Women's America Linda K. Kerber, 2016 Featuring a mix of primary source documents articles and illustrations Women's America Refocusing the Past has long been an invaluable resource Now in its eighth edition the book has been extensively revised and updated to cover recent developments in U S women's history *Women's America* Linda K. Kerber, 2016 Featuring a mix of primary source documents articles and illustrations Women's America Refocusing the Past has long been an invaluable resource Now in its eighth edition the book has been extensively revised and updated to cover recent developments in U S women's history *Maxine Hong Kingston's Broken Book of Life* Maureen Sabine, 2004-02-29 The numerous studies of Maxine Hong Kingston's touchstone work *The Woman Warrior* fail to take into account the stories in *China Men* which were largely written together with those in *The Woman Warrior* but later published separately Although Hong Kingston's decision to separate the male and female narratives enabled readers to see the strength of the resulting feminist point of view in *The Woman Warrior* the author has steadily maintained that to understand the book fully it was necessary to read its male companion text Maureen Sabine's ambitious study of *The Woman Warrior* and *China Men* aims to bring these divided texts back together with a close reading that looks for the textual traces of the father in *The Woman Warrior* and shows how the daughter narrator tracks down his history in *China Men* She considers theories of intertextuality that open up the possibility of a dynamic interplay between the two books and suggests that the Hong family women and men may be struggling for dialogue with each other even when they appear textually silent or apart *Official Gazette of the United States Patent and Trademark Office*, 1995 *Voices of the Women's Health Movement, Volume 2* Barbara Seaman, Laura Eldridge, 2012-02-14 An unprecedented and definitive collection of rabble rousing writings on women's health *Voices of the Women's Health Movement* explores a range of provocative topics from reproductive rights to sexuality to motherhood Trail blazing advocate Barbara Seaman and health activist Laura Eldridge bring the revolutionary ideas of several generations together in this powerful new book celebrating women's bodies and women's voices The more than two hundred contributors include Jennifer Baumgardner Susan Brownmiller Phyllis Chesler Angela Y Davis Barbara Ehrenreich Germaine Greer Shulamith Firestone Charlotte Perkins Gilman Erica Jong Molly Haskell Shere Hite Susie Orbach Judith Rossner Alix Kates Shulman Gloria Steinem Sojourner Truth Rebecca Walker Naomi Wolf and many others With *Voices of the Women's Health Movement* for the first time every woman and girl can experience in one place the powerful history of stirring words and strong female perspectives that have inspired countless women to take control of their health and their lives Volume Two highlights include influential writings on sex rape and violence against women body image informed consent self help gynecology patient advocacy and the mind body connection **Arts & Humanities Citation Index**, 1997 *Reading Becomes a Necessity of Life* William J. Gilmore, 1992-08 Gilmore history Stockton State College is concerned with the half century following independence during which rural New England changed from a traditional agricultural region

into a commercialized one He examines the links among cultural social and economic aspects of this transformation an ingredient of which was an ideological commitment to reading and learning Annotation copyrighted by Book News Inc Portland OR

Jones-Rogers, 2020-01-07 Winner of the Los Angeles Times Book Prize in History A bold and searing investigation into the role of white women in the American slave economy Compelling Renee Graham Boston Globe Stunning Rebecca Onion Slate Makes a vital contribution to our understanding of our past and present Parul Sehgal New York Times Bridging women s history the history of the South and African American history this book makes a bold argument about the role of white women in American slavery Historian Stephanie E Jones Rogers draws on a variety of sources to show that slave owning women were sophisticated economic actors who directly engaged in and benefited from the South s slave market Because women typically inherited more slaves than land enslaved people were often their primary source of wealth Not only did white women often refuse to cede ownership of their slaves to their husbands they employed management techniques that were as effective and brutal as those used by slave owning men White women actively participated in the slave market profited from it and used it for economic and social empowerment By examining the economically entangled lives of enslaved people and slave owning women Jones Rogers presents a narrative that forces us to rethink the economics and social conventions of slaveholding America
