

THE UNIVERSITY

Established under the U.P. State Universities Act (1973), then named as Garhwal University was founded in December 1973. It was rechristened in 1989 as Hemvati Nandan Bahuguna Garhwal University. Today this University is amongst the ten largest University of the country with 3 campuses and more than 180 affiliating colleges and institutions (both state run and self-financed). Since its inception, despite the limited resources and various geographical constraints, the University has charted a course of growth and development, to gain recognition as one of the better universities in India. As a mark of appreciation for its academic achievements, HNB Garhwal University was upgraded as a Central University under the Central Universities Act, 2009.

The University is located at Srinagar (105 kms from Rishikesh) on the banks of river Alaknanda, one of the major tributaries of river Ganga. The serene environment presents a near perfect setting for intellectual pursuits. With its three campuses: Birla Campus at Srinagar (Garhwal), BGR Campus at Pauri and SRT Campus at Badshahi Thaul the University offers a vast variety of courses and academic programmes through its 14 schools. HNB Garhwal University remains an institution founded with a vision of fostering meaningful

State Capture Alex Hertel-Fernandez, 2019-01-03 Most Americans pay little attention to the massive number of elections that occur at the state level every year Yet cumulatively a party's success in state level races across the country can produce major shifts in policymaking and governance That is precisely what has happened in the US since 2010 In a wave election that year the Republican Party began their ascendancy in state level elections and by 2016 had solidified their dominance The party now fully controls 25 state legislatures and governorships one of the largest advantages either party has had since the New Deal After the GOP wave a broad swathe of states began considering and enacting a near identical set of conservative priorities often even using the exact same text Where did this flood of new legislation come from How did so many states arrive at the same proposals at precisely the same time As Alexander Hertel Fernandez shows in the eye opening *State Capture* the answer can be found in a trio of powerful interest groups the Koch Brothers run Americans for Prosperity AFP the American Legislative Exchange Council ALEC and the State Policy Network SPN Drawing from an impressive evidence base Hertel Fernandez explains how since the 1970s conservative activists wealthy donors and big businesses constructed a right wing troika of overlapping and influential lobbying groups But it is about more than this It also teases out how conservative corporate mobilization has fostered epochal shifts in the American political economy the decline of unions party polarization and the skyrocketing concentration of wealth *State Capture* will be essential reading for anyone interested in understanding contemporary American politics

Teacher Education in Diverse Settings Larry Prochner, Ailie Cleghorn, Anna Kirova, Christine Massing, 2016-09-27 *Teacher Education in Diverse Settings* presents a study of initial educator preparation in three social contexts a training program for immigrant child care educators in Canada a pre and lower primary specialization in a teacher education program in Namibia and a partnership between the Misak indigenous communities in Colombia and the University of Cauca to deliver courses for educators within their communities In each setting the book explores the relationships between indigenous ways of thinking and western discourse in reference to the preparation of educators whether they be teachers community leaders or newly arrived immigrants in Canada In each case the authors focus is on the tensions between the local understandings and global ideas and the creation of space for diverse but intersecting worldviews The book's goal is to investigate ways that teacher educators parents and communities can better prepare children for the realities of schooling while preserving the integrity of local norms and values through educator preparation programs

Sharma, 2024-04-26 This book provides a comprehensive look into China's emerging cyberspace strategy. It highlights the prime drivers of China's desire to be a cyber superpower and discusses the ways in which China is turning resources into cyber power. The book analyses China's domestic cyber policy initiatives, strategy documents, censorship measures, and the rationale behind its strong advocacy for sovereignty in cyberspace. It examines China's position on the prominent issues of cyberspace governance, norms, and security in cyberspace, and key diplomatic initiatives. The book also discusses next generation networks, artificial intelligence, quantum information sciences, and cyber warfare. An important contribution to the study of China's cyber policy, the book will be of interest to students and researchers of international relations, Chinese digitalisation, security studies, Chinese politics, international security, Chinese foreign policy, and Chinese economy. It will also be useful to the policymakers and corporate professionals engaged with China's digital sphere. **Final Report of Findings**

and Recommendations New York (State). Commission on Higher Education, 2008 Intergovernmental Relations in the UK Marius Guderjan, 2023-06-01 Intergovernmental Relations in the UK provides a timely and up-to-date analysis of a turbulent decade in British politics and presents a fascinating case study of intergovernmental relations and territorial power in a devolved unitary state. As over time a widening range of powers has been transferred from the Westminster Parliament to the devolved legislatures in Scotland, Wales, and Northern Ireland, intergovernmental relations have become increasingly important to deal with the corresponding overlaps of legislative and fiscal authority. However, leaving the European Union has exposed the weakness of the intergovernmental architecture and challenged the functionality of the UK's multilevel polity. Until now, the question of how powerful the devolved administrations really are has not been satisfactorily answered. The author uses insights from comparative studies of federations to develop a systematic account of shared rule and intergovernmental relations. This book examines how informal institutions and practices can provide political influence beyond formal structures, with reference to an extensive range of institutions, practices, policies, and political decisions. Unlike other studies focused predominantly on the state of the Union, this volume points to the interplay between conflict and cooperation and demonstrates that the proclaimed break-up of the Union is accompanied by efforts to integrate the different jurisdictions. This book will be of interest to scholars and postgraduate students of comparative politics, political systems, multilevel governance, regional and federal studies, British politics, and public administration. It will also appeal to politicians, government advisers, civil servants, and other practitioners who seek a better, more nuanced understanding of the UK's multilevel constitution and politics and the nature of intergovernmental relations in the UK. *Mutual Fund Sourcebook*, 1990 *Catalogue of the Library of the Graduate School of Design, Harvard University* Harvard University.
