuler une grande partie des impositions réactionnaires convenues à Vienne La Belgique a obtenu son indépendance des Pays Bas en 1830 l'unification de l'Italie a été achevée en 1861 et celle de l'Allemagne en 1871 Cependant des conflits nationalistes sont restés non résolus dans d'autres régions d'Europe au début du XX^e siècle provoquant des tensions au sein des régions concernées et entre diverses nations européennes L'un des courants nationalistes les plus importants le panslavisme a joué un rôle fondamental dans les événements qui ont précédé la guerre L'esprit nationaliste était galemment visible dans le domaine

conomique La révolution industrielle qui a commencé en Grande Bretagne la fin du XVIIIe siècle en France au début du XIXe siècle et en Allemagne partir de 1870 a entraîné une forte augmentation des produits manufacturés obligeant ces pays à rechercher de nouveaux marchés à l'étranger La zone dans laquelle la politique européenne d'expansion économique s'est principalement développée est l'Afrique où les intérêts coloniaux respectifs sont souvent entrés en conflit La rivalité économique sur la domination du territoire africain entre la France l'Allemagne et la Grande Bretagne a conduit en 1898-1914 à provoquer une guerre en Europe plusieurs reprises En raison des tensions internationales les pays européens ont pris entre 1871 et 1914 des mesures de politique intérieure et étrangère qui leur ont accru le danger de conflit maintenu de nombreuses armées permanentes qu'ils ont constamment renforcées par le recrutement en temps de paix et construit de plus gros navires La Grande Bretagne influencée par le développement de la marine allemande qui a commencé en 1900 et par le cours de la guerre russo-japonaise modernise sa flotte sous la direction de l'amiral Sir John Fisher La guerre entre la Russie et le Japon a démontré l'efficacité de l'armement naval longue portée Les progrès réalisés dans d'autres domaines de la technologie et de l'organisation militaires ont stimulé la formation d'états-majors capables d'élaborer des plans de mobilisation et d'attaque très précis souvent intégrés dans des programmes qui ne pouvaient être annulés une fois lancés Les dirigeants de tous les pays ont pris conscience que l'augmentation des dépenses d'armement finirait par conduire des faillites nationales ou des guerres c'est pourquoi des tentatives ont été faites plusieurs reprises pour promouvoir le désarmement mondial notamment lors des conférences de La Haye de 1899 et 1907 Toutefois la rivalité internationale a atteint un point tel qu'il n'est pas possible de parvenir à un accord efficace pour réduire le désarmement international *Le Figaro magazine*, 1994-08 **Cinémagazine**, 1922
