Women In The Holocaust:

Women in the Holocaust Zoë Waxman, 2017-01-26 Despite some pioneering work by scholars historians still find it hard to listen to the voices of women in the Holocaust Learning more about the women who both survived and did not survive the Nazi genocide through the testimony of the women themselves not only increases our understanding of this terrible period in history but makes us rethink our relationship to the gendered nature of knowledge itself Women in the Holocaust is about the ways in which socially and culturally constructed gender roles were placed under extreme pressure yet also about the fact that gender continued to operate as an important arbiter of experience Indeed paradoxically enough the extreme conditions of the Holocaust even of the death camps may have reinforced the importance of gender Whilst Jewish men and women were both sentenced to death gender nevertheless operated as a crucial signifier for survival Pregnant women as well as women accompanied by young children or those deemed incapable of hard labour were sent straight to the gas chambers The very qualities which made them women were manipulated and exploited by the Nazis as a source of dehumanization Moreover women were less likely to survive the camps even if they were not selected for death Gender in the Holocaust therefore became a matter of life and death *Different Voices* Carol Rittner, John K. Roth, 1993 We hear Olga Lengyel's anguish at discovering that she had unwittingly sent her mother and son to the gas chamber on recalling the brutality of Irma Giese a stunningly beautiful SS officer on witnessing the unspeakable medical experiments the Nazis conducted on women We share Livia F Britton's memory of hunger and terrible vulnerability as a naked thirteen year old at Auschwitz We learn of the horrific price that Dr Gisela Perl was forced to pay to save women's lives Part Two Voices of Interpretation offers the new insights of women scholars of the Holocaust including evidence that the Nazis specifically preyed on women as the propagators of the Jewish race Marion A Kaplan describes the lives of a generation of Jewish women who thought that they were assimilated into German society **Experience and Expression** Elizabeth Roberts Baer, Myrna Goldenberg, 2003 Publisher's description The many powerful accounts of the Holocaust have given rise to women's voices and yet few researchers have analyzed these perspectives to learn what the horrifying events meant for women in particular and how they related to them In *Experience and Expression* the authors take on this challenge providing the first book length gendered analysis of women and the Holocaust a topic that is emerging as a new field of inquiry in its own right The collection explores an array of fascinating topics rescue and resistance the treatment of Roma and Sinti women the fate of female forced laborers Holocaust politics nurses at so called euthanasia centers women's experiences of food and hunger in the camps the uses and abuses of Anne Frank and the representations of the Holocaust in art film and literature in the postwar era **German Women's Life Writing and the Holocaust** Elisabeth Krimmer, 2018-09-20 This important study examines women's life writing about the Second World War and the Holocaust such as memoirs diaries docunovels and autobiographically inspired fiction Through a historical and literary study of the complex relationship between gender

genocide and female agency the analyzes correct androcentric views of the Second World War and seek to further our understanding of a group that although crucial to the functioning of the National Socialist regime has often been overlooked that of the complicit bystander Chapters on army auxiliaries nurses female refugees rape victims and Holocaust survivors analyze women s motivations for enlisting in the National Socialist cause as well as for their continuing support for the regime and in some cases their growing estrangement from it The readings allow insights into the nature of complicity itself the emergence of violence in civil society and the possibility of social justice *Women in the Holocaust* Anna Eilenberg-Eibeshitz,1993 Features testimonies detailing the oppression and forced labor of Jewish women during the Holocaust who were important mainstays in their families *Women's Experiences in the Holocaust* Agnes Grunwald-Spier,2018-01-15 A moving and detailed portrait of women in the most terrible circumstances by a respected author and Holocaust survivor **Jewish and Romani Families in the Holocaust and its Aftermath** Eliyana R. Adler,Katerina Capková,2020-10-16 Diaries testimonies and memoirs of the Holocaust often include at least as much on the family as on the individual Victims of the Nazi regime experienced oppression and made decisions embedded within families Even after the war sole survivors often described their losses and rebuilt their lives with a distinct focus on family Yet this perspective is lacking in academic analyses In this work scholars from the United States Israel and across Europe bring a variety of backgrounds and disciplines to their study of the Holocaust and its aftermath from the family perspective Drawing on research from Belarus to Great Britain and examining both Jewish and Romani families they demonstrate the importance of recognizing how people continued to function within family units broadly defined throughout the war and afterward
