Women Have Not Lost Yet:

Church Fathers, Independent Virgins Joyce E. Salisbury, 1992-11-17 This startling study of early Christian attitudes toward sexuality begins with an account of the different stances adopted by the Church from the Early Fathers view that sex and the female body were irredeemably unholy to Augustine's contention that sex was natural but lust was evil While the Church Fathers struggled to reach consistent theoretical conclusions the underlying conflation of women with sex meant that patristic statements on chastity virginity and marriage effectively read as ecclesiastical law governing women's conduct Joyce Salisbury explains the relationship between Church doctrine and the position of women by placing these official views alongside an ascetic tradition which resisted the constraints imposed by sexual intercourse Through an examination of texts of female and popular authorship and the extraordinary lives of seven women saints including the transvestites Castissima and Pelagia she presents a markedly different picture of sexual and social roles For many of these women celibacy became a form of emancipation Church Fathers Independent Virgins bears witness to the entrenched power of the Church to oppress the continuing power of women to overcome and the enduring effects of medieval sexual attitudes **How to Make It as a Woman** Alison Booth, 2004-11-25 Publisher Description *Littell's Living Age*, 1854 *The Spectator*, 1840

Chambers's Journal of Popular Literature, Science and Arts, 1873 *Better Business*, 1920 *Lean's Collectanea* Vincent Stuckey Lean, 1903 *Fraser's Magazine for Town and Country*, 1854 **Competing Ideologies in Greek Culture, Ancient and Modern** Evy Johanne Håland, 2019-04-04 By using both modern and ancient sources this volume explores the relationship between official religion and popular belief in Greece as illustrated by the relations between competing ideologies or the relationship between ideology and mentality It shows that the communicative aspect of the religious festival is central and allows the reader to get to know other sides of Greece than the picture that today dominates the news resulting from the economic crisis with which the county has struggled for several years **The Nation**, 1884
