

The background of the entire image is a grayscale photograph of a dense forest. The trees are mostly without leaves, with their intricate branch structures visible against a hazy, misty sky. In the lower center of the image, a small, dark silhouette of a person stands on a path, looking towards the viewer. The overall mood is mysterious and somber.

than fifteen years Lyme disease is one of the fastest growing infectious diseases in the United States and millions of people worldwide suffer from its shape shifting symptoms Now in The Lyme Solution Dr Darin Ingels shares his revolutionary approach to treating and healing acute and chronic Lyme Drawing on his experience as a naturopathic physician who has treated thousands of cases and as a patient Ingels reveals that Lyme is an autoimmune disease as much as it is an infection Conventional treatments too often rely on toxic doses of antibiotics that weaken your body and worsen symptoms instead of boosting your ability to fight for your health Including the latest research about the diagnosis and treatment of Lyme Ingels s uniquely holistic approach provides a path to wellness by fortifying the microbiome enhancing the immune system and strengthening the body s ability to heal from within The Lyme Solution offers a simple five step plan including the most effective early treatment and prevention measures to avoid contracting the disease or stop it in its tracks an Immune Boosting Diet and list of herbal supplements that will increase immunity and reduce inflammation guidelines for when and how to use antibiotics as an effective part of your treatment plan tools to identify and eliminate conditions that mimic Lyme disease or exacerbate your symptoms Whether you are facing acute or chronic Lyme or undiagnosed autoimmune symptoms the natural whole body approach of The Lyme Solution will help you permanently recover your health and reclaim your life

Toxic Neil Nathan,2018-10-09 Millions of people are suffering from chronic illnesses that unbeknownst to them are the result of exposure to environmental toxins and infectious agents such as mold and Borrelia which causes Lyme disease Millions Because the symptoms of these illnesses are so varied and unusual many of these individuals have sought medical care only to be dismissed as if what they are experiencing is in their head Many if not most have tried to tough it out and continue to function without hope of improvement Unfortunately their illnesses are very real Toxic is a book of hope for these individuals their loved ones and the physicians who provide their care Over many years of helping thousands of patients recover their health even after their previous doctors had given up on them Dr Neil Nathan has come to understand some of the most common causes for these debilitating illnesses which allows for the utilization of more precise and effective forms of treatment The goal of this book is to shed light on these complex illnesses so that suffering patients and their families can get the help they so desperately need Inside you will find Information about how extreme sensitivity and toxicity develop in the body how sensitivity and toxicity differ and how they often overlap Detailed descriptions of each of the five major causes of extreme sensitivity and toxicity mold Bartonella a co infection of Lyme disease mast cell activation porphyria and carbon monoxide poisoning An outline of the cell danger response a revolutionary model developed by Dr Robert Naviaux that explains how the body essentially gets stuck fighting a threat even after the danger has passed A system by system plan for rebooting the body to break the cycle of illness and allow healing to begin Information about coping with stress and embracing an emotional and or spiritual awakening on the path to wellness **Divided Bodies** Abigail A.

Dumes,2020-08-24 While many doctors claim that Lyme disease a tick borne bacterial infection is easily diagnosed and

treated other doctors and the patients they care for argue that it can persist beyond standard antibiotic treatment in the form of chronic Lyme disease In *Divided Bodies* Abigail A Dumes offers an ethnographic exploration of the Lyme disease controversy that sheds light on the relationship between contested illness and evidence based medicine in the United States Drawing on fieldwork among Lyme patients doctors and scientists Dumes formulates the notion of divided bodies she argues that contested illnesses are disorders characterized by the division of bodies of thought in which the patient s experience is often in conflict with how it is perceived Dumes also shows how evidence based medicine has paradoxically amplified differences in practice and opinion by providing a platform of legitimacy on which interested parties patients doctors scientists politicians can make claims to medical truth
