Call to Prayer

For when he heard that Archelaus was reigning over Judea in place of his father Herod, he resolved to go there. Then after being warmly welcomed, he left for the region of Galilee. - Matthew 2:1-2

After Christmas we sometimes read about the probable flight of Jesus' family into Egypt to get away from the murderous Herod the Great. Herod was afraid that the infant Jesus would harm him, so he ordered the killing of all the boys in the region. We're grateful that God named Joseph his. And we pray that other babies aren't endangered. And perhaps we engage in a liturgical act of relief when we learn that Herod died believing that the family had been murdered in the land.

But when the circumstance changed, they did not really protest - justice led. Archelaus was not as cruel as his father. So God again named Joseph, who took the mother and child all the way to the Nazareth, well away from the on-going dangers around Jerusalem.

In recent months we have watched as Planned Parenthood has become a well-deserved society and industry and their hostile practices have become more and more and harder to deny with any believability. We have rejected as some abortion facilities have been closed. We have given thanks to public opinion and courts stilling more toward Pro-life.

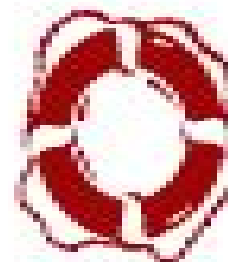

So as we pray in support of each other's Pro-Life efforts and those in charge in their own mother's words, let us remember our importance:

- Thank God for governing authorities who order us better than we are (Romans 13).
- Trust only God's words governing authorities, even when they battle rights and wrongs, further we have set them somewhat mixed. God's Word is our guide. Thank God to work with things that are good and the things that are people.
- Pray for wisdom, boldness, and perseverance to take every opportunity to champion the Kingdom of our life-giving God, by evangelizing the lost and nurturing the believers, whatever decisions the governing authorities may make and whatever change may occur.
- Rejoice and keep asking God to keep doing amazingly wonderful things. We are not only praying for healing and song.

Words Of Life January April 2016 The Power Of Prayer:

You Should Know This Elsie E. Strzyzowska, 2017-09-12 As you walk among people in every hierarchical and demographic circle it is unavoidable People are experiencing and feeling within themselves a numbness and tiredness that they never felt before They explain it as something indescribable but when they start chatting with each other it begins to sound eerily similar For example a common statement people are saying nowadays is Wow The months are flying by so fast I feel like it was just weeks ago we were celebrating New Years Eve Or Oh my goodness I feel so tired And I sleep eight hours daily Many people are experiencing today a flood of inconceivable worries fears and disasters I go many places and start a conversation with people and listen to their problems and emotions The majority of people are suffering silently inside and trying to convince others that all is well but it's not To compound it further there's extreme temptation of luring certain individuals into living a lifestyle that they simply can't afford Hope is disintegrating vanishing and being manipulated During the Great Depression back in the days people at least had hope in God The excessive broadcasting of the end of the world theme in films during the past decade is intentional Also the battle between good and evil is intensifying Why What you should know is there are many people who are trying to get your attention To divulge the truth Are you listening Or too busy with what you think is important or entertaining but in reality is not Exploring the What If's questions Christians avoid talking about Is living in denial and darkness the best way to survive on this Earth

A Sacred Rendezvous Ron Mahler, 2020-12-15 Noise and trouble characterized the first century world Jesus incarnated into Accordingly He had a plan to combat the sirens of chaos blaring around Him solitude As the twenty first century tumbles more and more out of control noise and trouble continue to define the times we live in We require spiritual space where we can unplug from the currents of daily commotion More than ever we're in need of sanctuary and silence In *A Sacred Rendezvous* Ron Mahler with fresh and creative insight takes you on a journey through the Gospels to revisit the pathways the Saviour used to escape to remote places in order to meet up with the Father You will be challenged to go beyond merely observing that intimacy to realizing and craving it personally and continually From heaven's perspective we'll likely wonder how we could've settled for anything less on earth than the most sacred of all rendezvous

influential mathematicians and the impact that their mystical beliefs had on their lives and on their mathematical work. Modern biographers often cleanse the lives of renowned scientists of any hint of mysticism or occultism. Such threads are sometimes regarded as relics of the superstitious past, flaws that need to be hushed up, marginalized or reinterpreted. This book represents a minor attempt to push back against this tendency and to examine these aspects of the history of mathematics with seriousness and intellectual curiosity. Features: A breadth of scope covering many centuries. Suitable for anyone interested in mathematics, history, philosophy, paranormal phenomena, psi research, mysticism or in any combination of the above. An almost unique account of known histories examined from a new vantage point. Sasho Kalajdzievski is a Senior Scholar in the Department of Mathematics at the University of Manitoba.
