Women Poets Of Japan Women Poets Of Japan:

Women Poets of Japan Kenneth Rexroth, 1982 From early as the seventh century up to the present day no other has had so many important women poets as Japan *The Burning Heart* Kenneth Rexroth, 1977 **Japanese Women Poets: An Anthology** Hiroaki Sato, 2014-12-18 Throughout history Japanese women have excelled in poetry from the folk songs of the Kojiki Record of Ancient Matters compiled in 712 and the court poetry of the 9th to the 14th centuries on through the age of haikai and kanshi to the 19th century into the contemporary period when books of women's poems have created a sensation This anthology presents examples of the work of more than 100 Japanese women poets arranged chronologically and of all the major verse forms choka tanka haikai haiku kanshi verse written in Chinese and free verse The poems describe not just seasonal changes and the vagaries of love which form the thematic core of traditional Japanese poetry but also the devastations of war childbirth conflicts between child rearing and work experiences as refugees experiences as non Japanese residents in Japan and more Sections of poetry open with headnotes and the editor has provided explanations of terms and references for those unfamiliar with the Japanese language Other useful tools include a glossary of poetic terms a chronology and a bibliography that points the reader toward other works by and about these poets There is no comparable collection available in English Students and anyone who appreciates poetry and Japanese culture will treasure this magnificent anthology Editor and translator Hiroaki Sato is a past winner of the PEN America translator prize and the Japan United States Friendship Commission's 1999 literary translation award **Poet to Poet** Rina Kikuchi, Jen Crawford, 2017-09 Ten contemporary women poets from Japan translated by a group of poets and translators The aim of this project has been to translate or transform poems originally written in Japanese into poems that live and breathe as poems in English Poetry from ARAI TAKAKO ISHIKAWA ITSUKO ITO HIROMI HIRATA TOSHIKO KAWAGUCHI HARUMI KONO SATOKO MISAKI TAKAKO MISUMI MIZUKI NAKAMURA SACHIKO YAMASAKI KAYOKO Three Women Poets of Modern Japan Akiko Yosano, 1927 Women Poets of Japan Kenneth Rexroth, 1977 **A Long Rainy Season** Leza Lowitz, Miyuki Aoyama, Akemi Tomioka, 1998-07-01 Winner of the 1995 Benjamin Franklin Award this is a landmark anthology of traditional short verse In haiku and tanka fifteen Japanese women poets reveal universal female themes through the lens of a challenging spiritual and physical Japanese environment Far Beyond the Field Makoto Ueda, 2003 Far Beyond the Field is a first of its kind anthology of haiku by Japanese women collecting translations of four hundred haiku written by twenty poets from the seventeenth century to the present By arranging the poems chronologically Makoto Ueda has created an overview of the way in which this enigmatic seventeen syllable form has been used and experimented with during different eras At the same time the reader is admitted to the often marginalized world of female experience in Japan revealing voices every bit as rich and colorful and perhaps even more lyrical and erotic than those found in male haiku Listen for instance to Chiyojo who worked in what has been long thought of as the dark age of haiku during the eighteenth century but who composed

exquisitely fine poems tracing the smallest workings of nature Or Katsuro Nobuko who wrote powerfully erotic poems when she was widowed after only two years of marriage And here too is a voice from today Mayuzumi Madoka whose meditations on romantic love represent a fresh new approach to haiku Women Writers of Meiji and Taisho Japan Yukiko Tanaka, 2015-11-16 After centuries of repression of the female voice in literature the Meiji 1868 1912 and Taisho 1912 1926 periods in Japanese history saw important changes in both the way women wrote and the way they were read However even the most accepted female writers of these two eras were judged by criteria different from those applied to men and only the most conservative were praised by the male critics This study of the women who wrote in the modern era examines both famous and now obscure writers within the context of their moments in time and their influence on later generations of Japanese women writers Arranged chronologically the book covers the pioneering women of the early Meiji period the ethos of reactionary conservatism the romantic movement in poetry women writers of the naturalist school Taisho liberalism and the new era of literary women An introduction outlines the various schools of Japanese female writers during the late nineteenth and early twentieth centuries as well as the social and cultural trends that helped produce them The text is appropriate for both well read scholars of Japanese literature and newcomers to the works of the fair ladies of the back chamber as these creative and driven writers were once called *Other Side River* Leza Lowitz, 1995 The second stunning volume of modern Japanese women poets
