Unraveling Aids The Independent Science And Promising Alternative Therapies:

Unraveling AIDS Mae-Wan Ho, 2005 Although billions of dollars are being spent to find a cure for AIDS and many drugs are now available for its treatment millions of people worldwide continue to suffer and die from this disease Unraveling AIDS is a timely and well researched book that addresses a wide range of issues regarding the AIDS pandemic Perhaps most important the authors explore alternative therapies that appear to be safer more effective and less costly than the current generation of AIDS pharmaceuticals *Encouraging and Supporting Student Inquiry* Harriet S. Selverstone, 2007-09-30

Assignments that engage students in inquiry topics of their own choosing contribute to motivation and thus to learning Very often the topics chosen particularly by high school students are considered controversial by school administration parents community organizations and others This practical book discusses the processes actions and policies needed to support and encourage high school students in that type of inquiry Building trusting relationships over time with administration and the school community will be stressed as a way to build a community of true inquiry in your school and library Classroom teachers and high school librarians will value the advice and scaffolding techniques presented that will enable their school and high school library to become a safe place for student inquiry into issues of their own choosing controversial or not The author draws on her 30 plus years as a high school librarian deeply concerned with the intellectual freedom of the researchers in her library media center and with offering help and reassurance to those trying to implement school library programs that allow all voices to be heard Grades 9 12 **Science in Society 57** Dr. Mae-Wan Ho, Prof. Peter Saunders, Dr. Eva Sirinathsinghji, 2013-02-18 In this issue From the Editors Hazardous Virus Gene Discovered in GM Crops after 20 Years Freeing the World from GMOs Potentially Dangerous Virus Gene Hidden in Commercial GM Crops GM Antibiotic Resistance in China's Rivers Saving Water Water Not Fit to Drink Using Water Sustainably How Farmers Can Protect Water Quality Replenish Aquifers Save the Soil Illicit Drugs in Drinking Water Colours of Water Programme ISIS commentary Liberating Science Imagination Health Watch Fructose Overeating Fuelling the Obesity Epidemic Technology Watch Fracking for Shale Gas ISIS Lecture Life is Water Electric Part I Electrodynamics Life Field Body Electric Part II Quantum Coherent Liquid Crystalline Water is Life Field Body Electric **Science in Society 52** Dr. Mae-Wan Ho, Prof. Peter Saunders, Dr. Eva Sirinathsinghji, 2011-11-14 In this issue From the Editors Global Diabetes Epidemic Rages On Diabetes Epidemic New Diabetes Drug Cancer Risk Diabetes New Cures from Old Foods Treating Diabetes with a Glucagon like Peptide Art science Essay A Scientist's Earth Music Truth Beauty Golden Mean Wins Chemistry Nobel Prize Physics of Organisms Membrane Potential Rules Genes Don't Generate Body Patterns Liquid Crystalline Morphogenetic Field Electronic Induction Animates the Cell Protein's Secret Water Music in Nanospace Letters to the Editor Freeing the World from GMOs GM Feed Toxic New Meta Analysis Reveals Glyphosate Monarch Butterfly Decline Bt Resistant Rootworm Spreads USDA APHIS Creeping towards Regulatory Shutdown Nina Fedoroff Misfires at EPA's Modest Proposal New Physics The Z Theory of Everything Technology
