Visual Research Methods Image Society And Representation:

Visual Research Methods Gregory C. Stanczak, 2007-03-28 Visual Research Methods Image Society and Representation addresses the growing question in social research of how to critically incorporate visual data and visual methodologies in ways that expand and enhance the researcher's repertoire for understanding and teaching about the social world. Editor Gregory C. Stanczak crisscrosses disciplines in ways that highlight the multiple manifestations of this newer interdisciplinary trend. Beyond methodological interests, the rich diversity of subject matter provides this volume's pedagogical punch. Key Features: Provides a valuable framework for classroom use and comparative analysis. Organized around three themes in visual research methodology: epistemological reflection and theoretical contribution of images; Addresses a wide range of topics. Original and reprinted works by leading qualitative researchers from various fields including Sociology, Education, Political Science, Religion, History, and Gender Studies. Offers a roadmap to common issues and topics. Reader's guide connects different chapters to different conceptual themes and methodological approaches. Presents vivid visual data. Methodologies go beyond photography alone and include video and virtual research. Intended Audience: This is an excellent text for advanced undergraduate and graduate courses in social research across disciplines such as Sociology, Education, Cultural Studies, Anthropology, American Studies, Communications, Gender Studies, and Political Science. Handbook of Research Methods on Human Resource Development Mark N.K. Saunders, Paul Tosey, 2015-07-31 As Human Resource Development (HRD) research has developed, a growing variety of quantitative and qualitative data collection procedures and analysis techniques have been adopted. Research designs now include mono, multiple, and mixed methods. This Hand

Collaborative Ethnography in Business Environments Maryann McCabe, 2016-11-25 In a global and rapidly changing commercial environment, businesses increasingly use collaborative ethnographic research to understand what motivates their employees and what their customers value. In this volume, anthropologists, marketing professionals, computer scientists, and others examine issues, challenges, and successes of ethnographic cooperation in the corporate world. The book argues that constant shifts in the global marketplace require increasing multidisciplinary and multicultural teamwork in consumer research and organizational culture. It addresses the need of corporate ethnographers to be adept at reading and translating the social constructions of knowledge and power in order to contribute to the team process of engaging research participants, clients, and stakeholders. It reveals the essentially dynamic process of collaborative ethnography, shows how multifunctional teams design and carry out research, communicate findings, and implications for organizational objectives, and craft strategies to achieve those objectives to increase the vibrancy of economies, markets, and employment rates worldwide.

Handbook of Research Methods for Marketing Management Nunkoo, Robin, Teeroovengadum, Viraiyan, Ringle, Christian M., 2021-10-22 Taking a multidisciplinary approach, this comprehensive Handbook comprises contributions from international researchers of diverse educational and research backgrounds.
