Evaluating and Treating Adult Children of Alcoholics: Treatment Timmen L. Cermak, 1990

Removing the Roadblocks Marsha Vannicelli, 1992-02-14 Based on the author s 18 years of experience supervising group therapists this quintessentially practical book is designed to help practitioners think through and formulate appropriate strategies in their clinical work Utilizing many clinical examples and providing explanations throughout for her interventions Vannicelli pays special attention to the therapeutic stance where the clinician positions him or herself in relation to the patient and why and how various strategies and techniques maximize the patient s opportunity

for therapeutic growth A hallmark of Dr Vannicelli s approach richly illustrated in this work is her sensitivity to countertransference and the ways it can be used productively in clinical practice Alone among books in the substance abuse field REMOVING THE ROADBLOCKS analyzes the group therapy issues that arise in the three populations most commonly seen in substance abuse clinics substance abusers themselves adult children of alcoholics and other family members The author describes characteristics unique to each population and addresses overlap among them in terms of basic procedures formats and hurdles that group leaders face The book also differs from most psychotherapy texts by giving the reader an opportunity to hear the voice of an experienced therapist as she provides examples of various kinds of interventions and demonstrates how they might actually be communicated and implemented Rather than reading about psychotherapy or about various kinds of problems one has the sense of experiencing a thorough consultation with a truly seasoned supervisor A particularly useful feature is the appendix at the end of the volume which provides examples of assessment and intake questionnaires history questionnaires ground rules for treatment contracts and other practical materials Designed for all mental health professionals who work with substance abusers the book s focus on practical clinical issues also makes it ideal for paraprofessionals It is an excellent text for courses on substance abuse in social work psychology nursing and other disciplines as well as for courses in group psychotherapy

Evaluating and Treating Adult Children of Alcoholics: Evaluation Timmen L. Cermak,1990 A guide for professionals who work with adult children of alcoholics their spouses and children In evaluating and treating these patients Timmen Cermak not only presents clear diagnostic criteria that correspond directly with accepted psychiatric psychological concepts but also describes ways of treating these patients that extend far beyond current approaches

Working with Children of Alcoholics Bryan E. Robinson,J. Lyn Rhoden,1997-12-18 Working with Children of Alcoholics was originally published when the plight of children of alcoholics was just beginning to gain widespread public attention It was the first book to provide professionals with a direct step by step approach that shows them not only what to look for when working with children but what they can do to help them Some of the critical topics covered include identifying children of alcoholics establishing effective children s programs treatment strategies for children of alcoholics life and survival in an alcoholic home the intergenerational transmission of alcoholism the psychological adjustment of children of alcoholics health and safety hazards and academic and behavioral concerns Working with Children of Alcoholics includes extensive resources such as names of helpful organizations periodicals therapeutic games and curriculum materials The book will be of interest to social workers public health workers psychologists school administrators drug and alcohol counselors pastoral counselors teachers and treatment centers It makes an excellent supplemental text for graduate and undergraduate courses in family and community adjustment problems of children and youth substance abuse human services and community problems

The Alcoholic Family in Recovery Stephanie Brown,Virginia Lewis,2012-01-19 Family relationships change dramatically when one or more members stops drinking Far from offering a quick fix to family

problems in fact the first years of sobriety are often marked by continuing tension that fuels marital stress acting out kids and difficulties at work This book explores the process of recovery from addiction as it affects the entire family presenting an innovative model for understanding and treating families navigating this difficult period The authors draw upon extensive clinical and research experience to demonstrate how families can be helped to regroup after abstinence weather periods of emotional upheaval and find their way to establishing a more stable yet flexible family system Treating Adult Children of Alcoholics Stephanie Brown, 1988-04-08 This book deals with the psychopathology and treatment of children of alcoholics especially those in adult years It discusses family dynamics effects on the child s development and the effects on professionals dealing with these cases **Handbook of Play Therapy, Advances and Innovations** Kevin J.
