Word Virus The William S Burroughs Reader:

Word Virus William S. Burroughs, 2007-12-01 With the publication of *Naked Lunch* in 1959 William Burroughs abruptly brought international letters into the postmodern age Beginning with his very early writing including a chapter from his and Jack Kerouac's never before seen collaborative novel *Word Virus* follows the arc of Burroughs's remarkable career from his darkly hilarious routines to the experimental cut up novels to *Cities of the Red Night* and *The Cat Inside* Beautifully edited and complemented by James Grauerholz's illuminating biographical essays *Word Virus* charts Burroughs's major themes and places the work in the context of the life It is an excellent tool for the scholar and a delight for the general reader Throughout a career that spanned half of the twentieth century William S Burroughs managed continually to be a visionary among writers When he died in 1997 the world of letters lost its most elegant outsider Word Virus William S. Burroughs, 1998

William S. Burroughs Cutting Up the Century Joan Hawkins, Alex Wermer-Colan, 2019-05-17 This definitive book on Burroughs decades long cut up project and its relevance to the American twentieth century including previously unpublished works William S Burroughs's *Nova Trilogy* *The Soft Machine* *Nova Express* and *The Ticket That Exploded* remains the best known of his textual cut up creations but he committed more than a decade of his life to searching out multimedia for use in works of collage By cutting up folding in and splicing together newspapers magazines letters book reviews classical literature audio recordings photographs and films Burroughs created an eclectic and wide ranging countercultural archive This collection includes previously unpublished work by Burroughs such as cut ups of work written by his son cut ups of critical responses to his own work collages on the Vietnam War and the Watergate scandal excerpts from his dream journals and some of the few diary entries that Burroughs wrote about his wife Joan William S Burroughs *Cutting Up the Century* also features original essays interviews and discussions by established Burroughs scholars respected artists and people who encountered Burroughs The essays consider Burroughs from a range of perspectives literary studies media studies popular culture gender studies post colonialism history and geography A landmark in scholarship Choice William S. Burroughs and the Cult of Rock 'n' Roll Casey Rae, 2019-06-11 A history of the writer's impact on some of the biggest names in rock music from the Beatles to Bowie and his role as a secret architect in the genre William S Burroughs's fiction and essays are legendary but his influence on music's counterculture has been less well documented until now Examining how one of America's most controversial literary figures altered the destinies of many notable and varied musicians William S Burroughs and the Cult of Rock n Roll reveals the transformations in music history that can be traced to Burroughs A heroin addict and a gay man Burroughs rose to notoriety outside the conventional literary world his masterpiece *Naked Lunch* was banned on the grounds of obscenity but its nonlinear structure was just as daring as its content Casey Rae brings to life Burroughs's parallel rise to fame among daring musicians of the 1960s 70s and 80s when it became a rite of passage to hang out with the author or to experiment with his cut up techniques for producing revolutionary lyrics as the Beatles and Radiohead did

Whether they tell of him exploring the occult with David Bowie providing Lou Reed with gritty depictions of street life or counseling Patti Smith about coping with fame the stories of Burroughs s backstage impact will transform the way you see America s cultural revolution and the way you hear its music Rae writes with the passion of a teenager discovering new sounds and the control and self assuredness of a seasoned academic William S Burroughs and the Cult of Rock n Roll celebrates not only the gifted mind and bizarre life of a writer who changed literature forever with his magic and ideas it also finally gives him the place he deserves in the pantheon of rock and roll NPR William S Burroughs was as much a quiet rock star as he was an artist or a writer His inroads into audio spoken word and music created paths that we still follow Casey Rae s book is a labor of love that offers a map to understanding Burroughs s complex relationship to music and other art forms Chris Stein co founder of Blondie A fascinating new book Rae is an engaging storyteller and often an enlightening one I m grateful for Rae s study and recommend it highly not only to those still interested in Burroughs and rock music but to anyone curious about the possibilities for creative synergy between the arts Journal of Popular Music Studies
