Visioen En Werkelijkheid De Illegale Pers Over De Toekomst Der Samenleving:

Visions of Empire in the Nazi-Occupied Netherlands Jennifer L. Foray, 2012 *Visions of Empire in the Nazi Occupied Netherlands* is a study of empire occupation and decolonization and uncovers Nazi occupied Netherlands **Nazi Europe and the Final Solution** David Bankier, Israel Gutman, 2009 In recent years scholars and researchers have turned their attention to the attitudes of ordinary men and women A during the period of the persecution of the Jews in occupied Europe This comprehensive work addresses the disturbing question of how people reacted when their neighbours were ostracized humiliated deported and later murdered *Continental Plans for European Union 1939-1945* Walter Lipgens, Wilfried Loth, 2019-11-05 No detailed description available for Continental Plans for European Union 1939 1945 *Britain and the Netherlands* A. C. Duke, 2012-12-06 War has ever exercised a great appeal on men s minds Oscar Wilde s witticism notwithstanding this fascination cannot be attributed simply to the wicked character of war The demonic forces released by war have caught the artistic imagination while sages have reflected on the enigmatic readiness of each new generation to wage war despite the destruction disillusion and exhaustion that war is known to bring in its train If there never was a good war and a bad peace why did armed conflicts recur with such distressing regularity Was large scale violence an intrinsic condition of Man The answers given to such questions have differed widely it has even been suggested that the states of war and peace are not as far removed from one another as is usually supposed The causes of war and the interaction between war and society have long been the subject of philosophical enquiry and historical analysis According to Thucydides no one was ever compelled to go to war Cicero remarked how dumb were the laws in time of war while Clausewitz s profound observation concerning the affinity between war and politics has become almost a commonplace War being the severest test a society or state can experience historians have naturally been concerned to investigate their relationship Spirit of Resistance Jeroen Dewulf, 2010 The first book to offer a complete story of the extraordinary proliferation of Dutch clandestine literature under the Nazi occupation Clandestine literature was published in all countries under Nazi occupation but nowhere else did it flourish as it did in the Netherlands This raises important questions What was the content of this literature What were the risks of writing printing selling and buying it And why the Netherlands Traditionally the combative Dutch spirit of resistance has been cited a reaction not only to German oppression but to German propaganda while the Germans hoped to build bonds with their Germanic Dutch brothers clandestine literature insisted on their incompatibility However when reading clandestine literature one should not forget that this spirit of resistance came rather late and did not prevent the transportation of seventy three percent of the Netherlands Jewish population to Nazi death camps the largest percentage in Western Europe The Dutch case is complex while the country proved to be remarkably resistant to Nazi propaganda little was done to prevent the actual execution of Nazi policies The complete story of Dutch clandestine literature therefore combines resistance and complicity victory and defeat pride and shame Jeroen Dewulf is Queen Beatrix Professor of Dutch

Western Europe's Democratic Age

Martin Conway, 2022-06-14 A major new history of how democracy became the dominant political force in Europe in the second half of the twentieth century What happened in the years following World War II to create a democratic revolution in the western half of Europe In *Western Europe's Democratic Age* Martin Conway provides an innovative new account of how a stable durable and remarkably uniform model of parliamentary democracy emerged in Western Europe and how this democratic ascendancy held fast until the latter decades of the twentieth century Drawing on a wide range of sources Conway describes how Western Europe's postwar democratic order was built by elite intellectual and popular forces Much more than the consequence of the defeat of fascism and the rejection of Communism this democratic order rested on universal male and female suffrage but also on new forms of state authority and new political forces primarily Christian and social democratic that espoused democratic values Above all it gained the support of the people for whom democracy provided a new model of citizenship that reflected the aspirations of a more prosperous society This democratic order did not however endure Its hierarchies of class gender and race which initially gave it its strength as well as the strains of decolonization and social change led to an explosion of demands for greater democratic freedoms in the 1960s and to the much more contested democratic politics of Europe in the late twentieth century *Western Europe's Democratic Age* is a compelling history that sheds new light not only on the past of European democracy but also on the unresolved question of its future

Tot elkaar veroordeeld Martijn Lak, 2015 De economische relaties tussen Nederland en Duitsland zijn sinds de late negentiende eeuw bijzonder intensief Ondanks de verschrikkingen van de Tweede Wereldoorlog en de Duitse bezetting realiseerden politici en ondernemers zich dat Nederland voor zijn wederopbouw afhankelijk was van de grote buur in het Oosten Dat leverde een spagaat op Enerzijds wilde Nederland Duitsland straffen voor het aangerichte leed anderzijds was het bittere noodzaak de economische betrekkingen zo snel mogelijk te normaliseren Herstelbetalingen restitutie en annexatie verdwenen al snel naar de achtergrond De betrekkingen met Duitsland waren zelfs van groter belang voor het Nederlands herstel dan de Marshallhulp Desondanks bleef het beleid ten aanzien van Duitsland lange tijd gekenmerkt door ambivalentie Dit tot grote ergernis van Bonn Maar de Bondsrepubliek kon na 1949 niet zonder de politiek steun van Nederland dat bovendien een belangrijke rol speelde als handelspartner Nederland en Duitsland waren
