India, 1913** *Bureaucracy, Community and Influence in India* William Gould, 2010-11-12 Offering a fresh approach to the issue of government and administrative corruption through everyday citizen interactions with the state this book explores changing discourses and practices of corruption in late colonial and early independent Uttar Pradesh India The author moves away from assumptions that the state can primarily be associated with the top levels of government and looks at citizens approaches to local level bureaucracies and police The central argument of the book is that deeply institutionalised corruption in India could only have come about through the exercise of particular long term customs of interaction between

agencies of the state government servants and police and their interactions with local politicians Because the social hierarchies that condition such interactions are complicated by individual and family connections to state employment periods of traumatic state transformation lead to a reconfiguration in the meaning of corruption in the local state Based on principal primary sources and extensive field interviews this book will be of interest to academics working on political science and Indian and South Asian history National Union Catalog ,1978
