Virtues and Passions in Literature Anna-Teresa Tymieniecka, 2007-11-10 The Human Condition prompts our creative strivings beyond the natural round of life toward outstanding achievements This book explains how the emergence of Human Condition lifts natural endowment of the individual to the level of excellence It shows how natural forces and promptings of life transmute through creative Human Condition subliminal passions of the soul into innumerable streaks of spiritual significance

Art Inspiring Transmutations of Life Patricia Trutty Coohill, 2010-09-02 Although the creative impulse surges in revolt against everyday reality breaking through its confines it makes pacts with that reality's essential laws and returns to it to modulate its sense In fact it is through praxis that imagination and artistic inventiveness transmute the vital concerns of life giving them human measure But at the same time art's inspiration imbues life with aesthetic sense which lifts human experience to the spiritual Within these two perspectives art launches messages of specifically human inner propulsions strivings ideals nostalgia yearnings prosaic and poetic profane and sacral practical and ideal while standing at the fragile borderline of everydayness and imaginative adventure Art's creative perduring constructs are intentional marks of the aesthetic significance attributed to the flux of human life and reflect the human quest for repose They mediate communication and participation in spirit and sustain the relative continuity of culture and history

Destiny, the Inward Quest, Temporality and Life Anna-Teresa Tymieniecka, 2011-04-20 There is no greater gift to man than to understand nothing of his fate declares poet philosopher Paul Valéry And yet the searching human being seeks ceaselessly to disentangle the networks of experiences desires inward promptings personal ambitions and elevated strivings which directed his/her life course within changing circumstances in order to discover his sense of life Literature seeks in numerous channels of insight the dominant threads of the sense of life the inward quest the frames of experience in reaching the inward sources of what we call destiny inspired by experience and temporality which carry it on This unusual collection reveals the deeper generative elements which form sense of life stretching between destiny and doom They escape attention in their metamorphic transformations of the inexorable irreversibility of time which undergoes different interpretations in the phases examining our life Our key to life has to be ever discovered anew

Beauty's Appeal International Society for Phenomenology, Fine Arts, and Aesthetics. Conference, 2008 Beauty fulfils human existence As it registers in our aesthetic experience beauty enhances nature's enchantment around us and our inward experience lifting our soul toward moral elevation This collection of art explorations seeks the elemental ties of the Human Condition It endeavors to explain the relation of beauty and human existence and explores the various aspects of beauty
