Film and Television Scores, 1950-1979

Kristopher Spencer, 2014-01-10 Hollywood film scores underwent a supersonic transformation from the 1950s through the 1970s. This genre-by-genre overview of film and television soundtrack music covers a period of tremendous artistic and commercial development in the medium. Film and television composers bypassed the classical tradition favored by earlier screen composers to experiment with jazz, rock, funk, and avant-garde styles. This bold approach brought a rich variety to film and television productions that often took on a life of its own through records and CDs. From Bernard Herrmann to Ennio Morricone, the composers of the Silver Age changed the way movie music was made, used, and heard. The book contains more than 100 promotional film stills and soundtrack cover art images.

Literature and the Critics Richard Jacobs, 2022-03-02 This timely volume presents a rich and absorbing selection of extracts from over two hundred leading literary critics of the last several decades writing on many of the most widely studied literary texts in English, from Shakespeare to Toni Morrison. Structured chronologically, working through familiar literary periods, this book presents illuminating and stimulating examples of critical readings of familiar texts, demonstrating a variety of methods and approaches to critical practice. The range of critical voices represented, from Abrams and Adelman to Zimmerman and Iek, provides students with eloquent and insightful models of how to read, think, and write about texts so that they can form their own critical responses and develop as independent readers. The book also shows how criticism has developed over time and how it has always been intimately involved in wider cultural, social, and political debates. Connections between criticism, culture, and politics are explored in the book's wide-ranging first chapter. In his warm, clear, and engaging style, Richard Jacobs provides the perfect introduction to literature and criticism. *Literature and the Critics* is a book to which students will want to return throughout their courses as they read more widely and encounter new texts and critical voices.
